Wallis Rigby; Paper Model Monarch Charles M Province, 2020-04-16 Wallis Rigby; Paper Model Monarch tells the story of how Mr. Rigby created a small empire in the publishing industry by designing books of Paper Models of airplanes, boats, cars, ships, spaceships, and toys of all kinds. In the 1940s and 1950s the name Wallis Rigby was synonymous with Paper and Card Models; there were two types of paper models back then; Rigby Paper Models and everyone else. This book brings to life the story of Rigby's acumen, talent, art, design, and model construction using examples of all types of the models for which Mr. Rigby was famous.

**Paper Airplanes** David Mitchell, 2006-01-01 Bold and custom-designed, this squadron of paper airplanes includes models both simple and complex, from a basic glider (a particular favorite with bored children everywhere) to a jet fighter that soars straight and stall-free. The brightly illustrated, innovative, and detailed designs make construction easy for anyone: each part of the plane is tackled, starting with the body and moving on to the tail and wings. Plus, to add to the flying fantasy, there are tips on drag and lift for each one, and instructions on how to perform loops, dives, and other show-off stunts.

By Schism Rent Asunder David Weber, 2008-07-22  
The sequel to the New York Times best seller *Off Armageddon Reef* The world has changed. The mercantile kingdom of Charis has prevailed over the alliance designed to exterminate it. Armed with better sailing vessels, better guns and better devices of all sorts, Charis faced the combined navies of the rest of the world at Darcos Sound and Armageddon Reef, and broke them. Despite the implacable hostility of the Church of God Awaiting, Charis still stands, still free, still tolerant, still an island of innovation in a world in which the Church has worked for centuries to keep humanity locked at a medieval level of existence. But the powerful men who run the Church aren't going to take their defeat lying down. Charis may control the world's seas, but it barely has an army worthy of the name. And as King Cayleb knows, far too much of the kingdom's recent good fortune is due to the secret manipulations of the being that calls himself Merlin—a being that, the world must not find out too soon, is more than human. A being on whose shoulders rests the last chance for humanity's freedom. Now, as Charis and its archbishop make the rift with Mother Church explicit, the storm gathers. Schism has come to the world of Safehold. Nothing will ever be the same... in David Weber's *By Schism Rent Asunder*.
