A Santal Dictionary P. O. Bodding,1998-03 Santali, or the language of the Santhals, is spoken by the sons of the soil in a large territory spread over Bihar, West Bengal, Orissa and North-Eastern India. Apart from Santhals several other tribes also use Santali as their dialect. Though several dictionaries on the Santali language have been compiled by earlier Christian missionaries to spread the message of Bible in the local idiom, Bodding's remains

the most exhaustive, most elaborate and most acceptable of all the lexicons. The entries carry not only the meaning and usage but also ethnological description. The reason is to help all readers who use the dictionary for clearer understanding of what each word stands for or refers to. With parantheses at the end of each article some etymological matter has been added. Foreign words which have been assimilated into Santali are included. In all, the dictionary is the only complete and authoritative reference work for those who want to use Santali either as mother tongue or neighbouring or foreign language.

*Asian Material Culture* Marianne Hulsbosch, Elizabeth Bedford, Martha Chaiklin, 2009 This richly illustrated volume offers the reader unique insight into the materiality of Asian cultures and the ways in which objects and practices can simultaneously embody and exhibit aesthetic and functional characteristics, as well as everyday and spiritual aspirations. Though each chapter is representative, rather than exhaustive, in its portrayal of Asian material culture, together they clearly demonstrate that objects are entities that resonate with discourses of human relationships, personal and group identity formations, ethics, values, trade, and, above all, distinctive futures.

*Original Grin* Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

**Art + Care** Janna Graham, 2013 **Art + Care: A Future** is a publication that speculates on future alliances between the fields of art and elderly care. The book is based on essays by key thinkers on issues of aging and the future, and is contextualised by case studies from five years of the Serpentine Gallery's work in placing artists, designers, researchers and architects in the field of elderly care through the project Skills Exchange: Urban Transformation and the Politics of Care 2007-2012. Beyond providing a service for the role of the care sector, the contributions argue that art has a role to play in challenging the marginalisation of the aged, while aging provokes fundamental questions to the field of art. This book includes theoretical, artistic, curatorial and sociological reflections from Marcus Coates, Alex H. and St. John's Hospice, Beatrice Gibson and Camden Homes for Older People, amongst various others.
