*The Charmed List* Julie Abe, 2022-07-05 The best friends to enemies-to-lovers story I needed in my life! The Charmed List utterly enchants with its delightful characters and heartfelt themes of family, friendship, and first love. I adored this fun-filled and swoony road trip romance with a magical twist! —Axie Oh, author of *XOXO* and *The Girl Who Fell Beneath the Sea* Sometimes you need a little magic to fall in love. Ellie Kobata has spent most of high school on the sidelines, keeping her art Instagram private and shying away from the world. She can't even tell her only friend, Lia, who she really is: Ellie is part of a secret magical community, and no one outside of it can know it exists. The only person Ellie could fully relate to was Jack Yasuda — her childhood friend who mysteriously started to snub her a few years ago. But before senior year, Ellie is ready to take some risks and have a life-changing summer, starting with her Anti-Wallflower List — thirteen items she's going to check off one by one. With this list, she hopes to finally come out of her shell; even though she can't share her full self with the world. But when number four on Ellie's list goes horribly wrong—revenge on Jack Yasuda—she's certain her summer is cursed. Instead of spending her summer with Lia, Ellie finds herself stuck in a car with Jack driving to a magical convention. But as Ellie and Jack travel down the coast of California, number thirteen on her list—fall in love—may be happening without her realizing it. In *The Charmed List*, Julie Abe sweeps readers away to a secret magical world, complete with cupcakes and tea with added sparks of joy, and an enchanted cottage where you can dance under the stars.

**Eva Evergreen, Semi-Magical Witch** Julie Abe, 2020-08-04 A young witch must pass a coming-of-age quest or risk losing her magic forever in this enchanting fantasy -- perfect for fans of Kiki's Delivery Service and Aru Shah and the End of Time. Sometimes all you need is a pinch of magic... Eva Evergreen is determined to earn the rank of Novice Witch before her thirteenth birthday. If she doesn't, she'll lose her magic forever. For most young witches and wizards, it's a simple enough test: One: Help your town, do good all around. Two: Live there for one moon, don't leave too soon. Three: Fly home by broomstick, the easiest of tricks. The only problem? Eva only has a pinch of magic. She summons heads of cabbage instead of flowers and gets a sunburn instead of calling down rain. And to add insult to injury, whenever she overuses her magic, she falls asleep. When she lands in the tranquil coastal town of Auteri, the residents expect a powerful witch, not a semi-magical girl. So Eva comes up with a plan: set up a magical repair shop to aid Auteri and prove she's worthy. She may have more blood than magic, but her semi-magical fixes repair the lives of the townspeople in ways they never could have imagined. Only, Eva's bit of magic may not be enough when the biggest magical storm in history threatens the town she's grown to love. Eva must conjure up all of the magic, bravery, and cleverness she can muster or Auteri and her dreams of becoming a witch will wash away with the storm.

This book shows you how to leverage RPA effectively in your company to automate repetitive and rules-based processes, such as scheduling, inputting/transferring data, cut and paste, filling out forms, and search. Using practical aspects of implementing the technology (based on case studies and industry best practices), you'll see how companies have been able to realize substantial ROI (Return On Investment) with their implementations, such as by lessening the need for hiring or outsourcing. By understanding the core concepts of RPA, you'll also see that the technology significantly increases compliance – leading to fewer issues with regulations – and minimizes costly errors. RPA software revenues have recently soared by over 60 percent, which is the fastest ramp in the tech industry, and they are expected to exceed \$1 billion by the end of 2019. It is generally seamless with legacy IT environments, making it easier for companies to pursue a

Alliana, Girl of Dragons Julie Abe, 2022-08-02 For fans of Shannon Hale and Gail Carson Levine, comes an enchanting fairy tale retelling of the Japanese Cinderella, set in the magical world of Eva Evergreen, Semi-Magical Witch. Once upon a time, Alliana believed in dreams and fairy tales as sweet as spun-sugar clouds. Alliana wished on shooting stars, sure that someday she and her grandmother would be able to travel to the capital city to see the queen. Then her grandmother passed away—and those dreams disappeared in a disenchanted puff. Now Alliana's forced to attend to the whims of her wicked stepmother—with long days of cleaning her stepfamily's inn as her skin burns raw or staying up until the crack of dawn to embroider her stepsister's ball gowns. Until she meets two beings who change her life forever—the first is a young nightdragon who Alliana discovers she can magically talk to. And the second is Nela, a young witch. Nela needs Alliana's help navigating the mysterious abyss, filled with dangerous beasts, a place Alliana knows by heart. Alliana sees Nela's request as a chance to break free of her stepmother's shadow and to seize a chance at a life she's barely dared to hope for—but there's a risk. If caught, Alliana will be stuck working for her stepmother for the rest of her life. Can Alliana truly make wisps of dreams into her own, better-than-a-fairy-tale happily ever after? Inspired by the Japanese Cinderella story and set in the same world as the Eva Evergreen series, this story can be read as a standalone.

Unlike his best friend, Holland, he's content with his lot in life. But when a sinister plot rocks the country of Griskol, Holland finds herself in the middle of the chaos, and Markus' familiar, rural life is upended in the midst of it. **The New Frontiers of Fashion Law** Rossella Esther Cerchia, Barbara Pozzo, 2021-01-13 Fashion law encompasses a wide variety of issues that concern an article of clothing or a fashion accessory, starting from the moment they are designed and following them through distribution and marketing phases, all the way until they reach the end-user. Contract law, intellectual property, company law, tax law, international trade, and customs law are of fundamental importance in defining this new field of law that is gradually taking shape. This volume focuses on the new frontiers of fashion law, taking into account the various fields that have recently emerged as being of great interest for the entire fashion world: from sustainable fashion to wearable technologies, from new remedies to cultural appropriation to the regulation of model weight, from advertising law on the digital market to the impact of new technologies on product distribution. The purpose is to stimulate discussion on contemporary problems that have the potential to define new boundaries of fashion law, such as the impact of the heightened ethical sensitivity of consumers (who increasingly require effective solutions), that a comparative law perspective renders more interesting. The volume seeks to sketch out the new legal fields in which the fashion industry is getting involved, identifying the new boundaries of fashion law that existing literature has not dealt with in a comprehensive manner.
