People You Know George Ade,2022-09-15 *People You Know* is Ade's collection of lighthearted and relatable tales for reading on your porch in the summer sun. Excerpt: He held himself down until the Train had flirted around the Curve, for he knew that she was watching him from the Observation Car. Then he threw his Hat in the Air and began to do Flip-Flops. O, I suppose this is Miserable, he said. I can see a very poor Month ahead of me—yes—not. Me wearing all my Bells and taking a Hurdle every Furlong. He rushed into the Telegraph Office and sent a Wire to her so that it would catch her at the first Station up the Road.

*Letters of George Ade* Terence Tobin,2019-07-15 George Ade, one of the most beloved writers of his day, carried on a lively correspondence with the most colorful of the great and near-great. George M. Cohan, William Howard Taft, Theodore Roosevelt, John T. McCutcheon, James Whitcomb Riley, Finley Peter Dunne, Hamlin Garland all received letters from the Hoosier humorist. Ade's keen observation, compact and straightforward style, and understated humor mark his correspondence, as well as his immensely popular newspaper columns, books, and plays. His friendships were so diversified that his letters forms a patchwork of popular history, literature, politics, and entertainment. Ade's interchange of ideas about people and events shaping the twentieth century as well as his own life will provide insights for students of varied aspects of American culture. This volume presents 182 of the most interesting and informative letters from the thousands of extant pieces of his correspondence in scores of collections scattered throughout the United States. The letters are arranged chronologically, annotated with explanatory material and with sources. A forward, introduction, and Ade's autobiography are included, interspersed with photographs, sketches, handwriting samples and other illustrations which evoke the man and his times.

**Ade's Fables by George Ade.** George Ade,2019-01-13 George Ade (February 9, 1866 - May 16, 1944) was an American writer, newspaper columnist, and playwright. George Ade was born in Kentland, Indiana, one of seven children raised by John and Adaline (Bush) Ade. While attending Purdue University, he became a member of the Sigma Chi fraternity. He also met and started a lifelong friendship with fellow cartoonist and Sigma Chi brother John T. McCutcheon and worked as a reporter for the Lafayette Call. He graduated in 1887. In 1890 Ade joined the Chicago Morning News, which later became the Chicago Record, where McCutcheon was working. He wrote the column, *Stories of the Streets and of the Town*. In the column, which McCutcheon illustrated, George Ade illustrated Chicago life. It featured characters like Artie, an office boy; Doc Horne, a gentlemanly liar; and Pink Marsh, a black shoeshine boy. Ade's well-known fables in slang also made their first appearance in this popular column. Ade's literary reputation rests upon his achievements as a great humorist of American character during an important era in American history: the first large wave of migration from the countryside to burgeoning cities like Chicago, where, in fact, Ade produced his best fiction. He was a practicing realist during

the Age of (William Dean) Howells and a local colorist of Chicago and the Midwest. His work constitutes a vast comedy of Midwestern manners and, indeed, a comedy of late 19th-century American manners. In 1915, Sir Walter Raleigh, Oxford professor and man of letters, while on a lecture tour in America, called George Ade the greatest living American writer.

Lean Marketing Ade Asefeso MCIPS MBA,2013-04-08 The word Lean marketing has been one of the buzzwords of business for a few years now, but beneath the buzzword lays a strong, successful and above all common sense strategy. The Lean Marketing process is actually nothing new. The business tactics it employs are all well known and widely used. Despite this most businesses do not follow them in any particular order or manner. What makes Lean Marketing special is that it organizes its techniques in to a coherent, easy to follow strategy. These steps can be followed step by step to not only launch a successful business, but stop you from launching an unsuccessful business. The key aspects of lean marketing are: • Market Targeting • Validation • Minimum Viable Product • Goals • Improvement • Scale-ability This sounds like common sense, but how can you apply it to marketing? Find out more in this book.

*7 Best Short Stories by George Ade* George Ade,August Nemo,2020-05-15 George Ade's greatest recognition came with *Fables in Slang* (1899), a national best-seller that was followed by a weekly syndicated fable and by 11 other books of fables. The fables, which contained only a little slang, were, rather, examples of the vernacular. The critic August Nemo selected seven short stories from this essential author of American literature: *The Fable of the Preacher Who Flew His Kite, But Not Because He Wished to Do So* *The Fable of the Two Mandolin Players and His Willing Performer* *The Fable of the Parents Who Tinkered with the Offspring* *The Fable of the Man Who Didn't Care for Storybooks* *The Fable of the Kid Who Shifted His Ideal* *The Fable of How Uncle Brewster was Too Shifty for the Tempter* *The Fable of Lutie, the False Alarm, and How She Finished about the Time that She Started*

**Retirement** Ade Asefeso MCIPS MBA,2015-04-27 Some people transition seamlessly into a happy retirement and get right to the business of enjoying their new lives. But other people have a tougher time entering the retirement years. Some of these people may wonder whether they are really cut out for retirement at all. With all the talk and concern about dwindling retirement funds and our shaky economy, many retirees and soon to be retired are concerned about the financial aspects of retirement planning. But what about retirement living? In other words, what would you like to do with the rest of your life?

**Ross-Ade** Robert C. Kriebel,2019-07-15 Dave Ross (1871-1943) and George Ade (1866-1944) were trustees, distinguished alumni and benefactors of Purdue University. Their friendship began in 1922 and led to their giving land and money for the 1924 construction of Ross-Ade Stadium, now a 70,000 seat athletic landmark on the West Lafayette campus. Their life stories date to 1883 Purdue and involve their separate student experiences and eventual fame. Their lives crossed paths with U.S. First Lady Eleanor Roosevelt, Henry Ford, Amelia Earhart, and Will Rogers among others. Gifts or ideas from Ross or Ade led to creation of the Purdue Research Foundation, Purdue Airport, Ross Hills Park, and Ross Engineering Camp. They helped Purdue Theater, the Harlequin Club and more. Ade, renowned author and playwright, did butt heads with Purdue administrators at times long ago, but remains a revered figure. Ross's ingenious mechanical inventions of gears still steer millions of motorized vehicles, boats, tractors, even golf carts the world over.

**George Ade, Collection Novels** George Ade,2017-05-16 George Ade (1866 -1944) was an American writer, newspaper columnist, and playwright. George Ade is one of the American writers whose publications made him rich. When land values were inflated about the time of World

War I, Ade was a millionaire. The Ross-Ade football stadium at Purdue University was built with his (and David E. Ross's) financial support. He also generously supported his college fraternity, Sigma Chi, leading a fund-raising campaign to endow the Sigma Chi mother house at the site of the fraternity's original establishment at Miami University. Ade is also famous among Sigma Chis as the author of The Sigma Chi Creed, written in 1929, one of the central documents of the fraternity's philosophies. In this book: In Pastures New Ade's Fables Fables in Slang

**Ade's Fables** George Ade,2016-12-31 George Ade was a writer - primarily a humorist - who was extremely popular around the turn of the 20th century. His books were all best sellers, and he actually became a millionaire from the royalties. His claim to fame consisted of his 'fables.' These were vignettes sprinkled liberally with current slang usage and tongue-in-cheek humor, followed at the end with an all-encompassing moral. This book is a collection of such fables, following on his success with Fables in Slang. The fable itself is usually two- or three-pages long, with no hint of any serious intent. Although the moral is often detectable within the fable itself, he always appended a more general one at the end. Ade, today, is likely to only come up in a review of humor in America.Excerpt from Ade's Fables:He is sure to blow up sooner or later. Take another Lesson tomorrow morning and then publish your Defi in the afternoon.He never had been strong enough to stand off Ambition. So the next Day he took on Old Sure-Thing again and got it in the same Place.No wonder. The Octogenarian was of Scotch Descent. He was the Color of an Army Saddle. He never smiled except when the Kilties came on tour. His Nippie consisted of a tall Glass about half full and then a little Well Water.A plain American Business Man with a York State Ancestry had a fat Chance against this Caledonian frame-up.But that same persistent Ambition kept sending him back to the Ring to take another Trouncing.One day he failed to show up at the Club House. The Trained Nurse, who fanned him during the final Hours,never suspected. But the Caddy- Master knew that he had died of a Broken Heart.MORAL: Those who travel the hardest are not always the first to arrive.

**Lean Government** Ade Asefeso MCIPS MBA,2014-11-27 In these incredibly tough budget times, you would think government agencies would be working extra hard to find ways of doing things more efficiently. Unfortunately, leaders across the world are grabbing the same old playbook; recruitment freezes, travel restrictions, delaying maintenance and so on. They are not examining the actual work being done; the operations are fundamentally the same. Instead, they are left with tired, overworked employees trying to do the same operations with fewer resources. This approach creates an illusion of efficiency. Real efficiency is about looking at the systems; the way work itself is designed and finding ways to streamline the work so that we do our important tasks very well in less time and with less hassle. Systems are where the costs are incurred. Systems are where the customers show up. Systems are where the value of the agency is created and systems appear to be the last thing anyone is focusing on.

**Addiction Intervention Strategy Unleashed** Ade Asefeso MCIPS MBA,2011-07-27 The symptoms of drug addiction can often be masked by other problems in a person's life. Drug use becomes an addiction when a person has a compulsive need to use drugs without care or regard for the consequences that might arise either physically or emotionally. There are plenty of signs and symptoms to look for to tell if you or someone you love has a drug addiction.
