IYA 2009 Final Report ,

Africa Renewal, January 2009 United Nations Department of Public Information, 2009-01-31 The Africa Renewal magazine examines the many issues that confront the people of Africa, its leaders and its international partners: sustainable development goals, economic reform, debt, education, health, women's empowerment, conflict and civil strife, democratization, investment, trade, regional integration and many other topics. It tracks policy debates. It provides expert analysis and on-the-spot reporting to show how those policies affect people on the ground. And, it highlights the views of policy-makers, non-governmental leaders and others actively involved in efforts to transform Africa and improve its prospects in the world today. The magazine also reports on and examines the many different aspects of the United Nations' involvement in Africa, especially within the framework of the New Partnership for Africa's Development (NEPAD).

2009 Purchasing Power Parity Update for Selected Economies in Asia and the Pacific Asian Development Bank,2012-09-01 This report presents the research initiative to explore an alternative methodology for extrapolating purchasing power parities (PPPs) for 21 participating economies in the Asia and Pacific region. The 2009 PPP Update provides an intermediate benchmark and more firmly based real expenditures and price level indexes for 2009 than would have been possible using the conventional extrapolation technique. The results include PPP-based gross domestic product and its major aggregates of actual final consumption; collective consumption expenditure by general government; gross fixed capital formation; changes

in inventories and net acquisitions of valuables; and, balance of exports and imports.

Insider's Guide to Key Committee Staff of the U.S. Congress 2009 Bernan Press, 2009-09-01 It's All Who You Know When Working the System Here: How to Get to Know the Right People The world's attention turned to the U.S. Capitol on January 20, 2009, when Barack Obama took the Presidential oath of office. But inside the building, changes

had already taken place that would have broad implications for his agenda. The 111th Congress had convened on January 6 with a far stronger Democratic majority than the one that had preceded it. Their ambitious legislative agenda requires the assistance of their staffs to prepare them for all the important issues on the legislative table. Thus, it is more important than ever to know about senior congressional committee staff members and the role they play in shaping today's legislation. While members of the House of Representatives and the Senate enact laws, it is often their staffers who exert the greatest influence in the lawmaking process. Staffers advise their elected bosses, establish political positions on issues, craft legislation, put policies in place, and play important roles on scores of congressional committees. The next time you need to find out who is the most effective person to advocate your cause, turn to the Insider's Guide for all the answers. Overall it provides access to an important, if not very visible, component of the legislative process. Recommended-CHOICE The Insider's Guide to Key Committee Staff of the U.S. Congress contains in-depth profiles on key congressional staff members that you will not find elsewhere. The information provided on these personnel gives you not only the contact information and other pertinent data but also the inside track to those people. These are the staffers who work with and support the representatives and senators in various important roles that help to enact change or refine existing laws and codes that govern our nation. With all

the sweeping changes that have taken place since the Obama administration took office, this essential resource has never been more important or more valuable. This new edition features over 125 new profiles and is designed to be the ultimate for quick and easy reference. The Insider's Guide is the leading source for information on more than 600 congressional staff members. The profiles included feature: In-depth biographical information Detailed professional history and educational background Staff members' areas of expertise and committee role Up-to-date contact information and photograph, when available Staffers' own insights as to their committee's priorities and special projects during this session of Congress Organized by House, Senate, and Joint committee assignments, you'll find both the person you're looking for and information on his or her individual impact on legislation and decision-making. With this Insider's Guide, you'll never again need to question who is the most effective person to advocate your cause.

German Inheritance and Gift Tax Reform 2009

Carolin Braun, 2009-11-03

Inhaltsangabe: Introduction: Background and Subject of this Thesis: After long negotiations within the Grand Coalition (Große Koalition) and despite jurisdictional criticisms of numerous points, on 31st December 2008 the new inheritance and gift tax law (Erbschaftsteuerreformgesetz - ErbStRG) was published in the Federal Law Gazette (Bundesgesetzblatt), to become effective on 1st January 2009 just in time to avoid the need for retroactive regulations and the related discussions. This marks the end of the discussion about the future of the inheritance tax that has been started by the decision of the Federal Constitutional Court (Bundesverfassungsgericht - BVerfG) from 7th November 2006. The related uncertainty came to an end, at least for now. In its decision the Federal Constitutional Court states, that the discrepancy between fair market value and valuation value for significant groups of assets (business assets, portions of corporations, real estate property and agriculture and forestry (AF) businesses) are violating the principle of equality of § 3 sec. 1 of the German Basic Law (Grundgesetz - GG). The legislative was

obliged to define a new legislation in line with the constitution until 31 December 2008, latest. On 11 December 2007, the German Federal Government (Bundesregierung) finally agreed on a draft revision of the inheritance and gift tax law and the valuation law. The German Federal Parliament (Bundestag) passed the inheritance tax reform on 27 November 2008 in the 2nd and 3rd reading, during which the finance committee of the German Parliament (Finanzausschuss des Bundestages) made considerable changes to the original draft. The approval in the German Federal Council (Bundesrat) was obtained in the special session of the council on 5.12.2008, the approval of the Federal President (Bundespräsident) on 24.12.2008. Current Situation: In addition to the changes necessary for constitutional reasons, the central concern of the reform is to simplify business takeover by the successors. However, the legislator neither has had the courage to - as hoped by many - completely abolish inheritance taxation, nor did he take the opportunity to perform a complete change of the inheritance taxation system which might become mandatory for constitutional reasons. The result is a compromise between of the various government parties: a law that amends the existing inheritance tax law on which it is based in a limited number of points. The new [...]

Romance Languages and Linguistic Theory 2009

Janine Berns, Haïke Jacobs, Tobias Scheer, 2011-11-30

The annual Going Romance conference has developed into the major European discussion forum for theoretically relevant research on Romance languages where current ideas about language in general and about Romance languages in particular are tested. The twenty-third Going Romance conference was a very special one: for the first time it was not hosted by one of the Dutch universities, but was co-organized by the Radboud University Nijmegen and the Université de Nice-Sophia Antipolis and held in France at the Maison du Séminaire in Nice from 3–5 December 2009. The present volume contains a broad range of peer-reviewed articles dealing with syntax, phonology, morphology, semantics and acquisition of the Romance languages as well as selected papers from the special workshop dealing with linguistic change in relation to linguistic theory.

Contaminated Water Supplies at Camp Lejeune

National Research Council, Division on Earth and Life Studies, Board on Environmental Studies and Toxicology, Committee on Contaminated Drinking

Water at Camp Lejeune, 2009-09-06 In the early 1980s, two water-supply systems on the Marine Corps Base Camp Lejeune in North Carolina were found to be contaminated with the industrial solvents trichloroethylene (TCE) and perchloroethylene (PCE). The water systems were supplied by the Tarawa Terrace and Hadnot Point watertreatment plants, which served enlisted-family housing, barracks for unmarried service personnel, base administrative offices, schools, and recreational areas. The Hadnot Point water system also served the base hospital and an industrial area and supplied water to housing on the Holcomb Boulevard water system (full-time until 1972 and periodically thereafter). This book examines what is known about the contamination of the water supplies at Camp Lejeune and whether the contamination can be linked to any adverse health outcomes in former residents and workers at the base.
