UZI Submachine Gun Die Gestalten Verlag,2009-11

The British Sten Manual Frank Iannamico,2016-09-08 There have been many books written on submachine guns but this one somewhat differs from those previously published. The book includes a brief history of the Sten, but it focuses mainly on the Sten's use by modern shooters. Explained herein are tips on how to keep your Sten in top shooting condition: troubleshooting of problems, maintenance, wear points, spare parts, and the many accessories and parts available to enhance or improve the British Sten submachine gun.

The Sten Luc Guillou,2018 The legendary British, World War II STEN submachine gun is featured in this concise, illustrated book. Famous for its use by British elite forces, as well as the French underground during WWII, variants of the STEN were manufactured and used by many countries during the war and up through the 1970s. Beginning with its initial design and construction, the Mk.I and Mk.I*, Mk.II, Mk.III, and Mk.5 versions are presented in detail, including up-close images of manufacturer's markings. Superb war-era photographs show the various STEN models in combat use. Select foreign variants also discussed include French, Polish, and German types. STEN accessories such as magazines, ammunition, silencers, and bayonets are featured throughout the book, as well as rarely seen WWII-related uniform and equipment items.

Pictorial History of the Sub-machine Gun Frank William Arthur Hobart,1975

The British Sten Manual Frank Iannamico,2000-01-01

ATF - National Firearms Act Handbook U.S. Department of Justice,2019-03-17 This handbook is primarily for the use of persons in the business of importing, manufacturing, and dealing in firearms defined by the National Firearms Act (NFA) or persons intending to go into an NFA firearms business. It should also be helpful to collectors of NFA firearms and other persons having questions about the application of the NFA. This publication is not a law book. Rather, it is intended as a ?user friendly? reference book enabling the user to quickly find answers to questions concerning the NFA. Nevertheless, it should also be useful to attorneys seeking basic information about the NFA and how the law has been interpreted by ATF. The book's Table of Contents will be helpful to the user in locating needed information. Although the principal focus of the handbook is the NFA, the book necessarily covers provisions of the Gun Control Act of 1968 and the Arms Export Control Act impacting NFA firearms businesses and collectors.

Western Europe 2019-2020 ,2019-10-31 The World Today Series: Western Europe is an annually updated presentation of each sovereign country in Western Europe, past and present.
