**The Coldest Touch** Isabel Sterling, 2021-12-07 "Vampires going to high school, but make it queer. Sterling delivers a fresh, thoughtful take on beloved paranormal tropes with a delightfully bloody romance." —Mara Fitzgerald, author of *Beyond the Ruby Veil* From the author of *These Witches Don't Burn* comes another paranormal romance for fans of Richelle Mead and Stephenie Meyer. Elise Beaumont is cursed. With every touch, she experiences exactly how her loved ones will die. And after her brother's death—a death she predicted but was unable to prevent—Elise is desperate to get rid of her terrible gift, no matter the cost. Claire Montgomery also has a unique relationship with death, mostly because she's already dead. Technically, anyway. Claire is a vampire, and she's been assigned by the Veil to help Elise master her rare Death Oracle powers. At first, Elise is reluctant to work with a vampire, but when she predicts a teacher's imminent murder, she's determined to stop the violent death, even if it means sacrificing her own future to secure Claire's help. The trouble is, Claire and Elise aren't the only paranormals in town—a killer is stalking the streets, and Claire can't seem to shake the pull she feels toward Elise, a romance that could upend the Veil's mission. But as Elise and Claire grow closer, Elise begins to wonder—can she really trust someone tasked with securing her loyalty? Someone who could so easily kill her? Someone who might hold the key to unraveling her brother's mysterious death?

Strategies for Supporting Inclusion and Diversity in the Academy Gail Crimmins, 2020-06-29 This book explores tried and tested strategies that support student and faculty engagement and inclusion in the academy. These strategies are anchored by a brief exploration of the history and effect/s of exclusion and deprivelege in higher education. However, while many publications exploring academic inequality focus on the causes and impacts of structural, psychological and cultural exclusion based on racism, sexism, classism and ableism, they rarely engage in interventions to expose and combat such de/privelege. Capturing examples of inclusive practices that are as diverse as student and faculty populations, these strategies can be easily translated and employed by organisations, collectives and individuals to recognise and combat social and academic exclusion within higher education environments.
