The Shadow of the North Joseph Altsheler,2021-08-30 Book Excerpt: e him think of Willet as an old man, but he saw now that he was only in early middle age. There was not a gray hair on his head, and his face was free from wrinkles. An extraordinarily vivid memory of that night in Quebec when the hunter had faced Boucher, the bully and bravo, reputed the best swordsman of France, leaped up in Robert's mind. He had found no time to think of Willet's past recently and he realized now that he knew little about it. The origin of that hunter was as obscure as his own. But the story of the past and its mysteries must wait. The present was so great and overwhelming that it blotted out everything else. The venison and the bacon are ready, said Willet, and you two lads can fall on. You're not what I'd call epicures, but I've never known your appetites to fail. Nor will they, said Robert, as he and Tayoga helped themselves. What's the news from Britain, Dave? You must have heard a lot when you were in Albany. It's vague, Robert, vague. Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a HUBZONE SDVOSB. <https://usgovpub.com>

Original Grin Ron English,2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie Supersize Me; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on The Simpsons secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
