The Dread Wyrms Miles Cameron, 2015-10-20 Some are born to power. Some seize it. And some have the wisdom never to wield it. The Red Knight has stood against soldiers, armies and the might of an empire without flinching. He's fought on real and magical battlefields alike, and now he's facing one of the greatest challenges yet. A tournament. A joyous spring event, the flower of the nobility will ride against each other for royal favor and acclaim. It's a political contest -- one which the Red Knight has the skill to win. But the stakes may be higher than he thinks. The court of Alba has been infiltrated by a dangerous faction of warlike knights, led by the greatest knight in the world: Jean de Vrailly -- and the prize he's fighting for isn't royal favor, but the throne of Alba itself... This is the third book in the Traitor Son Cycle, following on *The Red Knight* and *The Fell Sword*.

The Art of Journey Matthew Nava, Adam Adamowicz, 2012-08-28 Concept drawings created for the computer game Journey.

The Plague of Swords Miles Cameron, 2016-10-25 With more at stake than ever before, The Red Knight faces an uncertain future and is forced to team up with old enemies to defeat a greater evil in the fourth book in the Traitor Son Cycle. One enemy has fallen. But a greater one still remains. Now, it's war. With one army defeated in a victory which will be remembered through the ages, now the Red Knight must fight again. For every one of his allies, there is a corresponding enemy. Spread across different lands, and on sea, it will all come down to one last gamble. And to whether or not the Red Knight has guessed the foe's true intentions. With each throw of the dice, everything could be lost.

The Fell Sword Miles Cameron, 2014-03-11 Miles Cameron weaves a tale of magic and depravity in the sequel to *The Red Knight*. Loyalty costs money. Betrayal, on the other hand, is free. When the Emperor is taken hostage, the Red Knight and his men find their services in high demand -- and themselves surrounded by enemies. The country is in revolt, the capital city is besieged and any victory will be hard won. But the Red Knight has a plan. The question is, can he negotiate the political, magical, real and romantic battlefields at the same time -- especially when he intends to be victorious on them all?

Achtung-Panzer! Heinz Guderian, 1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Stories from the Odyssey Jeanie Lang,2018-01-30 In the days of long ago there reigned over Ithaca, a rugged little island in the sea to the west of Greece, a king whose name was Odysseus. Odysseus feared no man. Stronger and braver than other men was he, wiser, and more full of clever devices. Far and wide he was known as Odysseus of the many counsels. Wise, also, was his queen, Penelope, and she was as fair as she was wise, and as good as she was fair.

She shares a wide-ranging array of spells that have been successful for her—not least how to attract more love, money and luck into your life. With an easy to difficult rating system, she makes it simple for anyone to learn basic spells and then progress. Silja shares meditations—from energy-raising exercises to vision quests and guided meditations you can do with friends—and shows you why rituals are not just for coven use.
