Simple step-by-step instructions show readers a basic outline for each creature, how to divide into smaller shapes, and suggested patterns. The Land of Decoration Grace McCleen, 2012-03-27 A mesmerizing debut about a young girl whose steadfast belief and imagination bring everything she once held dear into treacherous balance In Grace McCleen's harrowing, powerful debut, she introduces an unforgettable heroine in ten-year-old Judith McPherson, a young believer who sees the world with the clear Eyes of Faith. Persecuted at school for her beliefs and struggling with her distant, devout father at home, young Judith finds solace and connection in a model in miniature of the Promised Land that she has constructed in her room from collected discarded scraps--the Land of Decoration. Where others might see rubbish, Judith sees possibility and divinity in even the strangest traces left behind. As ominous forces disrupt the peace in her and Father's modest lives--a strike threatens her father's factory job, and the taunting at school slips into dangerous territory--Judith makes a miracle in the Land of Decoration that solidifies her blossoming convictions. She is God's chosen

instrument. But the heady consequences of her newfound power are difficult to control and may threaten the very foundations of her world. With its intensely taut storytelling and crystalline prose, *The Land of Decoration* is a gripping, psychologically complex story of good and evil, belonging and isolation, which casts new and startling light on how far we'll go to protect the things we love most.

page vintage reproduction prints, comprising of 110 sea creatures, from the original publication of Louis Renard's 'Poissons, Ecrevisses et Crabes' (Fish, Crayfish and Crabs) published in 1719, depicting the art thought to be that of Samuel Fallours. The original illustrations lay claim to being the first colour publication in colour on fish and celebrate the exquisiteness of the fish from the East Indies. The sea creatures are exotic and whimsical in style and are just a delight to view. This book has been created to provide a new audience with the appreciation of the aesthetic splendour of these prints and have been left in their natural colour form to ensure authenticity. Ideal for just appreciating the magnificence of these drawings or to use for crafters to cut and paste into collages, decoupage, art sketchbooks, junk journals, nature journals or even to cut out and place in photo collages or photo frames to create an art wall. The backs of each image, with a decorative edge and semi transparent frame inner are designed to allow for notes or sketches, should you wish to develop this book further or use it as a personal sketchbook, but also perfect should you wish to use this as a craft project as the prints will not be obscured. Our journals and planners are great for popping in your bag or having in your workspace or desk at home to grab when that special little thought comes to you and ensure you get the things you think about done! Suitable to be used with most media, pencils, pens, watercolours, pastels and perfect for creating collages and artwork ideas, however, felt tip pens may bleed through.
