Music Scenes Andy Bennett,Richard A. Peterson,2004 While more than 80 percent of the world's commercial music is controlled by four multinational firms, most music is made and enjoyed in diverse situations divorced from such corporate behemoths. These fourteen original essays examine the fascinating world of music scenes, those largely inconspicuous sites where clusters of musicians, producers, and fans explore their common musical tastes and distinctive lifestyle choices. Although most music scenes come and go with hardly a trace, they nevertheless give immense satisfaction to their participants, and a few - New York bop jazz, Merseybeat, Memphis rockabilly, London punk, Bronx hip-hop - achieve fame and spur musical innovations. To date, serious study of the scenes phenomenon has focused mainly on specific music scenes while paying less attention to recurrent dynamics of scene life, such as how individuals construct and negotiate scenes to the various activities. This volume remedies that neglect. The editors distinguish between three types of scenes - local, translocal, and virtual - which provide the organizing framework for the essays. Aspects of local scenes, which are confined to specific areas, are explored through essays on Chicago blues, rave, karaoke, teen pop, and salsa. The section on translocal scenes, which involve the coming together of scattered local scenes around a particular type of music and lifestyle, includes articles on Riot Grrrls, goths, art music, and anarcho-punk. Aspects of virtual scenes, in which fans communicate via the internet, are illustrated using alternative country, the Canterbury sound, postrock, and Kate Bush fans. Also included is an essay that shows how the social conditions in places where jazz was made influenced that music's development.

**Blabac Photo** ,2009-07-14 It's rad what I do. -Mike Blabac Blabac Photo: The Art of Skateboarding Photography is astunning chronicle of a youth movement as seen through the lens of Mike Blabac, a man who is as dedicated to his craft as he is to the skateboarding lifestyle that inspired it. For millions of people around the world, skateboarding is more than a mere hobby or a sport-it's a way of life that has shaped everything from fashion and music, to videogames and art. Blabac Photo proves that point with 300 awe-inspiring images that communicate the stories and exploits of some of the most creative athletes to ever step on a skateboard including Eric Koston, Stevie Williams, Colin McKay, Rob Dyrdek, and Danny Way. As skateboarding evolved over time, from a hobby for kids on the Venice boardwalk into a global culture, skate legends were born, records were broken, titans of industry materialized-and Mike Blabac was there to document the history of the movement as it developed before his eyes.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Gathered from interviews and other sources, Arsham-isms is a collection of lively, thought-provoking, and memorable quotations from this exciting young creative talent on a wide range of subjects-including art, architecture, film, design, pop culture, the art world, and what it means to be a globally recognized artist today.
