*Paper Mario; The Origami King Guide* Annie Wills,2020-08-12

The Paper Mario series was literally a game changer when it initially came out way back on Nintendo 64. It was so different from the Mario games that came before it, because the roleplaying game feature that was added made me think about one of the SNES games I loved playing. Paper Mario was my go to game when it initially came out and I'm still playing it till this day. All the titles present in the series are exciting and really interesting. Ensure you pay attention to the storyline because it's a funny one and you will also discover new and exciting things.

*Original Grin* Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.
