Saints Around the World Meg Hunter-Kilmer,2021-08-16 The lives of the Saints are one of the most powerful ways God draws people to himself, showing us the love and the joy we can find in him. But so often, these Saints seem distant—impossibly holy or dull or unlike us in race and age and state in life. In *Saints Around the World*, you’ll meet over one-hundred Saints from more than sixty countries, including Saints with different disabilities, strengths, and struggles. The beautiful illustrations and captivating storytelling will introduce you and your children to new heavenly friends while also helping you fall more in love with Jesus. Each story in this book is written not only to capture the imagination but also to speak about God’s tremendous love and our call to be saints. There are stories in *Saints Around the World* for when you feel like life isn’t fair, when people are being unkind to you, when you’ve made a terrible mistake, when you’re struggling at school, when prayer is hard. And there are stories of shouting down Nazis, of fleeing a murderous villain, of making scientific discoveries, of smoking a cigar while enemy soldiers amputate your leg. There are scared Saints, brilliant Saints, weak Saints, adventurous Saints, abused Saints, overjoyed Saints, disabled Saints—and the point of every one of them is the love of God. Whether you’re checking the map to find Saints who look like you or perusing the extensive indices to find Saints with your skills or struggles, you’ll find countless stories in this book that remind you how very possible holiness is.

Foundations of Early Childhood Penny Mukherji,Louise Dryden,2014-01-14 'This text will be an invaluable addition to the reading of students and tutors alike. It has been written thoughtfully for students embarking on university courses that study aspects of early childhood education. The introductory chapters give the reader a sense of the thinking and reflection that is helpful for them at the beginning of their studies and a clear focus on the rights of our youngest children roots the text in a sound pedagogical frame. The later chapters broaden the argument and feel very relevant to the current context in their explorations of the policy and practice of EYFS. I would strongly recommend this text.' -Jo Albin-Clark, Senior Lecturer in Early Years Education, Edge Hill University This book introduces all the most important aspects of early years care and education, and will help you develop the key skills needed to study at degree level. Water+Ink Coloring Book Winter 2020 Kim Winberry,2019-07-22 I begin my paintings with a sketch and application of colorful/bright pigment and water to the paper. I disrupt the blends with salt or water, watching as one color blossoms in water, as another color starts to travel across the paper.
