Afrofuturism Ytasha L. Womack, 2013-10-01 2014 Locus Awards Finalist, Nonfiction Category In this hip, accessible primer to the music, literature, and art of Afrofuturism, author Ytasha Womack introduces readers to the burgeoning community of artists creating Afrofuturist works, the innovators from the past, and the wide range of subjects they explore. From the sci-fi literature of Samuel Delany, Octavia Butler, and N. K. Jemisin to the musical cosmos of Sun Ra, George Clinton, and the Black Eyed Peas' will.i.am, to the visual and multimedia artists inspired by African Dogon myths and Egyptian deities, the book's topics range from the alien experience of blacks in America to the wake up cry that peppers sci-fi literature, sermons, and activism. With a twofold aim to entertain and enlighten, Afrofuturists strive to break down racial, ethnic, and social limitations to empower and free individuals to be themselves.

Perdido Street Station China Miéville, 2003-07-29 WINNER OF THE AUGUST DERLETH AND ARTHUR C. CLARKE AWARDS • A masterpiece brimming with scientific splendor, magical intrigue, and fierce characters, from the author who “has reshaped modern fantasy” (The Washington Post) “[China Miéville’s] fantasy novels, including a trilogy set in and around the magical city-state of New Crobuzon, have the refreshing effect of making Middle-earth seem plodding and flat.”—The New York Times The metropolis of New Crobuzon sprawls at the center of the world. Humans and mutants and arcane races brood in the gloom beneath its chimneys, where the river is sluggish with unnatural effluent and foundries pound into the night. For a thousand years, the Parliament and its brutal militias have ruled over a vast economy of workers and artists, spies and soldiers, magicians, crooks, and junkies. Now a stranger has arrived, with a pocketful of gold and an impossible demand. And something unthinkable is released. The city is gripped by an alien terror. The fate of millions lies with a clutch of renegades. A reckoning is due at the city’s heart, in the vast edifice of brick and wood and steel under the vaults of Perdido Street Station. It is too late to escape.

Citygami London Clockwork Clockwork Soldier, Soldier Clockwork, 2018-05 London's skyline springs to life in this ingeniously crafted book that lets you build your own paper city. Citygami London is a craft project, a diorama, a study in architecture, and, when it's finished, a stand-alone piece of art. Inspired by one of the world's great architectural cities, Clockwork Soldier have created a unique experience that lets readers replicate London's most famous buildings, while also gaining fascinating insight into their histories and significance. Here, scale models of the Shard, Tower Bridge, St. Paul's Cathedral, the London Eye, and other structures are presented in die-cut, pre-folded, cardstock pages. Clear, easy-to-follow instructions show you how to assemble each building. Accompanying the models are a set of detachable cards of the buildings, allowing readers to play against each other by comparing facts and figures about the structures. Best of all, when every building has been constructed, the result is a display-ready cityscape of London. As fun as it is educational, this craft book promises hours of absorbing activity and a lasting keepsake for years to come.

Posthumanism and the Graphic Novel in Latin America Edward King,Joanna Page,2017-07-03 Latin America is experiencing a boom in graphic novels that are highly innovative in their conceptual play and their reworking of the medium. Inventive artwork and sophisticated scripts have combined to satisfy the demand of a growing readership, both at home and abroad. Posthumanism and the Graphic Novel in Latin America, which is the first book-length study of the topic, argues that the graphic novel is emerging in Latin America as a uniquely powerful force to explore the nature of twenty-first century subjectivity. The authors place particular emphasis on the ways in which humans are bound to their non-human environment, and these ideas are productively drawn out in relation to posthuman thought and experience. The book draws together a range of recent graphic novels from Argentina, Brazil, Chile, Mexico and Uruguay, many of which experiment with questions of transmediality, the representation of urban space, modes of perception and cognition, and a new form of ethics for a posthuman world. Praise for Posthumanism and the Graphic Novel in Latin America '...well-referenced and... well considered - the analyses it brings are overall well-executed and insightful...' The Utopia of Rules David Graeber,2015-02-24 From the author of the international bestseller Debt: The First 5,000 Years comes a revelatory account of the way bureaucracy rules our lives Where does the desire for endless rules, regulations, and bureaucracy come from? How did we come to spend so much of our time filling out forms? And is it really a cipher for state violence? To answer these questions, the anthropologist David Graeber—one of our most important and provocative thinkers—traces the peculiar and unexpected ways we relate to bureaucracy today, and reveals how it shapes our lives in ways we may not even notice...though he also suggests that there may be something perversely appealing—even romantic—about bureaucracy. Leaping from the ascendance of right-wing economics to the hidden meanings behind Sherlock Holmes and Batman, The Utopia of Rules is at once a powerful work of social theory in the tradition of Foucault and Marx, and an entertaining reckoning with popular culture that calls to mind Slavoj Zizek at his most accessible. An essential book for our times, The Utopia of Rules is sure to start a million conversations about the institutions that rule over us—and the better, freer world we should, perhaps, begin to imagine for ourselves.
