But her new boss, Dr. Elizabeth Lense, doesn't want her there, her mentor, Captain Gold, is surly and unapproachable, and she finds the atmosphere on the da Vinci to be radically different from what she expected. Sarjenka's trial by fire comes when the da Vinci is sent to Betrisius, where neural implants that are used to rehabilitate criminals in lieu of prisons are malfunctioning. The S.C.E. team must find a way to repair the damage -- and learn the truth behind why the implants aren't working before the planet devolves into chaos.... Star Trek: Fatal Error Keith R. A. DeCandido, 2000-09-13 Take it apart, figure it out, put it back together. That's the ongoing mission of the U.S.S. da Vinci, commanded by Captain David Gold and his first officer, Commander Sonya Gomez, late of the Starship Enterprise™ and one of Starfleet's top engineers. They oversee a crack S.C.E. team composed of specialists in such diverse fields as tactical systems, alien cultures, computers, linguistics, and cryptography. Together they're ready to cope with just about every kind of high-tech challenge imaginable -- and a few that nobody could have imagined. For centuries, the planet Eerlik has had a thriving civilization, completely run, maintained, and administered by a giant sentient computer. But now that computer is breaking down and the desperate inhabitants are helpless to repair the damage. Only the crew of the U.S.S. da Vinci, accompanied by Geordi La Forge, can hope to fix the massive computer before the Eerlikkan society collapses entirely. Their mission grows more dangerous, however, when they discover evidence of sabotage -- and learn firsthand that hostile forces will do whatever it takes to stop Gold and his crew from saving the imperiled planet!

First Contact John Vornholt, 2002-08-25 An original spin-off novel set in the popular Star Trek: The Next Generation universe from bestselling author John Vornholt. From the deepest, darkest reaches of space came the greatest threat the Federation had ever faced: the Borg™. Half organic/half mechanical, the Borg were relentless and bent on conquering and assimilating all intelligent life; a single Borg vessel destroyed 39 Federation starships, decimating Starfleet. Only the courage and determination of Captain Jean-Luc Picard and his crew prevented the Borg from striking at the heart of the Federation and Earth itself in the year 2367. Picard and the USS Enterprise™ were able to score a stunning victory against the Borg. But all that has changed, and the Borg are back... Stronger and more dangerous than ever, they are ready to launch a new attack against the Federation, one that threatens its past...present...and future. Once again, Captain Picard, Commander Riker, Lieutenant Commander Data and the rest of the crew must face their greatest foe in a startling confrontation that will take them across time and put them face-to-face with their relentless enemy, revealing the Borg Collective's deadliest secret...and its true face.

Star Trek: Enterprise: Last Full Measure Michael A. Martin, Andy Mangels, 2006-09-14 Without warning or provocation an alien weapon appears above Earth and unleashes a blast that kills millions across two continents. A second such weapon could destroy the entire planet. In a desperate bid to save Earth and its people, Starfleet must change its mission from one of peaceful exploration to one of military service. Only the Starship Enterprise is fast enough to stop the production of a second Xindi weapon. But the crew cannot do it alone, and Captain Jonathan Archer accepts a contingent of Military Assault Command Operations personnel -- battle-hardened soldiers known as MACOs -- on board his ship. Starfleet and the MACOs are two very different services sharing a common goal, but divided in their views of how to attain it. It is a culture clash that echoes across centuries of military service. The men and women on board the Enterprise understand that somehow they must succeed in working together or the price will be paid in blood -- failure is not an option.

Kirk and the Starship Enterprise™ are sent back to System 7348 -- site of a previous skirmish with the Klingons -- for a confrontation with the I.K.S. D'k Tahg under the command of Captain Koloth. Even as the two great ships face each other, trouble is brewing among their crews. On the Enterprise, Lieutenant Leslie Parrish is pregnant with a half-Klingon child and must face a critical decision about her future, while Section Chief Michael Fuller still carries the wounds of the twenty-five-year-old Battle of Donatu V, of which he was one of the few survivors -- not to mention his grief over the death of his son, recently killed in battle against the Klingons. On the D'k Tahg, First Officer

Karel finds himself trapped between the scheming, dishonorable Councillor Duras and his commanding officer, Koloth. While the stakes only seem to be the possession of a single star system, the ramifications may spread throughout the Klingon Empire, as they find themselves at a crossroads between conquest and honor!
