Bandit Country Toby Harnden,2010-03-10 South

Armagh was first described as Bandit Country by Merlyn Rees when he was Northern Ireland's Secretary of State, and for nearly three decades it has been the most dangerous posting in the world for soldiers. Toby Harnden has stripped away the myth and propaganda associated with South Armagh to produce one of the most compelling and important books of the subject. Drawing on secret documents and interviews in South Armagh's recent history, he tells the inside story of how the IRA came close to bringing the British state to its knees. For the first time, the identities of the men behind the South Quay and Manchester bombings are revealed. Packed with new information, Bandit Country penetrates the IRA and the security forces in South Armagh.

Another Life Andrew R B Simpson, 2011-08-31 T.E. Lawrence found global recognition for his leadership of the Arab Revolt during World War I, preparing the ground for the final Allied offensive in 1918. He was hailed as a hero, but little is known about this mysterious and charismatic man after those events. Here is Lawrence's life after Arabia, his service in the RAF and the Tank Corps as a mere ranker, and how he became an expert in the technology of the new RAF. The book examines the work he did for the 1929 Schneider Trophy Race, the development of the new RAF 200 seaplane tender, and the development of its armour plated offspring, the Armoured Target Boat. It also investigates his literary endeavours and his tragically early death, a sad end to a Renaissance man of all talents, an academic, a talented engineer and a soldier sans pareil. T.E. was offered exalted diplomatic positions by Churchill, implored by Nancy Astor to re-enter the fray as the Nazi threat grew, socialised with the Cliveden set, argued with the Archbishop of Canterbury. He made lasting friendships with humble squaddies. His self-loathing was expressed physically. Consulting primary sources and also having interviewed some of those who knew Lawrence after Arabia

the author portrays the last years of one of the most astonishing figures of the 20th century.

Twentieth Century Words John Ayto, 1999 A landmark book for the end of the century, presenting an overview of the development of English vocabulary from 1900 to the present day. There will be ten chapters, one for each decade, that will provide an introduction to the decade, with

areas of particular importance and interest noted, and a presentation of new words for that decade. The selected entries will be both new words, and words that have important new meanings. They will be listed alphabetically in a dictionary-style presentation, with the earliest recorded date of each word entered, and an exemplary quote also given. The source for the entries will be the OED2, and the Additions Series, as well as unpublished material from the New Words group in the OED Department. In addition to the main alphabetic sequence of entries, there will also be boxed panels covering specific aspects of a decade's vocabulary e.g. words arising directly from World War II for the 1940s. There will also be cross-chapter panels, for example 'insults of the century'. Examples of new words and their, perhaps surprising, earliest recorded dates: 'astronaut' - first coined in the 1920s when it was still an ambition. 'fruit machine' - 1930s; 'discotheque' - 1950s; 'pager' - 1960s

Dictionary of Word Origins John Ayto, 2011-04-01

Uncover the hidden and often surprising connection between words. Written in a clear and informative style, the more than 8,000 articles reveal the origins of and links between some of the most common English-language words. What is the link between map and apron, acrobat and oxygen, zeal and jealousy, flour and pollen, secret and crime? Did you know that crimson originally comes from the name of tiny scale insects, the kermes, from whose dried bodies a red dyestuff is made? That Yankee began as a nickname for Dutchmen? That omelette evolved from amulette, "a thin sheet of metal," and is a not-too-distant

cousin of the word laminate? That jeans find their antecedent in jean fustian, meaning “a cotton fabric from Genoa”? They also contain an extensive selection of words whose life histories are intrinsically fascinating or instructive. This dictionary shows how modern English has developed from its Indo-European roots and how the various influences on the language—from migration and invasion to exploration, trade, technology, and scholarship—have intermingled. It is an invaluable addition to any English or linguistics library.

The Book of My Enemy Clive James, 2006 Clive James has emerged as one of the most prominent poets of his generation, going on to publish works in such mainstream outlets as the TLS, the London Review of Books, the Spectator, the New Yorker and the Australian Book Review. Nobody's Victim Carrie Goldberg, 2019-08-13

Nobody's Victim is an unflinching look at a hidden world most people don't know exists—one of stalking, blackmail, and sexual violence, online and off—and the incredible story of how one lawyer, determined to fight back, turned her own hell into a revolution. “We are all a moment away from having our life overtaken by somebody hell-bent on our destruction.” That grim reality—gleaned from personal experience and twenty years of trauma work—is a fundamental principle of Carrie Goldberg's cutting-edge victims' rights law firm. Riveting and an essential timely conversation-starter, Nobody's Victim invites readers to join Carrie on the front lines of the war against sexual violence and privacy violations as she fights for revenge porn and sextortion laws, uncovers major Title IX violations, and sues the hell out of tech companies, schools, and powerful sexual predators. Her battleground is the courtroom; her crusade is

to transform clients from victims into warriors. In gripping detail, Carrie shares the diabolical ways her clients are attacked and how she, through her unique combination of advocacy, badass relentlessness, risk-taking, and client-empowerment, pursues justice for them all. There are stories about a woman whose ex-boyfriend made fake bomb threats in her name and caused a national panic; a fifteen-year-old girl who was sexually assaulted on school grounds and then suspended when she reported the attack; and a man whose ex-boyfriend used a dating app to send more than 1,200 men to ex's home and work for sex. With breathtaking honesty, Carrie also shares her own shattering story about why she began her work and the uphill battle of building a business. While her clients are a diverse group—from every gender, sexual orientation, age, class, race, religion, occupation, and background—the offenders are not. They are highly predictable. In this book, Carrie offers a taxonomy of the four types of offenders she encounters most often at her firm: assholes, psychos, pervs, and trolls. “If we recognize the patterns of these perpetrators,” she explains, “we know how to fight back.” Deeply personal yet achingly universal, *Nobody's Victim* is a bold and much-needed analysis of victim protection in the era of the Internet. This book is an urgent warning of a coming crisis, a predictor of imminent danger, and a weapon to take back control and protect ourselves—both online and off.
