The Strange Case of Origami Yoda (Origami Yoda #1)

Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining." Textile Collage Mandy Pattullo, 2016-10-01 Textile artist and surface designer Mandy Pattullo marries fabric with collage techniques to produce beautiful pieces of art. In *Textile Collage* she shows a fresh way to use scraps and oddments of fabrics to create something unique and personal, while also being economical - perfect for those who have hoarded bits of fabric, trim and memory-filled domestic textiles over the years. Chapter one covers 'Materials': collecting and sourcing fabric including unpicking and storing found fabric. In chapter two, 'Make', Mandy guides you through all the artistic and creative elements that you need to consider to create a beautiful collage. The following chapter 'Portray' looks at piecing together a collaged

portrait – human or animal – showing the figurative approach in collage work that includes transfer images and using found photographs. In the chapter 'Worn', the collage technique is used to embellish skirts, jackets and accessories. The final chapter 'Book' looks at the fabric book as a receptacle for textile collage, with a range of approaches and forms explored. This is a wonderful resource for all textilers looking to make the most of the found fabrics they love and fully explore the technique of collage with textiles.

Mughal Painter of Flora and Fauna Ustād Manṣūr Som Prakash Verma, 1999 This volume follows Mughal Painters and their Work-A Biographical Survey and Comprehensive Catalogue (Oxford University Press, New Delhi, 1994), the first comprehensive book of reference on the work of nearly 200 Mughal painters; and has been conceived to provide readers much information on the Mughal painting through the contribution of individual master painters. Need not say ample information is available about the artists of the Mughal atelier (sixteenth-seventeenth centuries). Yet, to date, except for some articles on a few painters, no book has been published on individual artist. Ustad Mansur, a keen observer of nature endowed with almost Euclidean intellect, deserved a more detailed study to re-evaluate his merit as an artist whose achievement in naturalistic portraiture of a large number of

species from the world of flora and fauna has remained unsurpassed till today. Our attempt is to enter into the very creative process of this great Mughal painter; to relive in his times and environment, in order to discover real Mansur. The whole panorama of Mansur's portraits of birds, animals and flowers set in marvellously and uniquely laid background represents, in his true spirit and characteristics, the very quintessence of nature's endless variety of creation and beauty. Part I provides historical and artistic context in which Ustad Mansur worked. Information about him has been gleaned from original texts (principally Persian historical sources), supplemented by the evidence of artist's own work. Part II comprises the plate section of representative eighteen miniatures that illustrate our painter's style and his specialisation in painting. The appendix further enhances the value of this work since it provides correct rendering of contemporary inscriptions and determines genuine signatures and contemporary ascriptions. The volume is richly illustrated with a large number of black-and-white and colour illustrations. These illustrate the art and style of Ustad Mansur Nadir u'l 'Asr (Unequalled of the Age), the most illustrious naturalist painter of India. It will naturally be of interest to students of art and natural history. It is also recommended to persons curious to know about the Mughal times. It is hoped that other volumes on individual Mughal painters will follow' and monographs on their lives and work with a critique valuation will be available.

Notes of a Russian Sniper Vassili Zaitsev, 2016-11-30 'As a sniper, I've killed more than a few Nazis. I have a passion for observing enemy behaviour. You watch a Nazi officer come out of a bunker, acting all high and mighty, ordering his soldiers every which way, and putting on an air of authority. The officer hasn't got the slightest idea that he only has seconds to live.' Vassili Zaitsev's account of the hell that was Stalingrad is moving and harrowing. This was a battle to the death - fighting street by street, brick by brick, living like rats in a desperate struggle to survive. Here, the rules of war were discarded and a

psychological war was being waged. In this environment, the sniper was king - an unseen enemy who frayed the nerves of brutalised soldiers. Zaitsev volunteered to fight at Stalingrad in 1942. His superiors recognized quickly his talent, and made him a sniper. He adapted his hunting skills to the ruins of the city, watching his prey with nerves of steel. In his first 10 days, Zaitsev killed 40 Germans. He achieved at least 225 kills and the tactics he developed are still being studied. Zaitsev was used a symbol of Russian resistance against the Nazis. His exploits, including a famous 'duel' with a Nazi sniper, remain the stuff of legend. His account is absorbing to anyone interested in World War II and seeing how one person could survive in the most extreme of conditions.
