The Strange Case of Origami Yoda (Origami Yoda #1) Tom Angleberger, 2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining." F&P Level: T F&P Genre: RF

Star Wars Origami , 2012-08-07 Kids love origami—and what could be cooler than transforming a

piece of paper into Boba Fett, Princess Leia, Yoda, or R2-D2? And not just any paper, but custom-designed paper illustrated with art from the movies. Star Wars® Origami marries the fun of paper folding with the obsession of Star Wars. Like *The Joy of Origami* and *Origami on the Go*, this book puts an original spin on an ancient art. And like Star Wars® Scanimation® and Star Wars® Fandex®, it's a fresh take on Star Wars mania. Chris Alexander is a master folder and founder of the popular website StarWarsOrigami.com, and here are 36 models, clearly explained, that range in difficulty from Youngling (easy) to Padawan (medium), Jedi Knight (difficult), and Jedi Master (tricky!). A front section introduces origami definitions and basic folds. Bound in the back is the book's unique folding paper, two sheets for each figure. Illustrated with original art, it makes each creation—the essential lightsabers, the Death Star, and much more—true to the movies. Star Wars Origami includes a foreword by Tom Angleberger, author of the New York Times bestsellers *The Strange Case of Origami Yoda* and *Darth Paper Strikes Back*, and is scheduled to be published at the same time as Angleberger's upcoming book, *The Secret of the Fortune Wookiee*.

Energiya-Buran Bart Hendrickx,Bert Vis,2007-12-05 This absorbing book describes the long development of the Soviet space shuttle system, its infrastructure and the space agency's plans to follow up the first historic unmanned mission. The book includes comparisons with the American shuttle system and offers accounts of the Soviet test pilots chosen for training to fly the system, and the operational, political and engineering problems that finally sealed the fate of Buran and ultimately of NASA's Shuttle fleet.

Wookiee Cookies Robin Davis,2016-01-26 Boba Fett-Uccine and Princess Leia Danish Dos are just the beginning when the Force is with you in the kitchen. Wookiee Cookies is your invitation to fine culinary experiences in the Star Wars frame of mind. From C-3PO Pancakes to Jedi Juice Bars, this intergalactic Star Wars cookbook features healthy snacks, delicious dishes, sweet treats, and easy main courses no Rebel can resist. The ebook includes hilarious photos and safety tips for cooking on Earth as well as in most space stations. Age is no issue when it comes to Star Wars cuisine-kids as well as adults will have a great time with this book. Whether you drove to your first Star Wars flick or

just had your fifth birthday, there's no reason you can't whip up some Crazy Cantina Chili at near light speed.

Easy Origami Fumiaki Shingu, 2007 Origami is the 1,000-year old tradition of Japanese paper folding. This full-color book by Japanese origami master Fumiaki Shingu features a dozen and a half specially commissioned, easy-to-do origami projects. *Easy Origami* provides the perfect guide for beginners as well as those looking to develop their skills. (from back cover)

Star Wars Paper Models Bill Scollon, 2021-10-26 This keepsake book includes pieces to build 25 detailed paper models of Star Wars vehicles from across all 9 episodes of the Skywalker saga! Each model also has a corresponding trading card that includes captivating information about each vehicle. This combination model kit and keepsake book will take you on an adventure through the entire Skywalker saga. Inside, you'll find beautifully illustrated and highly detailed punch-out pieces and step-by-step instructions for constructing 25 iconic Star Wars vehicles, including the Millennium Falcon, a TIE fighter, and an X-wing. A collectible keepsake fact book contains fascinating story synopses and

vehicle details, so you'll discover little-known tidbits about each vehicle as you build the models. Each vehicle also comes with a collectible trading card. Star Wars fans across the spectrum will enjoy assembling and displaying this collection of replica vehicles from a galaxy far, far away.

Star Wars Crochet Lucy Collin, 2015-05-12 Have you ever wanted to cuddle Chewbacca or hug Yoda? The Star Wars Crochet book comes with step-by-step instructions, complete with photos. Possible projects could include: Wicket the Ewok, Chewbacca, Stormtrooper, Darth Vader, Luke Skywalker, Princess Leia, Han Solo Yoda, C-3PO, R2-D2, Jabba the Hutt, Boba Fett.

Butts on Things Brian Cook, 2021-11-02 Because Everything Looks Better with a Butt In Brian Cook's debut collection of fun, offbeat illustrations, beers have rears, Tetris® becomes Butris and balloons bear backsides. Hot dog buns have buns of their own, and condiments are down-right cheeky. Shatter your assumptions about who and what can rock a rump because with a little imagination, anything is possible. Whether you're seeking a good chuckle, are into unconventional art or are simply looking to get to the bottom of an eccentric curiosity, you won't want to put this gem of a

book down.

Horton Halfpott Tom Angleberger, 2011-05-01 A servant boy becomes an unlikely hero when a thief strikes in this humorous historical mystery by the author of *The Strange Case of Origami Yoda*. There are so many exciting things in this book—a Stolen Diamond, snooping stable boys, a famous detective, love, pickle éclairs—that it really does seem a shame to begin with ladies’ underwear . . . It all starts when M’Lady Luggertuck loosens her corset. As a result of “the Loosening,” all the strict rules around Smugwick Manor are abandoned. Shelves go undusted! Cake is eaten! Lunch is lukewarm! Then, when the precious family heirloom, the Luggertuck Lump (quite literally a lump), goes missing, the Luggertucks search for someone to blame. Could the thief really be Horton Halfpott, the good-natured but lowly kitchen boy who can’t tell a lie? A colorful and hilarious cast comes together in this entertaining mystery, Tom Angleberger’s loopyest novel yet! Praise for Horton Halfpott “A positively gleeful historical mystery farce. . . . A satirical homage to Dickens by way of Pratchett and Snicket. Short chapters, a fast pace and plenty of linguistic and slapstick humor will have young readers

hoping that a sequel is planned. The scribbly pen-and-ink chapter-heading cartoon illustrations are just icing on the cake—or pickle éclair. A romp from start to finish.” —Kirkus Reviews “Angleberger delivers many spoonfuls of sugar alongside the moral of this Victorian fable.” —Shelf-Awareness “Readers are in for a treat.” —Publishers Weekly

A Handbook of Small Data Sets David J. Hand, Fergus Daly, K. McConway, D. Lunn, E.

Ostrowski, 1993-11-01 This book should be of interest to statistics lecturers who want ready-made data sets complete with notes for teaching.

Papertoy Monsters Brian Castleforte, 2010-12-29 A breakthrough paper-folding book for kids—paper airplanes meet Origami meets Pokemon. Papertoys, the Internet phenomenon that’s hot among graphic designers and illustrators around the world, now comes to kids in the coolest new book. Created and curated by Brian Castleforte, a graphic designer and papertoy pioneer who rounded up 25 of the hottest papertoy designers from around the world (Indonesia, Japan, Australia, Italy, Croatia, Chile, even Jackson, Tennessee), Papertoy Monsters offers 50 fiendishly original die-cut

designs that are ready to pop out, fold, and glue. The book interleaves card stock with paper stock for a unique craft package; the graphics are colorful and hip, combining the edginess of anime with the goofy fun of Uglydolls and other collectibles. Plus each character comes with its own back-story. And the results are delicious: meet Pharaoh Thoth Amon, who once ruled Egypt but is now a mummy who practices dark magic in his sarcophagus. Or Zumbie the Zombie, who loves nothing more than a nice plate of brains and yams. NotSoScary, a little monster so useless at frightening people that he has to wear a scary mask. Yucky Chuck, the lunchbox creature born in the deepest depths of your school bag. Plus Zeke, the monster under your bed, Nom Nom, eater of cities, and Grumpy Gramps, the hairy grandpa monster with his very own moustache collection.

Mighty Fitz Michael Schumacher, 2008-12-01 The disappearance of the Edmund Fitzgerald remains one of the great unsolved mysteries in maritime history. Michael Schumacher relays in vivid detail the story of the Edmund Fitzgerald, its many productive years on the waters of the Great Lakes, its tragic demise, the search effort and investigation, as well as the speculation and the controversy

that followed in the wake of the disaster. Michael Schumacher is the author of six books. He has written 25 documentaries on Great Lakes shipwrecks, including three about the Edmund Fitzgerald. In his ballad, Mr. Lightfoot sang about the Fitz's final tense moments, when the waves turn minutes to hours: Now the hours have lengthened into years and years into decades-but the allure of this doomed ship and its missing men remains as strong as ever.-Wall Street Journal

Star Wars The Story of Darth Vader DK,2017-06-15 Star Wars™: The Story of Darth Vader combines DK's new three-level reading scheme with the successful Star Wars brand, and will help children learn how to read - and learn to love reading. For children who are Starting to Read Alone developing skills to read confidently, fluently and with good understanding. Find out how a young Anakin Skywalker struggled with the Force and eventually turned to the Dark Side and became Darth Vader. DK Reads are levelled into stages to help every child progress and become a confident reader. They feature engaging and highly illustrated topics that appeal to kids. Narrative spreads are supported with interactive genre spreads to encourage children to access information from a range of

sources and develop comprehension skills. © & TM 2017 LUCASFILM LTD.

KHAGESVARA SUJITH SUKUMAR,2021-05-19 It is the story of Yuga, a mysterious young warrior, who was born and brought up in the forest. He lives with his Guru who tries to save the hidden secrets of the Shatapatha Kingdom from the followers of Darkness. Their ancestors are afraid of the rebirth of the Shadow of Darkness Lord in the future. Aryan is the king of their kingdom, who is wise and generous. He and his protectors begin their Tapasya to please their creator, 'Garuda - The King of Birds' for grace and to defend them from the followers of Lord Darkness. The Creator pleases and boon them with the hidden secrets, and also, reminds them to do some karma so that they can own the hidden secrets. In the middle of a battle, the Shatapathans find one of their protectors who had disappeared with King Aryan for so many years. The protector sends Yuga with them. It's a journey of Yuga exploring the hidden secrets.

From Cave Man to Cave Martian Manfred "Dutch" von Ehrenfried,2019-04-05 This book explores the practicality of using the existing subsurface geology on the Moon and Mars for protection against

radiation, thermal extremes, micrometeorites and dust storms rather than building surface habitats at great expense at least for those first few missions. It encourages NASA to plan a precursor mission using this concept and employ a “Short Stay” Opposition Class mission to Mars as the first mission rather than the “Long Stay” concept requiring a mission that is too long, too dangerous and too costly for man’s first missions to Mars. Included in these pages is a short history on the uses of caves by early humans over great periods of time. It then describes the ongoing efforts to research caves, pits, tunnels, lava tubes, skylights and the associated technologies that pertain to potential lunar and Mars exploration and habitation. It describes evidence for existing caves and lava tubes on both the Moon and Mars. The work of noted scientists, technologists and roboticists are referenced and described. This ongoing work is more extensive than one would think and is directly applicable to longer term habitation and exploration of the Moon and Mars. Emphasis is also given to the operational aspects of working and living in lunar and Martian caves and lava tubes.

God Complex Vol. 1: Dogma Paul Jenkins, 2018-07-18 A young forensics investigator finds his

worldview turned upside down when a bizarre religious triple homicide introduces him to the Rulers, godlike beings who have ruled humanity since the dawn of time. From writer PAUL JENKINS (SPAWN: RESURRECTION, The Inhumans, Marvel Knights: Sentry) and artist HENDRY PRASETYA (Mighty Morphin Power Rangers), GOD COMPLEX: DOGMA is a unique spin on ancient mythology with a focus on one man's journey of faith. Collects GOD COMPLEX #1-6

Rogue Squadron: Star Wars Legends (Rogue Squadron) Michael A. Stackpole, 1996-01-01 In this essential Star Wars Legends novel, discover the legacy of Rogue Squadron and its fabled pilots, who became a symbol of hope throughout the galaxy. They are sleek, swift, and deadly. They are the X-wing fighters. And as the struggle rages across the vastness of space, the fearless men and women who pilot them risk both their lives and their machines. Their mission: to defend the Rebel Alliance against a still-powerful and battle-hardened Imperial foe in a last-ditch effort to control the stars! Its very name strikes fear into enemy hearts. So when Rebel hero Wedge Antilles rebuilds the legendary Rogue Squadron, he seeks out only the best—the most skilled and most daring X-wing pilots. Through

arduous training and dangerous missions, he weeds out the weak from the strong, assembling a group of hard-bitten warriors willing to fight, ready to die. Antilles knows the grim truth: Even with the best X-wing jockeys in the galaxy, many will not survive their near-suicidal missions. But when Rogue Squadron is ordered to assist in the assault on the heavily fortified Imperial stronghold of Blackmoon, even the bravest must wonder if any at all will survive. . .

Star Wars Art: Posters (Limited Edition) Lucasfilm LTD, 2014-10-14 This deluxe, 244-page edition includes 5 hand-signed, archival-quality giclée prints by Howard Chaykin, Tom Jung, Roger Kastel, Drew Struzan, and Boris Vallejo, as well as 40 exclusive artworks. Featuring foil-stamped, real-cloth binding and housed in a lush clamshell case, this edition is limited to 325 copies. Few pieces of artwork distill the passion for Star Wars as do posters. From Tom Jung's iconic one-sheet for Episode IV to Roger Kastel's *Gone with the Wind*-inspired painting for Episode V and beyond, Star Wars has enjoyed nearly four decades of poster art from some of the most renowned artists working in movies. The fifth book in the George Lucas-curated Star Wars Art series, *Posters* collects the best artwork

from all six Star Wars films, the Star Wars: The Clone Wars animated television series, and limited-edition prints. This collection unites all of the action, artistry, and drama of a galaxy far, far away into one lavishly produced tome.

Obsessed with Star Wars Benjamin Harper, 2008-10 With 2,500 new questions to test your knowledge of the saga, this will challenge, delight, and stump even the most passionate and knowledgeable Star Wars fan.

Robots at Play Jeff De la Rosa, 2019 Robots are all around you. As robotics technology improves, robots are poised to take on even more important jobs, making your life easier, safer, and cooler! Not all robots assemble widgets or clean floors. Some of them are a lot of fun! Robots play table tennis, soccer--even music! Why have people made such robots? Learn what this fun-loving tech can do for us.
