**Oliver Deussen, Bernd Lintermann**

### **Titan #1: Taking Wing** Michael A. Martin, Andy

Mangels, 2005-04-01 William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

### Star Trek Designing Starships Volume 2: Voyager and Beyond

Ben Robinson, Marcus Reilly, 2019-01-08 Explore the behind the scenes process to reveal the thinking - and the artwork - behind the creation of the most iconic ships in Star Trek's history! This book, which covers more than 30 ships including the U.S.S. Voyager, Delta Flyer, V'ger, and the Enterprise-J, is packed with

original concept art, and includes work from legendary artists Syd Mead and Robert McCall. Continue the exploration of the design process that led to the iconic Star Trek ships from the hit television programs and films. Featuring interviews with the ship designers and screen model builders, this first-time ever explored subject will appeal to all Star Trek fans. Includes first-time ever collected concept art and sketches. Learn about the real-world people events behind one of the greatest science fiction universes.

#### Star Trek Adventures - Beta Quadrant Modiphius

Entertainment,2018-10 YOU JUDGE YOURSELVES AGAINST THE PITIFUL ADVERSARIES YOU'VE ENCOUNTERED SO FAR: THE ROMULANS, THE KLINGONS... THEY'RE NOTHING COMPARED TO WHAT'S WAITING.

*Star Fleet Technical Manual* Franz Joseph Designs,1986 This is the one, the only, the complete Star Fleet Technical Manual with everything you'll ever want to know about day-to-day life on the Enterprise. With architectural designs of the Enterprise, headquarters, detailed drawings of the weapons and equipment, official patterns for men's and women's uniforms, maps of orbit patterns and so much more, all your practical questions will finally be answered.

#### **Star Trek Designing Starships Volume 1: The**

**Enterprises and Beyond** Ben Robinson,Marcus Reilly,2018-10-16 Explore the design process behind the creation of more than 30 of the most iconic ships in Star Trek's history! This is the story of how some of the most talented designers in Hollywood created STAR TREK's starships, from the first sketches to the finished models that appeared on screen. Covering the genesis of more than 30 ships including all seven Enterprises, this book is packed with original concept art, showing fascinating directions that were explored and abandoned, and revealing the thinking behind the finished designs. The design history of every variation of the USS Enterprise is covered within this volume, including three that were never seen on screen. Hundreds of physical and CGI model

development photos including concept art, blueprints, sketches, and schematics, provided by the original designers and the vast archives of CBS and Paramount Studios. Delve deep into the design process that led to the iconic Star Trek ships featured on television and film. Includes concept art and interviews with the ship designers and screen model builders, this first-time ever explored subject will appeal to all Star Trek fans.

**My Enemy, My Ally** Diane Duane, Duane, 1989-11 Ael t' Rlailiu is a noble and dangerous Romulan Commander. But when the Romulans kidnap Vulcans to genetically harness their mind power, Ael decides on treason. Captain Kirk, her old enemy, joins her in a secret pact to destroy the research laboratory and free the captive Vulcans. When the Romulans discover their plan, the Neutral Zone seethes with schemes and counter-schemes, sabotage and war.

*When the Sparrow Falls* Neil Sharpson, 2021-06-29 Life in the Caspian Republic has taught Agent Nikolai South two rules. Trust No One. And work just hard enough not to make enemies. Here, in the last sanctuary for the dying embers of the human race in a world run by artificial intelligence, if you stray from the path—your life is forfeit. But when a Party propagandist is killed—and is discovered as a “machine”—he’s given a new mission: chaperone the widow, Lily, who has arrived to claim her husband’s remains. But when South sees that she, the first “machine” ever allowed into the country, bears an uncanny resemblance to his late wife, he’s thrown into a maelstrom of betrayal, murder, and conspiracy that may bring down the Republic for good. *WHEN THE SPARROW FALLS* illuminates authoritarianism, complicity, and identity in the digital age, in a page turning, darkly-funny, frightening and touching story that recalls Philip K. Dick, John le Carré and Kurt Vonnegut in equal measure. At the Publisher's request, this title is being sold without Digital Rights Management Software (DRM) applied.

*Tales of the Dominion War* Keith R. A. DeCandido, 2012-08-14

The Dominion War -- as seen in seasons 5,6 and 7 of Star Trek: Deep Space Nine -- introduced a major story arc to the Star Trek universe and brought the Federation closer than it had ever been to total annihilation. Against a background of conflict and chaos, alliances were made and broken, ideals compromised for the sake of survival, fortunes shifted and lives irrevocably shattered as the series explored the impact of war on combatant and civilian alike. It took countless lives and numerous acts of heroism and sacrifice on the part of many people -- human and Klingon, Bajoran and Romulan; yes, and Cardassian too -- to save the day and neutralize the threat of the Dominion. Now top Star Trek authors present twelve new stories of those whose courage helped to win the war, among them Captain Picard from Star Trek: The Next Generation and Captain Calhoun from Star Trek: New Frontier. Featured authors include Greg Cox, Peter David, Kevin Dilmore, Michael Jan Friedman, Dave Galanter, Robert Greenberger, Heather Jarman, Jeffrey Lang, David Mack, Andy Mangels, Michael A. Martin, Josepha Sherman, Susan Schwartz, Dayton Ward and Howard Weinstein.

*Star Trek: The Q Conflict* Scott Tipton,David Tipton,2019-10-30 The captains of the Original Series, The Next Generation, Voyager, and Deep Space Nine meet for the first time in a contest of unwilling champions! When a dispute between godlike beings threatens the galaxy, it will take all of Starfleet's best captains to stop them. Join James T. Kirk, Jean-Luc Picard, Kathryn Janeway, and Benjamin Sisko as they go head-to-head in a competition that will determine the fate of the Earth and beyond. Will they be able to emerge victorious, or will they be torn apart by THE Q CONFLICT?

**Star Trek Omnipedia** Simon & Schuster,1995-08-01 The ultimate Star Trek resource is based on the Star Trek Encyclopedia and contains thousands of entries. True-to-life 3D renderings, video, animation, blueprints, technical diagrams and color photos are used to illustrate and demonstrate a cornucopia of Star Trek

facts, trivia and memorabilia. An amazing voice recognition technology allows you to access the entire database using spoken commands. System Requirements: Windows 3.1 or higher; multimedia PC using 386/33MHz or better; 4MB RAM (8MB required for QuickTime VR); SVGA card with 256 colors; color SVGA monitor; MPC compliant sound card and mouse; double-speed CD-ROM drive.

**I, Q** John de Lancie, John De Lancie, Peter David, 2000 Science fiction roman.

*Hayward's Reach* Thaddeus Howze, 2011-12 *Hayward's Reach* is a series of short stories told by the last survivor after an unexpected cataclysm destroys the birthplace of Pan-Humanity and its attendant species. Glendale Mokoto, now as a Scout of the Corvan Empire which rescued the remnants of Pan-humanity, has time on his hands and uses it to study temporal records in which the entire history of Old Earth is embedded. Looking though time and space he reminisces about an Earth that no longer exists. In these tales, Mokoto studies both the past and the future of Pan-Humanity, its allies and enemies, and learns even in his current state of in-humanity what it really means to be truly human. *Hayward's Reach* is divided into four sections: *The Fables of Old Earth*: Stories about humans as we might remember them still struggle for survival against a world which only seems to be under their control; instead a hidden reality is just beyond the sight of these early humans, a reality which affects the ultimate destiny of the species. *A Time of Troubles*: The quest for wealth and power affects the choices of both man and god alike. Dark pacts are often made in order to satisfy avarice and the innocent are its first victims. *Entering the Penumbra*: Tales of the darkest nature; a descent into depravity, deprivation and destruction. Each tale reinforcing the horror of the last. But even in this time, a single hope always flickers, a voice brave enough to claim victory, at least some of the time... *The Diaspora of Earth*: the final tales of the Human species after the destruction of Earth. Six adventures

of Pan-Humanity's struggles in a hostile universe, more alien than they imagined with creatures whose powers are only hinted at, capable of altering matter and energy which hint at even recreating the Earth, for a price

**The Captain's Children** Mrs. D. P. Sanford, 1880

**Danny Dunn and the Anti-Gravity Paint** Jay

Williams, Raymond Abrashkin, 2014-11-15 Through a mishap in Professor Bulfinch's laboratory, Danny accidentally creates an anti-gravity paint. The natural use, of course, is for a spaceship -- the paint can replace rockets to get the ship into space. Unfortunately, the spaceship is launched prematurely after Danny and Joe follow Professor Bulfinch and Dr. Grimes on a tour of the ship. A mechanical failure dooms the four to a one-way trip out of the Solar System -- unless they can repair the spaceship in time! This is the first of the 15-volume Danny Dunn series and features the original cover by acclaimed artist Ezra Jack Keats. Look for Danny Dunn on a Desert Island, the second volume of the series, coming soon from Wildside Press!

*Star Trek, Deep Space Nine* Herman Zimmerman, Rick Sternbach, Doug Drexler, 1998 For the very first time, the secrets of Star Trek's most vital space station are revealed in hundreds of schematic diagrams and illustrations.

*Digital Design of Nature* Oliver Deussen, Bernd

Lintermann, 2006-03-30 What is computer graphics and what are the conceptual tasks of research in this area? To the average person the term still conveys more or less the design of - gos and the manipulation of pictures with the help of image-editing programs. However, during the past four decades, computer graphics has evolved into an innovative multifaceted field of research and computing that affects many other sciences. In many areas and for many problems we can best convey an understanding through images that trigger our sense with the highest capability: our eye. And, what is more, aside from algorithms, formulas, and tables, the computer graphics scientist often is able to

create beauty. Though it is a beauty of its own, it often fascinates the viewer, especially when complex aesthetic images emerge from simple mathematical concepts. Also, there are only a few other areas that advance as dynamically as inf- matics and especially computer graphics. While CPU capacity still increases and is almost doubled every 18 months, the rendering speed and ef?ciency of graphics boards has increased even more during recent years. Today, images can be rendered in real time that some years ago still required several hours of computing. Parallel to the rapid improvement of computer hardware, many newalgorithms weredevelopedthattoday form the basis for some fundamental changes and achievements in graphics.

**Star Trek Spaceflight Chronology** Stan Goldstein, Fred P. Goldstein, 1980 Covers the history of space flight from the beginning of the twentieth century through the year 2202, with the story of man's conquest of the stars chronicled in illustrations and star maps

*Portable Life Support Systems* ,1970

*Hardware: The Definitive SF Works of Chris Foss* Chris Foss, 2011-09-06 Foss's groundbreaking and distinctive science fiction art revolutionized paperback covers in the 1970s and 80s. Dramatically raising the bar for realism and invention, his trademark battle-weary spacecraft, dramatic alien landscapes and crumbling brutalist architecture irrevocably changed the aesthetic of science fiction art and cinema. Featuring work for books by Isaac Asimov, E. E. 'Doc' Smith, Arthur C. Clarke, A. E. Van Vogt and Philip K. Dick, and film design for Ridley Scott and Stanley Kubrick, this volume brings together many rare and classic images that have never been seen or reprinted before. The first comprehensive retrospective of Chris Foss's SF career. "Chris Foss' name has become pre-eminent among sf artists... He is in love with the monstrous, with angular momentum, with inertia-free projectiles and irresistible objects." — Brian Aldiss "[Foss'] creations are real machines, not just an artist's dreams. They

combine the two elements so essential to science fiction: realism and a sense of wonder... A medieval goldsmith of future eons.” — Alejandro Jodorowsky

*Jane Austen's Cults and Cultures* Claudia L.

Johnson,2014-04-04 Johnson begins by exploring the most important monuments and portraits of Austen, considering how these artifacts point to an author who is invisible and yet whose image is inseparable from the characters and fictional worlds she created. She then passes through the four critical phases of Austen's reception.
