stole the classroom Shakespeare bust, and saves a classmate from popularity-crushing embarrassment with some well-timed advice. Dwight's classmate Tommy wonders how Yoda can be so smart when Dwight himself is so clueless. With contributions from his puzzled classmates, Tommy assembles this first case file in the blockbuster bestselling Origami Yoda series, written by Tom Angleberger, author of Star Wars: Return of the Jedi: Beware the Power of the Dark Side, and hailed by School Library Journal as "honest, funny, and immensely entertaining." Original Grin Ron English, 2019-07-16 Through his highly subversive art Ron English (b. 1959) has bombed the global landscape with striking and often unsettling imagery. He coined the term POPaganda to describe his signature and darkly satirical renderings of corporate branding icons. Ranging from superhero mythology to pillars of art history, his work is populated with a vast and constantly growing arsenal of original characters such as MC Supersized, the obese fast-food mascot featured in the hit movie *Supersize Me*; and Abraham Obama, which fused America's 16th and 44th Presidents, an image that was posited by the media as having directly impacted the 2008 election. His cameo on *The Simpsons* secured his position as America's premier pop iconoclast. This book is the first complete retrospective of English's work, compiling his paintings, illustrations, toys, sculpture, street art, and agit-pop. Additionally, it contains a lengthy and comprehensive interview with the artist conducted exclusively for this publication.

I Can Read With My Eyes Shut! Dr. Seuss, 2013-10-22 Read up a storm with Dr. Seuss and the Cat in the Hat-plus his friend Young Cat! The more that you read, the more things you will know. The more that you learn, the more places you'll go. The Cat in the Hat can

Originally created by Dr. Seuss himself, Beginner Books are fun, funny, and easy to read. These unjacketed hardcover early readers encourage children to read all on their own, using simple words and illustrations. The Challenge Alan Drake, 2023-12-28 God invites you to cast your cares on Him, because He cares for you (1 Peter 5:7). It is natural to seek first to meet our own needs and the needs of our family members, but God invites us to make an exchange. He invites us to cast our concerns on Him, and He promises to care for us better than we could take care of ourselves. In exchange, He desires for us to take on His concerns, His priorities, and seek His Kingdom first.

Stop Looking at Your Phone Son of Alan, 2019-04-23 In his wonderfully deadpan instruction manual for our increasingly device-focused lives, illustrator Son of Alan taps into the strange truth of our obsession with the tiny screen. Revealing how ludicrous we've all become, and what wonders lie in stall for us mere inches from our faces, this book will make you want to reclaim your life, your friends, and your family from the tyranny of the backlit screen. Without nagging or preaching, this book uses hilarious but simple illustrations to highlight our universal (and ridiculous) dependence on the cell phone. In *Stop Looking at Your Phone*, device-driven readers will receive a much needed reminder of

the possibilities life offers beyond the digitally enhanced screen.

Mona Lisa Serge Bramly, Leonardo (da Vinci), 1996 The woman in Leonardo da Vinci's work gazes out from the canvas with a quiet serenity. But what lies behind the famous smile? Shrouded in mystery, the Mona Lisa has attracted more speculation and questioning than any other work of art ever created. This work provides an aide memoire of the world's most famous painting. The full-page colour plates portray the Mona Lisa in close-up photographs, while Serge Bramly, the author, explores its shadowy history and the fascination the painting has engendered.
