Star Trek: Mirror Universe: Obsidian Alliances Peter David,Keith R. A. DeCandido,Sarah Shaw,2007-03-20 Some say the line between good and evil is narrower than we imagine -- a divide as subtle as a mirror, and perhaps just as deep. To peer into its black, reflective glass is to know the dark potential we each possess, and we cross that obsidian boundary at our peril . . . into a world where we no longer recognize who we are or what we believed ourselves capable of. In the late twenty-fourth century, decades after the fall of the once-mighty Terran Empire, the Klingon-Cardassian Alliance dominates the worlds that, in another reality, made up the United Federation of Planets. Humanity and its former subject races are now bound together by their shared oppression, slaves to their cruel and brutal conquerors. But a downtrodden few have found the courage and the strength of will to act. Inspired by visitors from another continuum to fight for their freedom, they have rekindled hope . . . and rediscovered an ancient truth: that every revolution begins with a vision. *Star Trek: VOYAGER* ® A rebel ship commanded by a former slave named Chakotay attempts to evade pursuit in the Badlands . . . only to encounter a strange ship that was catapulted seventy thousand light-years across the galaxy. On board the craft are two aliens, one of whom has the potential to completely alter the balance of power within the Alliance. But as both sides of the struggle race to get to the stranger first, treachery throws all schemes into a tailspin. *Star Trek: NEW FRONTIER* ® Following the Terran Empire's collapse, its longtime rival, the Romulan Star Empire, has absorbed many of the fringe civilizations spread across that part of the galaxy. One of the Romulans' slaves is M'k'nzy of Calhoun, a savage and unpredictable Xenexian who dreams of death . . . and who learns the value of freedom from the unlikelyst of teachers, a Romulan named Soleta. *Star Trek: DEEP SPACE NINE* ® One fallen dictator's struggle to regain her power and her position leads to the discovery of a bold rebel plan for a decisive military strike against the Alliance. But while Kira Nerys navigates the dangerous road of politics, sex, and military intrigue that she believes will lead her back to reclaiming the Intendancy, cracks form in the rebel leadership, leading to a showdown that will change the course of the Mirror Universe.

Following the failure of the attempt to steal ships from the Prime Universe, Picard and the Mirror Crew are called back to Earth to report to the Emperor personally... so long as they can survive the trip!

Dark Mirror Diane Duane,2012-12-11 One hundred years ago, four crewmembers of the U.S.S Enterprise™ crossed the dimensional barrier and found a mirror image of their own universe, populated by nightmare duplicates of their shipmates. Barely able to escape with their lives, they returned, thankful that the accident which had brought them there could not be duplicated, or so they thought. But now the scientists of that empire have found a doorway into our universe. Their plan is to destroy from within, to replace a Federation Starships with one of their own. Their victims are the crew of the U.S.S. Enterprise NCC-1701-D, who now find themselves engaged in combat against the most savage enemies they have ever encountered, themselves.

Genesis Force John Vornholt,2012-10-16 The full extent of the devastation caused by the Genesis Wave is only now being recognised. An entire sector of space has been reduced to the most primitive levels, and more than one high-tech interstellar civilisation lies in ruins. Helping rebuild them from the ground up is the Genesis Force, a covert Federation group of humans and aliens with extra abilities greater than those of the average humanoid. Their mission: to remake the devastated worlds so that new life can flourish, and to protect the people of the newly named Genesis Sector from those who would seek to conquer and exploit them.

Kobayashi Maru Michael A. Martin,Andy Mangels,2008-08-26 To protect the cargo ships essential to the continuing existence of the fledgling Coalition of Planets, the captains of the United Earth's Starfleet are ordered to interstellar picket duty, with little more to do than ask Who goes there? into the darkness of space. Captain Jonathan Archer of the Enterprise™ seethes with frustration, wondering if anyone else can see what he sees. A secret, closed, militaristic society, convinced that their survival hangs by a thread, who view their neighbors as a threat to their very existence -- the Spartans of ancient Greece, the Russians of the old Soviet Union, the Koreans under Kim Il-sung -- with only one goal: attain ultimate power, no matter the cost. The little-known, never-seen Romulans seem to live by these same principles. The captain realizes that the bond between the signers of the Coalition charter is fragile and likely to snap if pushed. But he knows that the Romulans are hostile, and he believes they are the force behind the cargo ship attacks. If asked, Archer can offer no proof without endangering his friend's life. To whom does he owe his loyalty: his friend, his world, the Coalition? And by choosing one, does he not risk losing all of them? What is the solution to a no-win scenario?
