**Science Fiction Adventure: Script of Star Trek** Rodrick Freeman, 2021-05-25 The dialogue has improved and the story elements are more in tune. In the 24th century, Captain Jean Luc Picard awakens from a nightmare in which he relived his assimilation by the cybernetic Borg six years earlier. He is contacted by Admiral Hayes, who informs him of a new Borg threat against Earth. Picard's orders are for his ship, USS Enterprise, to patrol the Neutral Zone in case of Romulan aggression; Starfleet is worried that Picard is too emotionally involved with the Borg to

join the fight. Learning the fleet is losing the battle, the Enterprise crew disobeys orders and heads for Earth, where a single Borg Cube ship holds its own against a group of Starfleet vessels. Enterprise arrives in time to assist the crew of USS Defiant and its captain, the Klingon Worf. After Admiral Hayes is killed, Picard takes control of the fleet and directs the surviving ships to concentrate their firepower on a seemingly unimportant point on the Borg ship. The Cube is destroyed after launching a smaller sphere ship towards the planet. Enterprise pursues the sphere into a temporal vortex. As the sphere disappears, Enterprise discovers Earth has been altered, it is now populated entirely by Borg. Realizing the Borg has used time travel to change the past, Enterprise follows the sphere through the vortex.

**Titan #1: Taking Wing** Michael A. Martin, Andy Mangels, 2005-04-01 William Riker, former first officer of the USS Enterprise in Star Trek: The Next Generation, takes command of the new USS Titan in this white-knuckled adventure perfect for longtime and new Star Trek fans. After almost a decade of strife against foes such as the Borg, the Cardassians, the Klingons, and the Dominion, the United Federation of Planets is at the dawn of a new era. Starfleet is renewing its mission of peaceful exploration, diplomacy, and the expansion of knowledge. Among the starships spearheading that endeavor is the USS Titan, commanded by Captain William T. Riker and manned by the most biologically varied and culturally diverse crew in Starfleet history. But their mission does not begin according to plan. In the wake of Star Trek: Nemesis, Praetor Shinzon, slayer of the Romulan Senate, is dead. The power vacuum created by his demise has put the Romulan Star Empire, longtime adversary of the Federation, at the brink of civil war. Competing factions now vie for control of their fragmenting civilization, and if the empire should fall, that entire area of the galaxy may destabilize. To restore order to the region, Titan's long-anticipated mission of exploration is delayed as Starfleet assigns Riker to set up power-sharing talks among the Romulan factions. But even as the first tentative steps are taken toward building a new Romulus, the remnants of the Tal Shiar, the dreaded Romulan intelligence service, are regrouping behind the scenes for a power play of their own. With no other help available, Riker and the Titan crew become the last hope to prevent the quadrant from falling into chaos.

Becoming Human: The Seven of Nine Saga Various, 2010-06-15 Of all the diverse races and civilizations encountered by Starfleet, none have been as fearsome and unstoppable as the cybernetic life-form known as the Borg™. Captain Jean-Luc Picard of the Starship Enterprise™ considered them the closest thing to pure evil that he had ever faced. So who could have guessed that an unrepentant Borg could become a valuable crew member aboard a Federation starship? Here, complete in one volume, are the scripts for the original episodes of Star Trek: Voyager® that brought Seven of Nine aboard Captain Janeway's ship. These powerful and thought-provoking narratives trace her tumultuous development from an anonymous Borg drone to an unique and exceptional individual, whose rediscovery of her own lost humanity has only just begun. Relive the drama and conflict that have made Seven of Nine one of the most fascinating characters on television today -- and in the depths of the Delta Quadrant.
