The Chocolate War Robert Cormier,2013-03-19 One of the most controversial YA novels of all time, The Chocolate War is a modern masterpiece that speaks to fans of S. E. Hinton's The Outsiders and John Knowles's A Separate Peace. After suffering rejection from seven major publishers, The Chocolate War made its debut in 1974, and quickly became a bestselling—and provocative—classic for young adults. This chilling portrait of an all-boys prep school casts an unflinching eye on the pitfalls of conformity and corruption in our most elite cultural institutions. "Masterfully structured and rich in theme; the action is well crafted, well timed, suspenseful."—The New York Times Book Review "The characterizations of all the boys are

superb."—School Library Journal, starred review "Compellingly immediate. . . . Readers will respect the uncompromising ending."—Kirkus Reviews, starred review An ALA Best Book for Young Adults A School Library Journal Best Book of the Year A Kirkus Reviews Editor's Choice A New York Times Outstanding Book of the Year

The Well of Loneliness Radclyffe Hall,2015-04-23 This early work by Radclyffe Hall was originally published in 1928 and we are now republishing it with a brand new introductory biography. 'The Well of Loneliness' is a novel that follows an upper-class Englishwoman who falls in love with another woman while serving as an ambulance driver in World War I. Marguerite Radclyffe Hall was born on 12th August 1880, in Bournemouth, England. Hall's first novel The Unlit Lamp (1924) was a lengthy and grim tale that proved hard to sell. It was only published following the success of the much lighter social comedy The Forge (1924), which made the best-seller list of John O'London's Weekly. Hall is a key figure in lesbian literature for her novel The Well of Loneliness (1928). This is her only work with overt lesbian themes and tells the story of the life of a masculine lesbian named Stephen Gordon.

Luxury Arts of the Renaissance Marina Belozerskaya,2005-10-01 Today we associate the Renaissance with painting, sculpture, and architecture—the "major" arts. Yet contemporaries often held the "minor" arts—gem-studded goldwork, richly embellished armor, splendid tapestries and embroideries, music, and ephemeral multi-media spectacles—in much higher esteem. Isabella d'Este, Marchesa of Mantua, was typical of the Italian nobility: she bequeathed to her children precious stone vases mounted in gold, engraved gems, ivories, and antique bronzes and marbles; her favorite ladies-in-waiting, by contrast, received mere paintings. Renaissance patrons and observers extolled finely wrought luxury artifacts for their exquisite craftsmanship and the symbolic capital of their components; paintings and sculptures in modest materials, although discussed by some literati, were of lesser consequence. This book endeavors to return to the mainstream material long marginalized as a result of historical and ideological biases of the intervening centuries. The author analyzes how luxury arts went from being lofty markers of ascendancy and discernment in the Renaissance to being dismissed as "decorative" or "minor" arts—extravagant trinkets of the rich unworthy of the status of Art. Then, by re-examining the objects themselves and their uses in their day, she shows how sumptuous creations constructed the world and taste of Renaissance women and men.

The Thorn Birds Colleen McCullough,2010-05-11 One of the most beloved novels of all time, Colleen McCullough's magnificent saga of dreams, struggles, dark passions, and forbidden love in the Australian outback has enthralled readers the world over. The Thorn Birds is a chronicle of three generations of Clearys—an indomitable clan of ranchers carving lives from a beautiful, hard land while contending with the bitterness, frailty, and secrets that penetrate their family. It is a poignant love story, a powerful epic of struggle and sacrifice, a celebration of individuality and spirit. Most of all, it is the story of the Clearys' only daughter, Meggie, and the haunted priest, Father Ralph de Bricassart—and the intense joining of two hearts and souls over a lifetime, a relationship that dangerously oversteps sacred boundaries of ethics and dogma.

A Stick in the Dirt Vidit Uppal,2020-11-25 Saurabh's birth is celebrated across the town of Konkur, where people rejoice in the arrival of the much-admired Vinod and Shashi Parashars' first offspring. Soon, their neighbour's 5-year-old daughter Vidya is entrusted with the responsibility of

Saurabh's daily wellbeing. They grow up together among the secluded trees, hills and narrow roads of the small town, spending much of their time in an abandoned graveyard they discover near their homes. But when Saurabh starts showing signs of trouble, their seemingly idyllic world begins to quickly unravel. As the incidents become more frequent and violent, he is brandished a pariah by the very people who had once held him aloft. Vidya, Shashi and Vinod's struggle to come to terms with Saurabh's impulses, becomes the uncomfortable thread that binds them together and leads them to re-evaluate their own lives and relationships. Traversing through the realms of guilt and solitude, A Stick in the Dirt attempts to grapple with the uncomfortable nature of the unknown and with what it means to be misunderstood by those closest to us.

The Worlding Project Christopher Leigh Connery,Rob Wilson,2007-10-30 Globalization discourse now presumes that the "world space" is entirely at the mercy of market norms and forms promulgated by reactionary U.S. policies. An academic but accessible set of studies, this wide range of essays by noted scholars challenges this paradigm with diverse and strong arguments. Taking on topics that range from the medieval Mediterranean to contemporary Jamaican music, from Hong Kong martial arts cinema to Taiwanese politics, writers such as David Palumbo-Liu, Meaghan Morris, James Clifford, and others use innovative cultural studies to challenge the globalization narrative with a new and trenchant tactic called "worlding." The book posits that world literature, cultural studies, and disciplinary practices must be "worlded" into expressions from disparate critical angles of vision, multiple frameworks, and field practices as yet emerging or unidentified. This opens up a major rethinking of historical "givens" from Rob Wilson's reinvention of "The White Surfer Dude" to Sharon Kinoshita's "Deprovincializing the Middle Ages." Building on the work of cultural critics like Edward Said, Gayatri Spivak, and Kenneth Burke, The Worlding Project is an important manifesto that aims to redefine the aesthetics and politics of postcolonial globalization withalternative forms and frames of global becoming.

Roman Mosaics in the J. Paul Getty Museum Alexis Belis,2016-05-01 The mosaics in the collection of the J. Paul Getty Museum span the second through the sixth centuries AD and reveal the diversity of compositions found throughout the Roman Empire during this period. Elaborate floors of stone and glass tesserae transformed private dwellings and public buildings alike into spectacular settings of vibrant color, figural imagery, and geometric design. Scenes from mythology, nature, daily life, and spectacles in the arena enlivened interior spaces and reflected the cultural ambitions of wealthy patrons. This online catalogue documents all of the mosaics in the Getty Museum's collection, presenting their artistry in new color photography as well as the contexts of their discovery and excavation across Rome's expanding empire—from its center in Italy to provinces in southern Gaul, North Africa, and ancient Syria. The free online edition of this open-access catalogue, available at www.getty.edu/publications/romanmosaics/, includes zoomable high-resolution photography, embedded glossary terms and additional comparative images, and interactive maps drawn from the Digital Atlas of the Roman Empire. Also available are free PDF, EPUB, and Kindle/MOBI downloads of the book, CSV and JSON downloads of the object data from the catalogue, and JPG and PPT downloads of the main catalogue images.

Culture and Imperialism Edward W. Said,2012-10-24 A landmark work from the author of Orientalism that explores the long-overlooked connections between the Western imperial endeavor and the culture that both reflected and reinforced it. In the nineteenth and early twentieth centuries, as the Western powers built empires that stretched from Australia to the West Indies, Western artists created masterpieces ranging from Mansfield Park to Heart of Darkness and Aida. Yet most cultural critics continue to see these phenomena as separate. Edward Said looks at these works alongside those of such writers as W. B. Yeats, Chinua Achebe, and Salman Rushdie to show how subject peoples produced their own vigorous cultures of opposition and resistance. Vast in scope and stunning in its erudition, Culture and Imperialism reopens the dialogue between literature

and the life of its time.

Adaptive Reuse Liliane Wong,2016-11-21 Building in existing fabric requires more than practical solutions and stylistic skills. The adaptive reuse of buildings, where changes in the structure go along with new programs and functions, poses the fundamental question of how the past should be included in the design for the future. On the background of long years of teaching and publishing, and using vivid imagery from Frankenstein to Rem Koolhaas and beyond, the author provides a comprehensive introduction to architectural design for adaptive reuse projects. History and theory, building typology, questions of materials and construction, aspects of preservation, urban as well as interior design are dealt with in ways that allow to approach adaptive reuse as a design practice field of its own right.
