*4 Mexican Paper Crafts: Simple and Fun Craft Tutorials Inspired by Mexican Artisan Paper Decorations* Ellen Deakin,Harry Olden,2014-08 Description The Mexican tradition of paper crafting dates back to pre-Hispanic times when the Aztecs made paper from tree bark, called Amate. With the Spanish conquest brightly colored tissue paper or Papel de China arrived on trading boats from the Phillipines and was used in paper crafts. Pinatas, papel picado and paper flowers are important in the festivities of Cinco de Mayo and Dia de los Muertos and are also used to decorate birthday parties, weddings and baby showers amongst other celebrations. From the beginning of Happythought we have been inspired by the beauty and simplicity of these Mexican paper crafts. We have really enjoyed trying our hand at creating our own, with satisfying results! Now we have put together four of our favorite paper craft tutorials for you try in one book. The techniques we have used are not always traditional - the projects are designed to be easy to make and use materials that you hopefully already have at home or in your craft box. The crafts are also designed with little fingers in mind - most of the activities are easy enough for a child to complete, with a little adult supervision! Tutorials How to make a paper star These stunning ornaments are partly inspired by Mexican star pinatas and partly by the beautiful Moravian tin star lanterns made by Mexican artisans. You could also attach your star decorations to a string of fairy lights to make a garland of teeny-tiny star lanterns. We have provided three colorful templates for you to use, or why not create your own using the black and white template as a starting point? How to make paper flowers These simple paper flowers are fun to make and so easy that the whole family can get involved.They can be used to decorate a party or Cinco de Mayo celebration, arranged in vases or as a centerpiece at a wedding, or placed on an ofrenda for Dia de los Muertos.You could also attach one or two flowers to a bobby pin or hair band and create a decorative hair piece! How to make papel picado Papel picado means 'punched' or 'perforated' paper, and traditionally papel picado are made from colored tissue paper and cut using chisels.We wanted to simplify the perforated paper technique so that you could create papel picado with household scissors, and after a bit of experimentation we came up with this easy method of producing your own stunning papel picado. We made ours using crepe paper as it comes in lovely, vibrant colors and we found it much easier to handle than tissue paper, which tends to tear. It also means that your papel picado last longer so you can use them again next year! How to make a mini pinata Ever since we moved our family to South America, we have all fallen head-over-heels for pinatas, so it wasn't long until we felt compelled to try making one of our own.Traditionally, you beat a pinata with a stick until it exploded and all the yummy, shiny contents fell to the ground. Now days, as a safer option, pinatas often come with a string which you pull down on to release the contents. We wanted to make a fully functioning mini pinata, so ours too has a pull string. It's been tried and tested by our children, so we can report that it works beautifully! Templates If you would like to use the templates shown in the tutorial photos they are all free with the book to download from the Happythought website. We have also included templates in this book which you can photocopy and scale up to use for your projects, copy by hand or use as inspiration for your own designs.

**Big, Easy Style** Bryan Batt, Katy Danos, 2011-10-04 An enchanting space that's truly unique calls for a sense of humor, whimsy, and an open mind. From a charmed New Orleans childhood to a successful acting career on Broadway and the award-winning TV show *Mad Men* to the opening of his popular Big Easy home furnishings boutique, Hazelnut, Bryan Batt has always turned to home design as a creative outlet. To him, the best rooms are unexpected yet refined and, above all, evoke emotion. He doesn't think twice about hanging oversized decorations from a Mardi Gras float in an elegant dining room or bringing home vintage etchings of sconces when he was actually shopping for real ones. He believes that a vibrant orange wall can be a neutral backdrop for an antique writing desk and earthy accessories, and that an artist's whimsical bird's nest sculpture hung in a lavender entryway couldn't serve as a better welcome into a cozy abode. New Orleans has taught Bryan so much about how to pull together a space that's fearless and colorful with plenty of panache. With the city as his muse—its strong roots in history, its celebration of tradition, and, of course, the wild festivities of Mardi Gras—he believes that designing a fabulous, livable home that truly reflects a dweller's passions need not be intimidating. *Big, Easy Style* showcases rooms that make Bryan smile, with pages of rich photography featuring the work of many designers—and plenty of Crescent City interiors—framed by his own entertaining maxims on color, pattern, collecting, living areas, intimate spaces, and more. Explore rooms he's personally designed and others that inspire him; from an old-world kitchen imported straight from the heart of France to a luxurious Art Deco media room, these homes are enticing and unique, and through their surprising details, completely inviting. Decorating your home to reflect your personality and taste takes practice and patience and can be a daunting undertaking, but Bryan proposes that we not worry about making mistakes, that any decision we make is better than no decision at all. With *Big, Easy Style*, learn how to put aside your hesitation and surrender to the wild side of home design for a big statement that's easy to achieve. You'll love his collection of photographs of beautiful New Orleans rooms layered with his design tips and anecdotes of his own design experiences.—*Southern Living* [Big, Easy Style] reads like a hard-copy extension of Batt's personality—elegant, gregarious, funny, showman-like. The rooms he's chosen to showcase are painstakingly designed, yet, in that enviable way, appear so easily tossed together.—*Susan Langenhennig, The Times Picayune* With great passion and a zest for creativity, [Bryan Batt] and Katy Danos offer thoughtful tips on color, collecting, patterns and much more along the way. Kerri McCaffety captures the beauty of each room in her inviting photographs. I love Batt's unique whimsy style. How many of us would think of placing giant decorations from a Mardi Gras float in a lavish dining room? Or how about hanging an ornate crystal chandelier in the kitchen? Or what about painting a Chippendale-style chair mellow yellow. But they all work!—*Jeryl Brunner, Stylist.com* If you've missed Bryan Batt since he left the set of *Mad Men* in 2009 (he played Salvatore Romano), catch up with him in a decor ode to his hometown: New Orleans. [In *Big, Easy Style*], we're treated to his vision of making rooms inviting, festive and ultimately setting the foundation for entertaining, which is what this get-down town is all about.—*San Francisco Chronicle* The book is full of Batt's tips. It's like spending an afternoon with someone who you'd like to watch decorate a home.-- *Karen Dalton-Beninato, Huffington Post Books*
