The History of Medical Informatics in the United States Morris F. Collen,Marion J. Ball,2015-10-08 This is a meticulously detailed chronological record of significant events in the history of medical informatics and their impact on direct patient care and clinical research, offering a representative sampling of published contributions to the field. The History of Medical Informatics in the United States has been restructured within this new edition, reflecting the transformation medical informatics has undergone in the years since 1990. The systems that were once exclusively institutionally driven – hospital, multihospital, and outpatient information systems – are today joined by systems that are driven by clinical subspecialties, nursing, pathology, clinical laboratory, pharmacy, imaging, and more. At the core is the person – not the clinician, not the institution – whose health all these systems are designed to serve. A group of world-renowned authors have joined forces with Dr Marion Ball to bring Dr Collen's incredible work to press. These recognized leaders in medical informatics, many of whom are recipients of the Morris F. Collen Award in Medical Informatics and were friends of or mentored by Dr Collen, carefully reviewed, editing and updating his draft chapters. This has resulted in the most thorough history of the subject imaginable, and also provides readers with a roadmap for the subject well into later in the century.

Electronic Commerce 2018 Efraim Turban, Jon Outland, David King, Jae Kyu Lee, Ting-Peng Liang, Deborah C. Turban, 2017-10-12 This new Edition of *Electronic Commerce* is a complete update of the leading graduate level/advanced undergraduate level textbook on the subject. Electronic commerce (EC) describes the manner in which transactions take place over electronic networks, mostly the Internet. It is the process of electronically buying and selling goods, services, and information. Certain EC applications, such as buying and selling stocks and airline tickets online, are reaching maturity, some even exceeding non-Internet trades. However, EC is not just about buying and selling; it also is about electronically communicating, collaborating, and discovering information. It is about e-learning, e-government, social networks, and much more. EC is having an impact on a significant portion of the world, affecting businesses, professions, trade, and of course, people. The most important developments in EC since 2014 are the continuous phenomenal growth of social networks, especially Facebook, LinkedIn and Instagram, and the trend toward conducting EC with mobile devices. Other major developments are the expansion of EC globally, especially in China where you can find the world's largest EC company. Much attention is lately being given to smart commerce and the use of AI-based analytics and big data to enhance the field. Finally, some emerging EC business models are changing industries (e.g., the shared economy models of Uber and Airbnb). The 2018 (9th) edition, brings forth the latest trends in e-commerce, including smart commerce, social commerce, social collaboration, shared economy, innovations, and mobility.

Star Wars and History Lucasfilm,2012-11-13 At last—an analysis of the historical patterns that influenced the creation and storyline of the Star Wars saga. Star Wars took place long ago in a galaxy far, far away, but its epic stories are based on our own history. From Ancient Egypt and the Roman Empire to the French Revolution and the Vietnam War, *Star Wars and History* explores the major historical turning points, heroes, and villains in human history and their impact on the creation of the Star Wars saga. *Star Wars and History* shows how the atomic and hydrogen bombs led to the Death Star; how Princess Leia's leadership in the Rebel Alliance resembled the daring work of intrepid women in the French Resistance during World War II and the Mexican Revolution; historical parallels between the Jedi Code and Bushido as well as those linking the Jedi culture with that of the Templar Knights and other warrior monks; and all of the history that underlies the Star Wars galaxy. Read how our own civilization's civil wars, slavery, international corporation states, and teenage queens were transformed into the epic Star Wars history and discover how Tatooine reflects the lawless frontiers of the past and Coruscant our own history of glittering and greedy capitals. The first book devoted to analyzing the actual historical events in our past that influenced the creation of the space fantasy, *Star Wars Features* 11 essays by a wise council of history scholars, written in close collaboration with George Lucas and Lucasfilm Gives new insights into central Star Wars characters and historical figures who helped inspire them (including Luke Skywalker, Princess Leia, Han Solo, Darth Vader, Obi-Wan Kenobi, Queen Amidala, Yoda, Jabba the Hutt, Lando Calrissian, Emperor Palpatine, and others) Includes both stunning photos from the Lucasfilm Image Archives and historical photos that demonstrate the parallels between both worlds Filled with fascinating historical comparisons and background that will take your experience of the Star Wars saga to a new level, *Star Wars and History* is an essential companion for every Star Wars fan.

Shatterpoint: Star Wars Legends Matthew Stover,2005-12-06 In this essential Star Wars Legends novel, Mace Windu must journey to his long-forgotten homeworld to confront a terrifying mystery with dire personal consequences. The jungle planet of Haruun Kal, homeworld of the legendary Jedi Master Mace Windu, has become a battleground in the increasing hostilities between the Republic and the renegade Separatist movement. The Jedi Council has sent Depa Billaba—Mace's former Padawan and fellow Council member—to Haruun Kal to train the local tribesmen as a guerrilla resistance force. But now the Separatists have pulled back, and Depa has not returned. The only clue to her disappearance is a cryptic recording left at the scene of a brutal massacre: a recording that hints of madness and murder, and the darkness in the jungle . . . a recording in Depa's own voice. Mace Windu trained Depa. Only he can find her. Only he can learn what has changed her. Only he can stop her. He will leave behind the Republic he serves, the civilization he believes in, everything but his passion for peace and his devotion to his former Padawan. And he will learn the terrible price that must be paid when keepers of the peace are forced to make war. . . .

The Swarm War: Star Wars Legends (Dark Nest, Book III) Troy Denning,2006-04-04 In the explosive conclusion to the Dark Nest trilogy, Luke Skywalker summons the heroes of the New Jedi Order from near and far, as the Star Wars galaxy teeters on the edge of eternal war. Yet even the combined powers of the formidable Jedi may not be enough to vanquish the deadly perils confronting them. The Chiss-Killik border war is threatening to engulf the entire galaxy and raising the awful specter of Killiks sweeping across space to absorb all living creatures into a single hive mind. The only hope for peace lies with the Jedi—and only if they can not only end the bloodshed between two fierce enemies but also combat the insidious evil spread by the elusive Dark Nest and its unseen queen. Leia's newly acquired Jedi skills will be put to the ultimate test in the coming life-and-death battle. As for Luke, he will have to prove, in a lightning display of Force strength and swordplay, that he is—beyond a shadow of a doubt—the greatest Jedi Master in the galaxy. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Played Into His Hands Marilyn White,2021-09-27 I am not an expert authority on domestic violence or abuse. I'm simply one victim who survived, and as a way of healing, I've written this book and a companion novel called *The Broken Pianist*. I hope there are readers who find comfort or courage from my written words. These poems and short stories are written from my heart, pulled from my own experience with an abusive man and my eventual escape. Too often, I think women believe they've simply made their bed with this man and have to suffer the consequences. He's just a grumpy codger and most marriages have unhappy challenges...but wrong, it may be more than that. In my experience, a narcissistic abuser will first play the feel sorry for me card to kick up your mothering instinct. He wants you to let him into your life quickly so you don't have time to examine the man behind the sudden mood changes, the jealousy, the bossiness... those bad behaviors may only get worse with time. Take time to get to know him thoroughly before you commit to a long-term relationship. You may find these poems and short stories as a bit deep or sorrowful; meaningful or powerful, but I've written them to perhaps bring the reader courage or understanding. Abuse can be traumatic, and as a victim, you never truly ever get over it. But you can get out. Start over and be the kind of woman you can be proud of.
