The Strange Case of Origami Yoda (Origami Yoda #1) Tom Angleberger,2012-08-07 In this funny, uncannily wise portrait of the dynamics of a sixth-grade class and of the greatness that sometimes comes in unlikely packages, Dwight, a loser, talks to his classmates via an origami finger puppet of Yoda. If that weren't strange enough, the puppet is uncannily wise and prescient. Origami Yoda predicts the date of a pop quiz, guesses who stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of *Star Wars: Return of the Jedi: Beware the Power of the Dark Side*, and hailed by *School Library Journal* as "honest, funny, and immensely entertaining." These field manuals serve as the definitive source of unclassified information on Soviet ground forces and their interaction with other services in combined arms warfare. These manuals represent the most current unclassified information and they will be updated periodically. More information would become available in the event of war or national emergency. Why buy a book you can download for free? We print the paperback book so you don't have to. First you gotta find a good clean (legible) copy and make sure it's the latest version (not always easy). Some documents found on the web are missing some pages or the image quality is so poor, they are difficult to read. If you find a good copy, you could print it using a network printer you share with 100 other people (typically its either out of paper or toner). If it's just a 10-page document, no problem, but if it's 250-pages, you will need to punch 3 holes in all those pages and put it in a 3-ring binder. Takes at least an hour. It's much more cost-effective to just order the bound paperback from Amazon.com This book includes original commentary which is copyright material. Note that government documents are in the public domain. We print these paperbacks as a service so you don't have to. The books are compact, tightly-bound paperback, full-size (8 1/2 by 11 inches), with large text and glossy covers. 4th Watch Publishing Co. is a HUBZONE SDVOSB. <https://usgovpub.com>

If Anything Happens I Love You Will McCormack,Michael Govier,2022-09-27 Unimaginable loss yields to the power of human connection in this simple, moving story from the filmmakers of the eponymous Oscar-winning film. An elegy on grief. Heavy pain exquisitely rendered. Kirkus Starred Review Based on the Academy Award-winning animated short by the same name, *If Anything Happens I Love You* is a young adult graphic novel that follows two parents as they reckon with the loss of their young daughter, Rose, in a school shooting. Readers follow Rose from “above” as she watches her parents slowly break down under the weight and pain of their loss. Throughout the novel, Rose’s soul seeks to help her parents reconnect. We learn who Rose was and how much life she lived in her short time. By incorporating a wide range of characters, her boyfriend, teacher, and her cat, Rose is able to introduce healing into the lives of the people she left behind. *If Anything Happens I Love You* may be a story about loss, but in it we see ourselves—in the grief, the pain, and, most importantly, in the fight toward human connection, love, and acceptance.
