Facial Magic - Rediscover the Youthful Face You Thought You Had Lost Forever! Cynthia Rowland,2017-05-10 Once in a while a product line comes along that offers men and women the opportunity to truly reclaim the youthful face they thought they had lost forever. Without drugs, electricity or anything harmful or hurtful millions of people worldwide have successfully and reliably used exercise to trim, lift and tone sagging muscles. Just like muscles

in the body can be exercised, the facial muscles can greatly benefit from exercise but not just any exercise will do. Contortions, twists, puckers and funny faces will not shape or contour sagging facial muscles in a mature face. The Facial Magic facial exercise system will lift, tone and tighten sagging facial muscles. These proven, easy-to-execute isometric movements require only minutes a day to perform and most users say they look 5, 10 even 15 years younger in just weeks as eyelids tighten, eye brows lift, the forehead smoothes, jowls and pouches melt away as double chins lessen, dramatically revealing a sculpted jaw line. Facial Magic provides the look of a face lift without surgery, seams or risk of infection. Using only the thumbs and fingers while wearing special exercise gloves, your age erasers will produce immediate lifting and tightening of the facial features. In about three weeks the appearance of fine lines and wrinkles become less apparent as the muscles plump up the skin helping the user's face look refreshed, radiant and younger. This book contains all 18 Facial Magic exercises. Learn two exercises each week - each exercise requires 35 seconds - so in just minutes a day you will feel and see the youthful results you desire.

Many Kingdoms Elizabeth Garver Jordan,1908 At the beginning of her breakdown the intervals between intelligent consciousness and insanity had been long. She was herself, or was able to keep herself fairly in hand, the greater part of the time, and chaos, when it came, lasted only for a few days or weeks. Recently this condition had been reversed. She had lost knowledge of time, but she felt that centuries must have passed since those last flying, blessed hours when she knew herself at least for what she was. She grasped now at her returning reason, with a desperate, shuddering little moan, which she quickly stifled.
