The Inner Game of Tennis W. Timothy Gallwey, 1997-05-27 The timeless guide to achieving the state of “relaxed concentration” that’s not only the key to peak performance in tennis but the secret to success in life itself—part of the bestselling Inner Game series, with more than one million copies sold! “Groundbreaking . . . the best guide to getting out of your own way . . . Its profound advice applies to many other parts of life.”—Bill Gates, GatesNotes (“Five of My All-Time Favorite Books”) This phenomenally successful guide to mastering the game from the inside out has become a touchstone for hundreds of thousands of people. Billie Jean King has called the book her tennis bible; Al Gore has used it to focus his campaign staff; and Itzhak Perlman has recommended it to young violinists. Based on W. Timothy Gallwey’s profound realization that the key to success doesn’t lie in holding the racket just right, or positioning the feet perfectly, but rather in keeping the mind uncluttered, this transformative book gives you the tools to unlock the potential that you’ve possessed all along. “The Inner Game” is the one played within the mind of the player, against the hurdles of self-doubt, nervousness, and lapses in concentration. Gallwey shows us how to overcome these obstacles by trusting the intuitive wisdom of our bodies and achieving a state of “relaxed concentration.” With chapters devoted to trusting the self and changing habits, it is no surprise then, that Gallwey’s method has had an impact far beyond the confines of the tennis court. Whether you want to play music, write a novel, get ahead at work, or simply unwind after a stressful day, Gallwey shows you how to tap into your utmost potential. No matter your goals, The Inner Game of Tennis gives you the definitive framework for long-term success.

Q's Guide to the Continuum Michael Jan Friedman, Robert Greenberger, 1998-09-01 Captain's log, Stardate Eleventy-leven eighty six point negative nine. Charted a blah blah blah with my blah blah crew today, collecting samples of blah blah blah... Aren't you tired of surveying all the brave new worlds and startling new civilizations of the galaxy with the safe, polite, politically correct members of the Federation? After all, they only have fun when they break their own rules and leave a communicator behind on a planet of curious mimics, or travel through time to play with tribbles. Wouldn't you rather travel the stars with me? Who am I? Spelled the same way front as back: Q! You've heard of me. All-seeing, all-knowing, dashing beyond comparison. The Q have been here since the dawn of time (and in some cases, a little before that, but that's another story), and we've seen it all. But I've put it all together in a form you can understand. The title? Q's Guide to the Continuum! (Well, what did you think I would call it? Picard's Incessant Droning About Stellar Gas Formations?) Want to know what the longest-lived race in the galaxy is? It's here. Ever wonder who is the greatest mass murderer of all time? I know that, too. And are you dying to find out if a certain relative of mine ever played the harpsichord while dressed like a Victorian nobleman? Well, there are some things I won't tell you, but the rest will be revealed in Q's Guide to the Continuum! (Love that title, don't you?) Prepare to be enlightened!
