*Stripy Blankets to Crochet* Linssen,2018 Inside this book, Haafner takes her readers on a journey into the world of crocheting stripes. These patterns are relaxing to create (taking readers into a state of what psychologists call 'flow') as they are pleasingly repetitive, can be worked up quickly and don't have lots of ends to sew in. The patterns for the 20 beautiful stripy blankets vary from simple designs that use only the most basic stitches - perfect for an absolute beginner - to more complex creations that use special stitches. Furthermore, each project comes with a written pattern, chart, colour advice and instructions for making it in a variety of sizes, ideal for making presents for little ones as well as your grown-up friends and family! You'll also find all the basic crochet techniques clearly explained if you need to learn or refresh your crochet knowledge.

*SUPER SENTAI: Himitsu Sentai Gorenger The Classic Manga Collection* Shotaro Ishinomori,2021-04-20 Shotaro Ishinomori's classic manga that helped inspire decades of Super Sentai adventures, and later gave rise to the Power Rangers, in English for the first time ever! An evil secret society called the Black Cross Army threatens world peace, and only an elite task force known as the Earth Guard League (EAGLE) can stop them. After the Black Cross Army destroys EAGLE's headquarters across Japan, five young recruits survive. Hiding in a secret underground base, they are given enhanced battlesuits that empower them with superhuman abilities, transforming the youths into an unstoppable squad to combat evil. Tied to the first Japanese Super Sentai tokusatsu TV series ever made, this genre-defining work laid the groundwork for decades of such adventures, including the wildly popular Power Rangers franchise in North America. Read Shotaro Ishinomori's original manga adaptation of Himitsu Sentai Gorenger in this beautiful hardcover collection.

**The Bear Who Stared** Duncan Beedie,2017-06-01 A funny and charming picture book with heart from rising star Duncan Beedie - now shortlisted for the Waterstones Children's Book Prize 2017. There once was a bear who liked to stare... and stare... and STARE. Bear doesn't mean to be rude, he's just curious but too shy to say anything. But nobody likes being stared at and it soon gets Bear into trouble. Luckily a goggly-eyed frog helps Bear realise that sometimes a smile is all you need to turn a stare into a friendly hello.

**The Last Chip** Duncan Beedie,2018-02-22 Percy is a little pigeon, and he's very hungry. Every time he tries to get hold of a scrap of food, bigger, beefier birds bat him away. He's about to give up when someone offers him her very last chip. A moving and uplifting story. A percentage of royalties of the UK edition will go to a homeless charity.

I Really Really Need a Wee Karl Newson,2020

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**If Anything Happens I Love You** Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from "above" as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose's soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

*Achtung-Panzer!* Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

He and his protectors begin their Tapasya to please their creator, 'Garuda - The King of Birds' for grace and to defend them from the followers of Lord Darkness. The Creator pleases and boon them with the hidden secrets, and also, reminds them to do some karma so that they can own the hidden secrets. In the middle of a battle, the Shatapathans find one of their protectors who had disappeared with King Aryan for so many years. The protector sends Yuga with them. It's a journey of Yuga exploring the hidden secrets.

**The Mystery of the Crimson Ghost** Phyllis A. Whitney,1969 While spending the summer in the country, a young girl falls in love with the neighbor's horse, but her attempts to befriend the mare are thwarted by mysterious events involving a crimson ghost-dog and the horse's crazy owner.

*Killer* Thomas E. Gaddis,James O. Long,1970 In 1929, while serving a 25-year sentence for burglary, Carl Panzram bludgeoned a fellow inmate with an iron bar and was sentenced to death. On death row at Leavenworth Prison Panzram wrote his life story, or autobiography, through a series of letters to Henry Lesser, a guard he befriended. Here he sets down a detailed description of his criminal exploits, including 21 murders, his upbringing in correctional facilities for juvenile delinquents (where he was severely beat and tortured for petty infractions) and time as an adult incarcerated in places as varied as Leavenworth to county jails.

**Power Ambition Glory** Steve Forbes,John Prevas,2010-06-01 Based on an extraordinary collaboration between Steve Forbes, chairman, CEO, and editor in chief of Forbes Media, and classics professor John Prevas, Power Ambition Glory provides intriguing comparisons between six great leaders of the ancient world and contemporary business leaders. • Great leaders not only have vision but know how to build structures to effect it. Cyrus the Great did so in creating an empire based on tolerance and inclusion, an approach highly unusual for his or any age. Jack Welch and John Chambers built their business empires using a similar approach, and like Cyrus, they remain the exceptions rather than the rule. • Great leaders know how to build consensus and motivate by doing what is right rather than what is in their self-interest. Xenophon put personal gain aside to lead his fellow Greeks out of a perilous situation in Persia-something very similar to what Lou Gerstner and Anne Mulcahy did in rescuing IBM and Xerox. • Character matters in leadership. Alexander the Great had exceptional leadership skills that enabled him to conquer the eastern half of the ancient world, but he was ultimately destroyed by his inability to manage his phenomenal success. The corporate world is full of similar examples, such as the now incarcerated Dennis Kozlowski, who, flush with success at the head of his empire, was driven down the highway of self-destruction by an out-of-control ego. • A great leader is one who challenges the conventional wisdom of the day and is able to think out of the box to pull off amazing feats. Hannibal did something no one in the ancient world thought possible; he crossed the Alps in winter to challenge Rome for control of the ancient world. That same innovative way of thinking enabled Serge Brin and Larry Page of Google to challenge and best two formidable competitors,

Microsoft and Yahoo! • A leader must have ambition to succeed, and Julius Caesar had plenty of it. He set Rome on the path to empire, but his success made him believe he was a living god and blinded him to the dangers that eventually did him in. The parallels with corporate leaders and Wall Street master-of-the-universe types are numerous, but none more salient than Hank Greenberg, who built the AIG insurance empire only to be struck down at the height of his success by the corporate daggers of his directors. • And finally, leadership is about keeping a sane and modest perspective in the face of success and remaining focused on the fundamentals-the nuts and bolts of making an organization work day in and day out. Augustus saved Rome from dissolution after the assassination of Julius Caesar and ruled it for more than forty years, bringing the empire to the height of its power. What made him successful were personal humility, attention to the mundane details of building and maintaining an infrastructure, and the understanding of limits. Augustus set Rome on a course of prosperity and stability that lasted for centuries, just as Alfred Sloan, using many of the same approaches, built GM into the leviathan that until recently dominated the automotive business.
