The Story of Crass George Berger,2009 In-depth interviews with the main movers in the punk rock movement--Crass members Penny Rimbaud, Gee Vaucher, and Steve Ignorant--detail the face of the revolution founded by these radical thinkers and artists. When punk ruled the waves, Crass waived the rules by putting out their own records, films, and magazines and setting up a series of situationist pranks that were dutifully covered by the world's press. Not just another iconoclastic band, Crass was a musical, social, and political phenomenon: commune dwellers that were rarely photographed and remained contemptuous of conventional pop stardom. As detailed in this history, their members explored and finally exhausted the possibilities of punk-led anarchy. This definitive biography of the band not only gives backstage access to their lives, philosophies, and the movement that followed, but also to never-before-seen photographs and rare dialogues.

Twentieth Century Words John Ayto,1999 A landmark book for the end of the century, presenting an overview of the development of English vocabulary from 1900 to the present day. There will be ten chapters, one for each decade, that will provide an introduction to the decade, with areas of particular importance and interest noted,and a presentaion of new words for that decade. The selected entries will be both new words, and words that have important new meanings. They will be listed alphabetically in a dictionary-style presentation, with the earliest recorded date of each word entered, and an exemplary quote also given.The source for the entries will be the OED2, and the Additions Series, as well as unpublished material from the New Words group in the OED Department. In addition to the main alphabetic sequence of entries, there will also be boxed panels covering specific aspects of a decade's vocabulary e.g.words arising directly from World War II for the 1940s. There will also be cross-chapter panels, for example 'insults of the century'. Examples of new words and their, perhaps surprising, earliest recorded dates: 'astronaut' - first coined in the 1920s when it was still an ambition. 'fruit machine' - 1930s; 'discotheque' - 1950s; 'pager' - 1960s

Dictionary of Word Origins John Ayto,2011-04-01 Uncover the hidden and often surprising connection between words. Written in a clear and informative style, the more than 8,000 articles reveal the origins of and links between some of the most common English-language words. What is the link between map and apron, acrobat and oxygen, zeal and jealousy, flour and pollen, secret and crime? Did you know that crimson originally comes from the name of tiny scale insects, the kermes, from whose dried bodies a red dyestuff is made? That Yankee began as a nickname for Dutchmen? That omelette evolved from amulette, "a thin sheet of metal," and is a not-too-distant cousin of the word laminate? That jeans find their antecedent in jean fustian, meaning "a cotton fabric from Genoa"? They also contain an extensive selection of words whose life histories are intrinsically fascinating or instructive. This dictionary shows how modern English has developed from its Indo-European roots and how the various influences on the language—from migration and invasion to exploration, trade, technology, and scholarship—have intermingled. It is an invaluable addition to any English or linguistics library.

Nobody's Victim Carrie Goldberg,2019-08-13 Nobody's Victim is an unflinching look at a hidden world most people don't know exists—one of stalking, blackmail, and sexual violence, online and off—and the incredible story of how one lawyer, determined to fight back, turned her own hell into a revolution. "We are all a moment away from having our life overtaken by somebody hell-bent on our destruction." That grim reality—gleaned from personal experience and twenty years of trauma work—is a fundamental principle of Carrie Goldberg's cutting-edge victims' rights law firm. Riveting and an essential timely conversation-starter, Nobody's Victim invites readers to join Carrie on the front lines of the war against sexual violence and privacy violations as she fights for revenge porn and sextortion laws, uncovers major Title IX violations, and sues the hell out of tech companies, schools, and powerful sexual predators. Her battleground is the courtroom; her crusade is to transform clients from victims into warriors. In gripping detail, Carrie shares the diabolical ways her clients are attacked and how she, through her unique combination of advocacy, badass relentlessness, risk-taking, and client-empowerment, pursues justice for them all. There are stories about a woman whose ex-boyfriend made fake bomb threats in her name and caused a national panic; a fifteen-year-old girl who was sexually assaulted on school grounds and then suspended when she reported the attack; and a man whose ex-boyfriend used a dating app to send more than 1,200 men to ex's home and work for sex. With breathtaking honesty, Carrie also shares her own shattering story about why she began her work and the uphill battle of building a business. While her clients are a diverse group—from every gender, sexual orientation, age, class, race, religion, occupation, and background—the offenders are not. They are highly predictable. In this book, Carrie offers a taxonomy of the four types of offenders she encounters most often at her firm: assholes, psychos, pervs, and trolls. "If we recognize the patterns of these perpetrators," she explains, "we know how to fight back." Deeply personal yet achingly universal, Nobody's Victim is a bold and much-needed analysis of victim protection in the era of the Internet. This book is an urgent warning of a coming crisis, a predictor of imminent danger, and a weapon to take back control and protect ourselves—both online and off.

Kumba Africa Sampson Ejike Odum,2020-11-03 'KUMBA AFRICA', is a compilation of African Short Stories written as fiction by Sampson Ejike Odum, nostalgically taking our memory back several thousands of years ago in Africa, reminding us about our past heritage. It digs deep into the traditional life style of the Africans of old, their beliefs, their leadership, their courage, their culture, their wars, their defeat and their victories long before the emergence of the white man on the soil of Africa. As a talented writer of rich resource and superior creativity, armed with in-depth knowledge of different cultures and traditions in Africa, the Author throws light on the rich cultural heritage of the people of Africa when civilization was yet unknown to the people. The book reminds the readers that the Africans of old kept their pride and still enjoyed their own lives. They celebrated victories when wars were won, enjoyed their New yam festivals and villages engaged themselves in seasonal wrestling contest etc; Early morning during harmattan season, they gathered firewood and made fire inside their small huts to hit up their bodies from the chilling cold of the harmattan. That was the Africa of old we will always remember. In Africa today, the story have changed. The people now enjoy civilized cultures made possible by the influence of the white man through his scientific and technological process. Yet there are some uncivilized places in Africa whose people haven't tested or felt the impact of civilization. These people still maintain their ancient traditions and culture. In everything, we believe that days when people paraded barefooted in Africa to the swamp to tap palm wine and fetch firewood from there farms are almost fading away. The huts are now gradually been replaced with houses built of blocks and beautiful roofs. Thanks to modern civilization. Donkeys and camels are no longer used for carrying heavy loads for merchants. They are now been replaced by heavy trucks and lorries. African traditional methods of healing are now been substituted by hospitals. In all these, I will always love and remember Africa, the home of my birth and must respect her cultures and traditions as an AFRICAN AUTHOR.
