They Never Learn Layne Fargo, 2021-04-20 Two women ... give bad men exactly what they deserve--one an English professor/serial killer who murders the most evil man she knows each year, and the other a lost college freshman seeking vengeance after her best friend is sexually assaulted at a party--

Fuse Hollay Ghadery, 2021-05 Drawing on her own experiences as a woman of Iranian and British Isle descent, writer Hollay Ghadery dives into conflicts and uncertainty surrounding the bi-racial female body and identity, especially as it butts up against the disparate expectations of each culture. Painfully and at times, reluctantly, Fuse probes and explores the documented prevalence of mental health issues in bi-racial women. Fuse has elements of memoir, but does not follow a traditional linear narrative. Rather, the book is a series of 13 meditations that probe different parts of Hollay's fractured biracial experience. Eating and anxiety disorders, self-mutilation, sex, motherhood and the simultaneous allure and rejection of aesthetic beauty, in Fuse, Hollay speaks to the struggle to construct a fluid identity in a world that wants to peg you down: what you are, and are not. While Hollay's experiences are personal, the issues surrounding the bi-racial identity are wide-spread, the number of interracial marriages is increasing every year. A dialogue on the tensions surrounding the female bi-racial mind and body is long overdue.

Sit Down to Rise Up Shelly Tygielski, 2021-10-26 An empowering book on propelling profound social change by going inward, from a mindfulness teacher and activist who has turned personal practice into movements. The practice of self-care is most often touted for its profound mind, body, and spirit benefits. Shelly Tygielski shows that self-care can also be a powerful tool for spurring transformative collective action. In a winning combination of memoir, manifesto, and how-to, Shelly shares her evolution from a Jerusalem-born child of traditional Sephardic Jewish parents to a middle-class American suburban youth who questioned her faith to a young executive in corporate America. As she used radical self-care practices to manage a serious chronic health issue, she had an epiphany: finding true health and peace is not a solo endeavor but one that lives in connection with others. Tygielski considers herself an unlikely meditator, activist, and teacher. But as such, she is uniquely qualified to speak to all today who wonder, "What can I do?" or, "Will my actions even make a difference?" Tygielski's work began as "me" work and transformed into "we" work. In Sit Down to Rise Up, she shows that this is possible for all of us.
