U.S. Marines In Vietnam: The Landing And The Buildup, 1965 Dr. Jack Shulimson,Maj. Charles M. Johnson,2016-08-09

This is the second volume in a series of chronological histories prepared by the Marine Corps History and Museums Division to cover the entire span of Marine Corps involvement in the Vietnam War. This volume details the Marine activities during 1965, the year the war escalated and major American combat units were committed to the conflict. The narrative traces the landing of the nearly 5,000-man 9th Marine Expeditionary Brigade and its transformation into the III Marine Amphibious Force, which by the end of the year contained over 38,000 Marines. During this period, the Marines established three enclaves in South Vietnam's northernmost corps area, I Corps, and their mission expanded from defense of the Da Nang Airbase to a balanced strategy involving base defense, offensive operations, and pacification. This volume continues to treat the activities of Marine advisors to the South Vietnamese armed forces but in less detail than its predecessor volume, *U.S. Marines in Vietnam, 1954-1964; The Advisory and Combat Assistance Era*.

U.S. Marines In Vietnam: The War That Would Not End, 1971-1973 Melson, Charles D.,2018-09-17 *U.S. Marines In Vietnam: The War That Would Not End, 1971-1973* Charles D Melson; Curtis G Arnold;United States. Marine Corps. History and Museums Division.This is the eighth volume of a projected nine-volume history of Marine Corps operations in the Vietnam War. A separate functional series complements the operational histories. This volume details the activities of Marine Corps units after the departure from Vietnam in 1971 of III Marine Amphibious Force, through to the 1973 ceasefire, and includes the return of Marine prisoners of war from North Vietnam. Written from diverse views and sources, the common thread in this narrative is the continued resistance of the South Vietnamese Armed Forces, in particular the Vietnamese Marine Corps, to Communist aggression. This book is written from the perspective of the American Marines who assisted them in their efforts. Someday the former South Vietnamese Marines will be able to tell their own story.

The Book of Wonder Lord Dunsany,2022-01-11 The Book of Wonder (1912) is a short story collection by Lord

Dunsany. Published at the height of his career, *The Book of Wonder* would influence such writers as J. R. R. Tolkien, Ursula K. Le Guin, and H. P. Lovecraft. Recognized as a pioneering author of fantasy and science fiction, Dunsany is a man whose work, in the words of Lovecraft, remains "unexcelled in the sorcery of crystalline singing prose, and supreme in the creation of a gorgeous and languorous world of incandescently exotic vision." *The Book of Wonder*, Dunsany's fifth collection of stories, contains fourteen of his finest tales of fantasy and adventure. In "The Hoard of the Gibbelins," originally published in London weekly *The Sketch*, is the story of Alderic, a Knight of the Order of the City. Courageous and strong, he ventures to the island realm of the Gibbelins, where a horde of treasure is rumored to be held at the base of a treacherous castle. In "Chu-Bu and Sheemish," two idols held in the same ancient temple compete for the adoration of their worshippers. As Chu-Bu and Sheemish attempt more and more astounding miracles, they risk striking fear in the hearts of their superstitious people. Humorous and inventive, Dunsany's tales of high fantasy continue to delight over a century after they first appeared in print. With a beautifully designed cover and professionally typeset manuscript, this edition of Lord Dunsany's *The Book of Wonder* is a classic of Irish fantasy fiction reimagined for modern readers.

This volume details the change in focus of the III Marine Amphibious Force (III MAF), which fought in South Vietnam's northernmost corps area, I Corps. This volume, like its predecessors, concentrates on the ground war in I Corps and III MAF's perspective of the Vietnam War as an entity. It also covers the Marine Corps participation in the advisory effort, the operations of the two Special Landing Forces of the U.S. Navy's Seventh Fleet, and the services of Marines with the staff of the U.S. Military Assistance Command, Vietnam. U.S. Marines In Vietnam: The Bitter End, 1973-1975 Maj. George Ross Dunham, Col. David A. Quinlan, 2016-08-09 This publication represents the ninth volume in an operational and chronological series covering the Marine Corps' participation in the Vietnam War. This particular volume details the final chapter in the Corps' involvement in South-East Asia, including chapters on Cambodia, the refugees, and the recovery of the container ship SS Mayaguez. Although largely written from the perspective of the III Marine Amphibious Force, this volume also describes the roles of the two joint commands operating in the region: the Defense Attaché Office, Saigon, and the United States Support Activities Group, Thailand. Thus, while the volume emphasizes the Marine Corps' role in the events of the period, significant attention also is given to the overall contribution of these commands in executing U.S. policy in South-east Asia from 1973 to 1975. Additionally, a chapter is devoted to the Marine Corps' role in assisting thousands of refugees who fled South Vietnam in the final weeks of that nation's existence.

There are separate chapters on Marine air, artillery, and logistics. An attempt has been made to place the Marine role in relation to the overall effort.

Performance Control in Buyer-Supplier Relationships Konstantin Gebert, 2013-07-12 A company's ability to best exploit performance potentials within buyer-supplier relationships has become a critical success factor in securing competition and improving a company's overall performance. One powerful attempt to meet this challenge can be found in the application of cross-company management accounting approaches in order to execute performance control. However, implementation of suitable mechanisms and execution of control activities across company boundaries – commonly executed by both partners – is often insufficient because actual improvement potentials are not identified correctly. Embedded in a contingency-based research framework, the author combines several statistical methods to empirically analyze causal relationships between performance and contingent performance-determinants. Resulting in a control process-oriented guideline, findings support companies in the design and use of performance control systems in buyer-supplier relationships and open the field for further research.

History of the Sikhs: Evolution of Sikh confederacies, 1708-1769 Hari Ram Gupta, 1999 Illustrations: 2 Maps and 2 Illustrations Description: History of the Sikhs planned as a five-volume survey aiming to present a comprehensive view of the rise, growth and development of Sikh thought and action in every direction. This volume Evolution of Sikh Confederacies 1708-69, is second in the series. The whole series is based on original contemporary sources in Persian, Marathi, Gurumukhi, Urdu, Hindi and English known to exist in India and abroad. The dominating theme of the second volume is the Mughal-Sikh and Sikh-Afghan contest for the lordship of the Punjab. The first period of the struggle between the Mughal Emperors and the Sikhs under Banda Bahadur lasted from 1709 to 1716, when Banda was executed. The second period of conflict was from 1716 to 1753 between the Sikhs and five Mughal viceroys of the Punjab-Abdus Samad Khan, his son Zakariya Khan, his sons Yahya Khan and Shahnawaz Khan and their cousin Muin-ul-Mulk, popularly called Mir Mannu. The third period extended from 1754 to 1768 in the strife against Ahmad Shah Durrani who had annexed the Punjab in 1752. He inflicted the heaviest blows on the Sikhs like the one struck on the Marathas at Panipat in 1761. Having sacrificed about two lakhs of young men in the whole struggle the Sikhs

came out victorious. The two chapters at the end give an account of Mughlani Begam and Adina Beg Khan, the last Muslim viceroys of the Punjab.
