The Essential Cult TV Reader David Lavery, 2021-09-15 The Essential Cult TV Reader is a collection of insightful essays that examine television shows that amass engaged, active fan bases by employing an imaginative approach to programming. Once defined by limited viewership, cult TV has developed its own identity, with some shows gaining large, mainstream audiences. By exploring the defining characteristics of cult TV, The Essential Cult TV Reader traces the development of this once obscure form and explains how cult TV achieved its current status as legitimate television. The essays explore a wide range of cult programs, from early shows such as Star Trek, The Avengers, Dark Shadows, and The Twilight Zone to popular contemporary shows such as Lost, Dexter, and 24, addressing the cultural context that allowed the development of the phenomenon. The contributors investigate the obligations of cult series to their fans, the relationship of camp and cult, the effects of DVD releases and the Internet, and the globalization of cult TV. The Essential Cult TV Reader answers many of the questions surrounding the form while revealing emerging debates on its future.

Film Remakes NA NA, 2016-10-03 This is the first book to provide a comprehensive and systematic account of the phenomenon of cinematic remaking. Drawing upon recent theories of genre and intertextuality, Film Remakes describes remaking as both an elastic concept and a complex situation, one enabled and limited by the interrelated roles and practices of industry,

critics, and audiences. This approach to remaking is developed across three broad sections: the first deals with issues of production, including commerce and authors; the second considers genre, plots, and structures; and the third investigates issues of reception, including audiences and institutions.

The Philosophy of J.J. Abrams Patricia Brace, Robert Arp, 2014-05-27 American auteur Jeffrey Jacob J. J. Abrams's genius for creating densely plotted scripts has won him broad commercial and critical success in TV shows such as *Felicity* (1998--2002), Emmy-nominated *Alias* (2001--2006), Emmy and Golden Globe-winning *Lost* (2004--2010), and the critically acclaimed *Fringe* (2008--2013). In addition, his direction in films such as *Cloverfield* (2008), *Super 8* (2011), and the new *Mission Impossible* and *Star Trek* films has left fans eagerly awaiting his revival of the *Star Wars* franchise. As a writer, director, producer, and composer, Abrams seamlessly combines geek appeal with blockbuster intuition, leaving a distinctive stamp on all of his work and establishing him as one of Tinsel Town's most influential visionaries. In *The Philosophy of J.J. Abrams*, editors Patricia L. Brace and Robert Arp assemble the first collection of essays to highlight the philosophical insights of the Hollywood giant's successful career. The filmmaker addresses a diverse range of themes in his onscreen pursuits, including such issues as personal identity in an increasingly impersonal digitized world, the morality of terrorism, bioethics, friendship, family obligation, and free will. Utilizing Abrams's scope of work as a touchstone, this comprehensive volume is a guide for fans as well as students of film, media, and culture. *The Philosophy of J.J. Twelve Years a Slave Solomon Northup, 2024-01-04 Filmatized in 2013 and the official recipient of three Oscars, Solomon Northup's powerful slave narrative 'Twelve Years a Slave' depicts Northup's life as he is sold into slavery after having spent 32 years of his life living as a free man in New York. Working as a travelling musician, Northup goes to Washington D.C, where he is kidnapped, sent to New Orleans, and sold to a planter to suffer the relentless and brutal life of a slave. After a dozen years, Northup escapes to return to his family and pulls no punches, as he describes his fate and

that of so many other black people at the time. It is a harrowing but vitally important book, even today. For further reading on this subject, try 'Uncle Tom's Cabin' by Harriet Beecher Stowe. Solomon Northup (c.1807-c.1875) was an American abolitionist and writer, best remembered for his powerful race memoir 'Twelve Years a Slave'. At the age of 32, when he was a married farmer, father-of-three, violinist and free-born man, he was kidnapped in Washington D.C and shipped to New Orleans, sold to a planter and enslaved for a dozen years. When he gained his freedom, he wrote his famous memoir and spent some years lecturing across the US, on behalf of the abolitionist movement. 'Twelve Years a Slave' was published a year after 'Uncle Tom's Cabin' by Harriet Beecher Stowe and built on the anti-slavery momentum it had developed. Northup's final years are something of a mystery, though it is thought that he struggled to cope with family life after being freed.

Fernandes, Ricardo J. Alves de Sousa, Mariusz Ptak, 2018-04-27 In this work the development of a new geometrically detailed finite element head model is presented. Special attention is given to sulci and gyri modelling, making this model more geometrically accurate than others currently available. The model was validated against experimental data from impact tests on cadavers, specifically intracranial pressure and brain motion. Its potential is shown in an accident reconstruction case with injury evaluation by effectively combining multibody kinematics and finite element methodology.

Films that Sell Patrick Vonderau, Bo Florin, Nico De Klerk, 2019-07-25 While moving image advertising has been around us, everywhere, for at least a century, the topic has tended to be overlooked by cinema studies. This far-reaching new collection makes an incisive contribution to a new field of study, by exploring the history, theory and practice of moving image advertising, and emphasising the dynamic and lasting relationships between print, film, broadcasting and advertising cultures. In chapters written by an international ensemble of leading scholars and archivists, the book covers a variety of materials from pre-show advertising films to lantern slides and sponsored 'educations'. With case studies of advertising campaigns and

archival collections from a range of different countries, and giving consideration to the problems that advertising materials pose for preservation and presentation, this rich and expansive text testifies to the need for a new approach to this burgeoning subject that looks beyond the mere study of promotional film.

Mind the Screen Jaap Kooijman, Patricia Pisters, Wanda Strauven, 2008 Mind the Screen pays tribute to the work of the pioneering European film scholar Thomas Elsaesser, author of several volumes on media studies and cinema culture. Covering a full scope of issues arising from the author's work—from melodrama and mediated memory to avant-garde practices, media archaeology, and the audiovisual archive—this collection elaborates and expands on Elsaesser's original ideas along the topical lines of cinephilia, the historical imaginary, the contemporary European cinematic experience, YouTube, and images of terrorism and double occupancy, among other topics.

Contributions from well-known artists and scholars such as Mieke Bal and Warren Buckland explore a range of media concepts and provide a mirror for the multi-faceted types of screens active in Elsaesser's work, including the television set, video installation, the digital interface, the mobile phone display, and of course, the hallowed silver screen of our contemporary film culture.

Friendship Emily Gould, 2014-07-01 A novel about two friends learning the difference between getting older and growing up Bev Tunney and Amy Schein have been best friends for years; now, at thirty, they're at a crossroads. Bev is a Midwestern striver still mourning a years-old romantic catastrophe. Amy is an East Coast princess whose luck and charm have too long allowed her to cruise through life. Bev is stuck in circumstances that would have barely passed for bohemian in her mid-twenties: temping, living with roommates, drowning in student-loan debt. Amy is still riding the tailwinds of her early

success, but her habit of burning bridges is finally catching up to her. And now Bev is pregnant. As Bev and Amy are dragged, kicking and screaming, into real adulthood, they have to face the possibility that growing up might mean growing apart. *Friendship*, Emily Gould's debut novel, traces the evolution of a friendship with humor and wry sympathy. Gould examines the relationship between two women who want to help each other but sometimes can't help themselves; who want to make good decisions but sometimes fall prey to their own worst impulses; whose generous intentions are sometimes overwhelmed by petty concerns. This is a novel about the way we speak and live today; about the ways we disappoint and betray one another. At once a meditation on the modern meaning of maturity and a timeless portrait of the underexamined bond that exists between friends, this exacting and truthful novel is a revelation.
