Russian Messianism Peter J. S. Duncan,2002-11 This is the first book in English for half a century to examine the complexities of Russian messianism, both as a whole and in its interaction with Communism. Peter Duncan considers its Orthodox roots and focuses on Russia's geopolitical experience and situation to explain the endurance of this phenomenon.

Affective Health and Masculinities in South Africa Hans Reihling,2020-04-03 Affective Health and Masculinities in South Africa explores how different masculinities modulate substance use, interpersonal violence, suicidality, and AIDS as well as recovery cross-culturally. With a focus on three male protagonists living in very distinct urban areas of Cape Town, this comparative ethnography shows that men's struggles to become invulnerable increase vulnerability. Through an analysis of masculinities as social assemblages, the study shows how affective health problems are tied to modern individualism rather than African 'tradition' that has become a cliché in Eurocentric gender studies. Affective health is conceptualized as a balancing act between autonomy and connectivity that after colonialism and apartheid has become compromised through the imperative of self-reliance. This book provides a rare perspective on young men's vulnerability in everyday life that may affect the reader and spark discussion about how masculinities in relationships shape physical and psychological health. Moreover, it shows how men change in the face of distress in ways that may look different than global health and gender-transformative approaches envision. Thick descriptions of actual events over the life course make the study accessible to both graduate and undergraduate students in the social sciences. Contributing to current debates on mental health and masculinity, this volume will be of interest to scholars from various disciplines including anthropology, gender studies, African studies, psychology, and global health.

Mary Magdalene Adriana Valerio,2021-11-16 "Brilliant . . . Essential reading for anyone who cares about Church history and gender equality. . . . speaks to our times with impressive relevance." –Reading in Translation From one of Italy's most renowned historians of religion, an exciting new portrait of one of Christianity's most complex—and most misunderstood—figures: Mary Magdalene Jesus' favorite and most devoted disciple? A prostitute shunned from her community? A symbol of female leadership and independence? Who really was Mary Magdalene, and how does her story fit within the history of Christianity, and that of female emancipation? In this meticulously researched, highly engaging book, Adriana Valerio looks at history, art, and literature to show how centuries of misinterpretation and willful distortion—aimed at establishing and preserving gender hierarchies—have stripped this historical figure of her complexity and relevance. By revealing both the benign and the pernicious misrepresentations of Mary Magdalene, this thought-provoking essay reaffirms the central role played by women in the origins of Christianity and their essential contribution to one of the founding experiences of Western thought and society. "Persuasive. . . . Academics working in Christianity should get much from this well-argued study." –Publishers Weekly "A masterful work." –Osservatore Romano "A short and readable yet sweeping and well-researched essay that stands out for its intellectual honesty [. . .] We are all Mary Magdalene." –Cultura al femminile

Badenheim Nineteen-thirty-nine Aharon Apelfeld,1980 A tale of Europe in the days just before the war. It tells of a small group of Jewish holiday makers in the resort of Badenheim in the Spring of 1939. Hitler's war looms, but Badenheim and its summer residents go about life as normal.

The Soviet Union and India Peter J. S. Duncan,2022-12-28 The Soviet Union and India (1989) examines the costs and benefits to the Soviet Union of its substantial economic and military involvement with India, and assesses how India fits into Soviet policies towards southwest Asia and China. It analyses the effects on Soviet-Indian relations of the invasion of Afghanistan and of the military buildup in Pakistan; how changing domestic and global priorities in Moscow and New Delhi will affect the relationship; and what the role of the West should be.

European Integration and the Postmodern Condition Peter Van Ham,2013-02-01 This is the first book to look at the process of European integration by drawing on both established and new trends in postmodern thinking and analysis. The book asks how we can study the process of European integration in the current climate, and maps out the central elements of the academic debate dealing with the future of integration, and 'Europe' in general. The author stimulates fresh readings of the European issue, encouraging the development of new analytical horizons. This is a significant cutting-edge contribution to debates in politics, comparative politics and European studies.

Revolutionary Sparks Margaret A. Blanchard,1992-05-07 The governmental pledge to the American people is found in the First Amendment: Congress shall make no law...abridging the freedom of speech, or of the press. Written more than two hundred years ago, these words now protect a wide range of expressive activity. A broad-gauged discussion of freedom of expression in America, this book begins by studying the period after the Civil War and Reconstruction when new and unsettling ideas appeared with great regularity on the American scene. So many of these ideas were floating around during this period that the nation's leaders often joined forces to repress aberrant notions. In response to such suppression, individuals seeking to better their lives through the expression of new ideas began to demand their rights to speak, write, and associate together to advance their points of view. Blanchard traces this contest for control through the Watergate scandal of the 1970s and the Reagan and early Bush administrations. Blanchard presents a lively discussion of freedom of speech ranging from questions of national security to those of public morality, from loyalty during times of national stress to the right to preach on a public street corner. Including examinations of controversies involving the press, the national government, the Supreme Court, and civil liberties and civil rights concerns, Revolutionary Sparks presents a strong case for the right of Americans to speak their minds and to have access to knowledge necessary for informed self-government.

The Ten Commandments and Human Rights Walter J. Harrelson,1997 The Ten Commandments and Human Rights sets out to evaluate the importance of the Ten Commandments for the life of faith today. The general thesis is that the commandments are immensely important not only for Jews and Christians, but for all persons seeking to find or to reaffirm a moral foundation for their life and for the life of their children, their religious community, and their society. The fact that the commandments are put negatively is immensely important, for it means that the community that claims these commandments and builds on them has to work out for itself the positive import of not having other gods, not worshipping idols, not profaning the sabbath, not killing and stealing, and committing adultery. Put negatively, these commitments become the groundwork for a humanly free and responsible search for the will of God for individual, family, and corporate life today and in any day. It is true that the commandments originate in ancient Israel, are central to the faith of prophets, priests, and sages, and are claimed and made foundational by Jesus for the Christian community. But these commandments also share much with, for example, the Universal Declaration of Human Rights, which has been presented by the United Nations for adoption by all the nations of earth. The Ten Commandments and Human Rights seeks to show how to avoid moralistic use of the Ten Commandments in religious life today while still affirming that there are absolutely foundational prohibitions that can and must guide the moral life of all peoples. The Ten Commandments need very little revision in order to become such a foundation for a free and responsible life today.

A Natural Curiosity Margaret Drabble,2013-10-01 An “engrossing” novel following three women as they confront the darkness and danger of their world, by the author of *The Radiant Way* (People). Sweeping from smart London townhouses to a rundown embassy in the Middle East, from the splendors of the Musée d’Orsay in Paris to drowsy afternoons in the hills of sunny Italy, this novel tells the intertwined stories of three Cambridge-educated women living in Margaret Thatcher’s England. Whether it is a conscientious social worker’s quest to befriend a convicted killer; an affair with a stranger after a husband’s suicide; or an attempt to rescue a friend who’s been kidnapped by terrorists, this is a novel rich with dramatic events and deeply intriguing characters who find the courage to persevere through trying times, in the hopes of finding some sort of justice and truth. “[Drabble] invites us to see beyond the filth and horror of modern life to the world of possibilities in our own lives, where we also have the power to write our own endings.” –Winnipeg Free Press “The diverse plotlines develop amidst an abundance of social detail about 1980s Britain, providing a rich and fascinating texture. A winner.” –Library Journal

Jews & Christians Walter J. Harrelson,Randall M. Falk,1990 Presents the views of a Jewish rabbi (Falk) and Christian educator (Harrelson) on issues which trouble Jewish-Christian relations. They examine, among others, the roots of the Jewish-Christian conflict (originating in the ancient period); Christian prejudices against Judaism and Jews; the contribution of the Church and Christianity to antisemitism; the positions of the Churches and theologians before and during the Holocaust; and attitudes of Christians to the Arab-Israeli conflict (i.e. why so many support the Arab side). Stresses that modern Western Christians seek to overcome the legacy of age-old hostility to Judaism.
