Model Racing Carlo Tonalezzi,2019-04-30 BUILD - RACE - WIN - REPEAT...The Rise & Fall of the Golden Years of Slot Car Racing Explained. Text includes articles from the main magazines of the period. Also includes a Worldwide Racing Directory, listing active slot car raceways from different countries in 5 continents...! By 1966, model-car racing was so popular that it threatened to replace bowling as the nation's favorite indoor sport. For as grand as the outcome, the force that propelled slot-car racing into a national pastime was a simple one: the realism of the original slot cars. The builders and racers of these models knew that the quest for speed should not come at the cost of the way a car looked. Their design was at the heart of their very integrity. In this new effort, author, researcher and slot-car racer Carlo Tonalezzi charts the meteoric rise of this hobby-sport and photographs classic model racing cars in their natural habitat: The commercial racing tracks. Models made by Russkit, AMT, COX, MPC, Monogram, and more are captured on vintage tracks from the American Model Car Raceways. These realistic beauties were made during the Golden Years of Model Racing. True pieces of Americana, they are today as magnificent as ever. Read all about what really happened during this exciting period of model racing bliss!

Historical Stock Car Models Chuck Poi,2016-01-30 Stock car racing history from 1950 through the early '70's with emphasis on the first two eras of factory involvement. Over 60 models of actual stock car racers show how these cars started out as basically stock vehicles and eventually changed to the purpose built race cars by the late '60's. There are three pictures of each car showing the whole vehicle, the engine, and the chassis. Besides NASCAR, there are vehicles that raced in AAA, USAC, ARCA, & IMCA. There are also two cars that raced in the 1952 Mexican Road Race, and two that raced in what was called the Permatex race at Daytona. Many of the models are cars raced by drivers before they became famous. Still other cars are those that were driven by men who never visited victory lane, but still raced to the best level that they and their car were capable of. There is a history of each car and also a narrative describing the model itself. This book pays tribute and recognizes the men that built and raced these cars.
