Survivors Howie Snider,2012-04 Young Thorna has a plan to save her colony in Eastern Hymenoptera and its wise, old ruler, Queen En, from an impending attack from tyrannical Emperor Dume and his dangerous allies. Thorna is no ordinary warrior. She is a six-inch-tall brown ant who has, along with neighboring beetles, spiders, and other creatures, evolved into an intelligent being. Author Howie Snider takes readers into the world of Kingdom Atlas, a land once occupied by billions of humans and now overrun by loyal ants, frightening beetles, courageous grasshoppers, peace-loving spiders and other fascinating insects who fight to survive.

The Elegiac Cityscape Tara S. Welch,2005 The Roman elegiac poet Propertius was one such author. This final published collection, issued in 16 BCE, has been traditionally read as an abandonment by Propertius of his earlier flippant love poems for a more mature engagement with Roman public life or else a comical send-up of imperial policies as embodied in Rome's public buildings. The Elegiac Cityscape explores Propertius' Rome and the various ways his poetry about the city illuminates the dynamic relationship between one individual and his environment. The relationship between poet and city is complicated at every turn by the presence in the background of the emperor Augustus, whose sustained artistic patronage of Roman monuments brought about the most pervasive transformation that the city had yet seen. Combining the approaches of archaeology and literary criticism, Tara S. Welch examines how Propertius' poems on Roman places scrutinize the monumentalization of various ideological positions in Rome, as they poke and prod Rome's monuments to see what further meanings they might admit. The result is a poetic book rife with different perspectives on the eternal city, perspectives that often call into question any sleepy or complacent adherence to Rome's traditional values. Book jacket.

LIFE ,1966-11-18 LIFE Magazine is the treasured photographic magazine that chronicled the 20th Century. It now lives on at LIFE.com, the largest, most amazing collection of professional photography on the internet. Users can browse, search and view photos of today's people and events. They have free access to share, print and post images for personal use.

Romulus Marc Hyden,2020-09-30 “Hyden leans into a tone reminiscent of a bard regaling those around a campfire with stories of a hero’s great exploits... [He tells] a fascinating origin story.” – Booklist According to legend, Romulus was born to a Vestal Virgin and left for dead as an infant near the Tiber River. His life nearly ended as quickly as it began, but fate had other plans. A humble shepherd rescued the child and helped raise him into manhood. As Romulus grew older, he fearlessly engaged in a series of perilous adventures that ultimately culminated in Rome’s founding, and he became its fabled first king. Establishing a new city had its price, and Romulus was forced to defend the nascent community. As he tirelessly safeguarded Rome, Romulus proved that he was a competent leader and talented general. Yet, he also harbored a dark side, which reared its head in many ways and tainted his legacy, but despite all of his misdeeds, redemption and subsequent triumphs were usually within his grasp. Indeed, he is an example of how greatness is sometimes born of disgrace. Regardless of his foreboding flaws, Rome allegedly existed because of him and became massively successful. As the centuries passed, the Romans never forgot their celebrated founder. This is the story that many ancient Romans believed.

Getting the books **Acron** now is not type of inspiring means. You could not lonesome going later ebook accretion or library or borrowing from your friends to right of entry them. This is an very simple means to specifically acquire guide by on-line. This online statement Acron can be one of the options to accompany you past having other time.

It will not waste your time. take me, the e-book will enormously look you further event to read. Just invest tiny become old to contact this on-line publication **Acron** as well as evaluation them wherever you are now.
