Karen Traviss

501st: Star Wars Legends (Imperial Commando) Karen Traviss,2011-06-28 The Clone Wars are over, but for those with reason to run from the new galactic Empire, the battle to survive has only just begun. . . . The Jedi have been decimated in the Great Purge, and the Republic has fallen. Now the former Republic Commandos—the galaxy’s finest special forces troops, cloned from Jango Fett—find themselves on opposing sides and in very different armor. Some have deserted and fled to Mandalore with the mercenaries, renegade clone troopers, and rogue Jedi who make up Kal Skirata’s ragtag resistance to Imperial occupation. Others—including men from Delta and Omega squads—now serve as Imperial Commandos, a black ops unit within Vader’s own 501st Legion, tasked to hunt down fugitive Jedi and clone deserters. For Darman, grieving for his Jedi wife and separated from his son, it’s an agonizing test of loyalty. But he’s not the only one who’ll be forced to test the ties of brotherhood. On Mandalore, clone deserters and the planet’s own natives, who have no love for the Jedi, will have their most cherished beliefs challenged. In the savage new galactic order, old feuds may have to be set aside to unite against a far bigger threat, and nobody can take old loyalties for granted. Features a bonus section following the novel that includes a primer on the Star Wars expanded universe, and over half a dozen excerpts from some of the most popular Star Wars books of the last thirty years!

Fool’s Bargain: Star Wars Legends (Novella) Timothy Zahn,2004-02-03 THE EMPIRE STRIKES A DEAL The history of the planet Kariak has been one of seemingly endless violence— thanks to the constantly erupting revolutions among the many divided tribes of the native Eickarie race battling for dominance. Yet none of these tribes has held sway since a mysterious Warlord and his legion of alien mercenaries seized power and began a fifty-year reign of terror. Now, at last, the tide may be turning: the leaders of the warring Eickarie factions have forged an alliance—strong enough to capture a city and corner the Warlord and his minions in their fortress. And the post-Palpatine Empire of the Hand is lending support to this revolt against tyranny by deploying no less a fighting force than the Imperial 501st Legion of stormtroopers. Once infamously known as “Vader’s Fist,” the legendary 501st are the best men for the dangerous objective at hand—capturing the Warlord alive. It’s a risky mission that might be jeopardized when Imperial unit commander Twister and his comrades, Shadow, Cloud, and Watchman, are waylaid by a band of zealous freedom fighters, armed with their own agenda . . . and plenty of firepower. The Eickarie renegades—determined to free hundreds of their people from the Warlord’s dungeons—have an offer to make, and a strategy that could give the Imperials the edge in the bloody showdown to come. But can Twister and his men trust their new allies? Or will they get more than they bargain for? This novella includes an excerpt from the novel STAR WARS: SURVIVOR’S QUEST by Timothy Zahn and an interview with the author.

Cosplay: A History looks at the practice’s ever-growing fandom and conventions, its roots in 15th-century costuming, the relationship between franchises and the cosplayers they inspire, and the technology that brings even the most intricate details in these costumes to life. How Star Wars Conquered the Universe Chris Taylor,2015-10-06 In 1973, a young filmmaker named George Lucas scribbled some notes for a far-fetched space-fantasy epic. Some forty years and 37 billion later, Star Wars -- related products outnumber human beings, a growing stormtrooper army spans the globe, and Jediism has become a religion in its own right. Lucas's creation has grown into far more than a cinematic classic; it is, quite simply, one of the most lucrative, influential, and interactive franchises of all time. Yet incredibly, until now the complete history of Star Wars -- its influences and impact, the controversies it has spawned, its financial growth and long-term prospects -- has never been told. In *How Star Wars Conquered the Universe*, veteran journalist Chris Taylor traces the series from the difficult birth of the original film through its sequels, the franchise's death and rebirth, the prequels, and the preparations for a new trilogy. Providing portraits of the friends, writers, artists, producers, and marketers who labored behind the scenes to turn Lucas's idea into a legend, Taylor also jousts with modern-day Jedi, tinkers with droid builders, and gets inside Boba Fett's helmet, all to find out how Star Wars has attracted and inspired so many fans for so long. Since the first film's release in 1977, Taylor shows, Star Wars has conquered our culture with a sense of lightness and exuberance, while remaining serious enough to influence politics in far-flung countries and spread a spirituality that appeals to religious groups and atheists alike. Controversial digital upgrades and poorly received prequels have actually made the franchise stronger than ever. Now, with a savvy new set of bosses holding the reins and Episode VII on the horizon, it looks like Star Wars is just getting started. An energetic, fast-moving account of this creative and commercial phenomenon, *How Star Wars Conquered the Universe* explains how a young filmmaker's fragile dream beat out a surprising number of rivals to gain a diehard, multigenerational fan base -- and why it will be galvanizing our imaginations and minting money for generations to come.

Star Wars Stormtroopers Ryder Windham,Adam Bray,2017-10-24 Foreword by John Boyega Just in time for the next blockbuster, Star Wars: The Last Jedi, this unique and beautifully designed compendium with removable features traces one of the franchise's most iconic characters—the stormtrooper—from initial development through all nine Star Wars movies to their many iterations in TV, comics, videogames, novels, and pop-culture. Star Wars: A New Hope, the very first installment in the beloved science-fiction series, introduced the Imperial stormtroopers—the army of the fearsome and tyrannical Galactic Empire. Star Wars Stormtroopers explores these striking warriors and their evolution in depth for the first time. Ryder Windham and Adam Bray trace the roots of their creation and design, and explore how these elite troops from a galaxy far, far away have been depicted in movies, cartoons, comics, novels, and merchandizing. Filled with photographs, illustrations, story boards, and other artwork, this lavish officially licensed book comes complete with removable features, including posters, stickers, replica memorabilia and more, making it an essential keepsake for every Star Wars fan, as well as military, design, and film aficionados.

Star Wars®: Imperial Handbook Daniel Wallace,2015-08-11 The exciting next book in the bestselling Jedi/Sith/Bounty Hunter series has arrived! The Empire has taken hold of the galaxy, and high-ranking officials from each branch of the military have created an Imperial Handbook, compiling tactical guidelines and procedures as well as mission reports and classified documents for all newly ascending commanders. This comprehensive manual details secrets of Imperial battle tactics, acceptable actions for bringing swift justice to traitors, and the Emperor's long-term plan for galactic military domination. After the Battle of Endor, this copy of the Imperial Handbook fell into the hands of the Rebel Alliance. Well-known rebels provide a humorous running counter-commentary to the official Imperial propaganda in the form of handwritten annotations in the margins of the pages. © and TM Lucasfilm Ltd. Safe Space Nicholas Harrison,2024-03-15 Nicholas was nine years old when he accidentally walked into a movie theatre playing Star Wars: A New Hope. It was 1977, and he unknowingly had just stumbled upon the thing that he would later credit in saving his life. From kindergarten through grade four, Nicholas endured horrific abuse at the hands of the Catholic priests who were entrusted with his education. As he grew up, he blamed himself for what had been done to him. His childhood had been stolen from him, and he had no way to cope. Star Wars gave Nicholas hope at the time he needed it most. His path to healing has been long and often dark, but that band of Rebels he met in his childhood proved to him that light could ultimately triumph. In this shocking, heartbreaking, yet forever hopeful memoir, Nicholas takes readers with him on his journey from victim, to survivor, to Jedi. Safe Space: A True Story of Faith, Betrayal, and the Power of the Force is for anyone who wants to understand how abuse continues to affect victims and their families long after the act.
