Achtung-Panzer! Heinz Guderian,1995 This is one of the most significant military books of the twentieth century. By an outstanding soldier of independent mind, it pushed forward the evolution of land warfare and was directly responsible for German armoured supremacy in the early years of the Second World War. Published in 1937, the result of 15 years of careful study since his days on the German General Staff in the First World War, Guderian's book argued, quite clearly, how vital the proper use of tanks and supporting armoured vehicles would be in the conduct of a future war. When that war came, just two years later, he proved it, leading his Panzers with distinction in the Polish, French and Russian campaigns. Panzer warfare had come of age, exactly as he had forecast. This first English translation of Heinz Guderian's classic book - used as a textbook by Panzer officers in the war - has an introduction and extensive background notes by the modern English historian Paul Harris.

Water+Ink Coloring Book Winter 2020 Kim

Winberry,2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper. I utilize India Ink to demarcate changes, also adding swirls other artifacts, in the aim to achieve whimsy. My coloring books are my paintings! I run the paintings through filters and drop the color from them, leaving the lines so that you can add your own color. But wait, there's more... I've added an Augmented Reality component to this. Wonder what colors I used for that piece in the corner there? Take out your phone, download the Zappar app from your app store and zap the code. What happens? At the very least an image of the original painting will pop up and you can see what it looks like, side by side with the coloring page. Beyond that, you'll meet Mist, my liaison to the AR world. She will be a recurring character in all my AR work. Stay tuned and enjoy.

Drunk Stoned Brilliant Dead Rick Meyerowitz,2019-03-15 Reprints and reminiscences from the magazine's first decade: "Fun to flip through . . . Where would American humor be without the National Lampoon?"—The New Yorker From its first issue in April 1970, the National Lampoon blazed like a comet, defining comedy as we know it today. To create *Drunk Stoned Brilliant Dead*, former Lampoon illustrator Rick Meyerowitz selected the funniest material from the magazine and sought out the survivors of its first electrifying decade to gather their most revealing and outrageous stories. The result is a mind-boggling tour through the early days of an institution whose alumni left their fingerprints all over popular culture: Animal House, Caddyshack, Saturday Night Live, Ghostbusters, SCTV, Spinal Tap, In Living Color, Ren &

Stimpy, The Simpsons—even Sesame Street counts a few Lampooners among its ranks. This is the story of a band of young talents who “irrevocably rewrote the landscape of American humor” (Publishers Weekly). “A vivid picture of a tight-knit family of twentysomething humorists at the dawn of their careers.”

—Newsweek The other night I started laughing so hard I had to leave the room . . . And then I realized that I hadn’t laughed so hard in 35 years, since I was a teenager, reading National Lampoon.” —The Wall Street Journal “If you grew up with the Lampoon, this book is a trip down memory lane like no other; if not, it will demonstrate that the much maligned 70s could produce humor that has never been surpassed.” —Vanity Fair
