Night of the Crash Test Dummies Gary Larson,1989-09-14 The ninth collection of THE FAR SIDE.

If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, If Anything Happens I Love You is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. If Anything Happens I Love You may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.

Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Killing Pretty Richard Kadrey,2015-07-28 Sandman Slim investigates Death’s death in this hip, propulsive urban fantasy through a phantasmagoric LA rife with murder, mayhem, and magic. James Stark has met his share of demons and angels, on earth and beyond. Now, he’s come face to face with the one entity few care to meet: Death. Someone has tried to kill Death—ripping the heart right out of him—or rather the body he’s inhabiting. Death needs Sandman Slim’s help: he believes anyone who can beat Lucifer and the old gods at their own game is the only one who can solve his murder. Stark follows a sordid trail deep into LA’s subterranean world, from vampire-infested nightclubs to talent agencies specializing in mad ghosts, from Weimar Republic mystical societies to sleazy supernatural underground fight and sex clubs. Along the way he meets a mysterious girl—distinguished by a pair of graveyard eyes—as badass as Slim: she happens to be the only person who ever outwitted Death. But escaping her demise has had dire consequences for the rest of the world . . . and a few others. For years, Slim has been fighting cosmic forces bent on destroying Heaven, Hell, and Earth. This time, the battle is right here on the gritty streets of the City of Angels, where a very clever, very ballsy killer lies in wait.

The Himmler Brothers Katrin Himmler,2012-05-31 Katrin Himmler's cool but meticulous examination of the Himmler story reveals – in all its dark complexity – the gulf between the ‘normality’ of bourgeois family life and the horrors perpetrated by one member. This riveting family memoir provides essential new information on the private life and background of one of the twentieth- century's most notorious killers – not a lone evil executioner, but a middle-class family man, loved and fully supported by his respectable German family. It also offers a unique account of one women's courageous attempt to deal with her chilling inheritance. ‘It is part of the creeping discomfort in reading her book to realise the incredibly ordinary middle-class background of these three sons of a rather pompous provincial headmaster and to see how, right until the end, he was almost able to convince himself it hadn't happened like it had' Sunday Times ‘You get a vivid sense of a particular kind of German conservatism - Roman Catholic, monarchist - and of how, weirdly, it found an outlet in the upstart, part-pagan thuggery of Nazism’ Independent ‘One can only admire her bravery . . . In a way, Katrin Himmler's book is not a story about the past, but one about the present. The most interesting details are the ones she gives of her own quest’ Daily Telegraph
