Lightless C.A. Higgins, 2015-09-29 NAMED ONE OF THE BEST BOOKS OF THE YEAR BY BUZZFEED AND KIRKUS REVIEWS • With deeply moving human drama, nail-biting suspense—and bold speculation informed by a degree in physics—C. A. Higgins spins a riveting science fiction debut guaranteed to catapult readers beyond their expectations. Serving aboard the *Ananke*, an experimental military spacecraft launched by the ruthless organization that rules Earth and its solar system, computer scientist Althea has established an intense emotional bond—not with any of her crewmates, but with the ship's electronic systems, which speak more deeply to her analytical mind than human feelings do. But when a pair of fugitive terrorists gain access to the *Ananke*, Althea must draw upon her heart and soul for the strength to defend her beloved ship. While one of the saboteurs remains at large somewhere on board, his captured partner—the enigmatic Ivan—may prove to be more dangerous. The perversely fascinating criminal whose silver tongue is his most effective weapon has long evaded the authorities' most relentless surveillance—and kept the truth about his methods and motives well hidden. As the ship's systems begin to malfunction and the claustrophobic atmosphere is increasingly poisoned by distrust and suspicion, it falls to Althea to penetrate the prisoner's layers of intrigue and deception before all is lost. But when the true nature of Ivan's mission is exposed, it will change Althea forever—if it doesn't kill her first. Praise for *Lightless* “Gripping . . . sci-fi flavored with a hint of thriller.”—New York Daily News “[A] measured, lovely science-fiction debut [that is] more psychological thriller . . . contained, disciplined, tense . . . The plot is compulsive. . . *Lightless* is the first of a planned series, and you can't help looking forward to learning what's next.”—The New York Times “*Lightless* is full of suspense and fun as hell to read.”—BuzzFeed “Absolutely brilliant . . . This is science fiction as it is meant to be done: scientific concepts wedded to and built upon human ideals.”—Seanan McGuire, New York Times bestselling author of the October Daye series “The stakes in this story are high—life and death, rebellion and betrayal—and debut novelist Higgins continually ratchets up the tension. . . . A suspenseful, emotional story that asks plenty of big questions about identity and freedom, this is a debut not to be missed.”—Kirkus Reviews (starred review) “A taut, suspenseful read.”—Tech Times “*Lightless* is an exercise in lighting a very slow fuse and building the tension to an unbearable pitch while making us guess just how apocalyptic the ultimate explosion will be. . . . It is a high-wire act, a wonderment, and a fine accomplishment from a name we'll be seeing again.”—Sci Fi

The Girl in the Road Monica Byrne, 2014-05-20 A debut that Neil Gaiman calls “Glorious. . . . So sharp, so focused and so human.” *The Girl in the Road* describes a future that is culturally lush and emotionally wrenching. Monica Byrne bursts on to the literary scene with an extraordinary vision of the future. In a world where global power has shifted east and revolution is brewing, two women embark on vastly different journeys—each harrowing and urgent and wholly unexpected. When Meena finds snakebites on her chest, her worst fears are realized: someone is after her and she must flee India. As she plots her exit, she learns of the Trail, an energy-harvesting bridge spanning the Arabian Sea that has become a refuge for itinerant vagabonds and loners on the run. This is her salvation. Slipping out in the cover of night, with a knapsack full of supplies including a pozit GPS, a scroll reader, and a sealable waterproof pod, she sets off for Ethiopia, the place of her birth. Meanwhile, Mariama, a young girl in Africa, is forced to flee her home. She joins up with a caravan of misfits heading across the Sahara. She is taken in by Yemaya, a beautiful and enigmatic woman who becomes her protector and confidante. They are trying to reach Addis Abba, Ethiopia, a metropolis swirling with radical politics and rich culture. But Mariama will find a city far different than she ever expected—romantic, turbulent, and dangerous. As one heads east and the other west, Meena and Mariama's fates are linked in ways that are mysterious and shocking to the core. Written with stunning clarity, deep emotion, and a futuristic flair, *The Girl in the Road* is an artistic feat of the first order: vividly imagined, artfully told, and profoundly moving.

Hardware: The Definitive SF Works of Chris Foss Chris Foss,2011-09-06 Foss's groundbreaking and distinctive science fiction art revolutionized paperback covers in the 1970s and 80s. Dramatically raising the bar for realism and invention, his trademark battle-weary spacecraft, dramatic alien landscapes and crumbling brutalist architecture irrevocably changed the aesthetic of science fiction art and cinema. Featuring work for books by Isaac Asimov, E. E. 'Doc' Smith, Arthur C. Clarke, A. E. Van Vogt and Philip K. Dick, and film design for Ridley Scott and Stanley Kubrick, this volume brings together many rare and classic images that have never been seen or reprinted before. The first comprehensive retrospective of Chris Foss's SF career. "Chris Foss' name has become pre-eminent among sf artists... He is in love with the monstrous, with angular momentum, with inertia-free projectiles and irresistible objects." — Brian Aldiss "[Foss'] creations are real machines, not just an artist's dreams. They combine the two elements so essential to science fiction: realism and a sense of wonder... A medieval goldsmith of future eons." — Alejandro Jodorowsky
