Introducing Transformational Grammar Jamal Ouhalla,1999 The first edition of this book quickly established itself as one of the clearest and most readable introductions to generative grammar. Together with a complete introduction to the principles of Universal Grammar, it traced the major shifts of perspective that have influenced the developments of the theory over the last forty years. This revised and expanded new edition introduces students with no previous training to Transformational Grammar. Covering the framework known as Principles and Parameters as well as the more recent framework known as Minimalism, it includes a range of new exercises, making it ideal for students at all levels.
The Wal-Mart Effect Charles Fishman,2006 An award-winning journalist breaks through the wall of secrecy to reveal how the world's most powerful company really works and how it is transforming the American economy.
