Champion's Call A.R. Knight,2020-06-22 It's not easy for a legend to disappear. Mynx has been trying to fade away for years, but now Aegis is missing, and Mynx must lead the Paragons, or watch the world she built collapse into fiery disaster. The Paragons, with their super-powered abilities, control the world under the Champion's leadership, the original group that Mynx joined to, at first, save the world and then to rule it. Not everyone, though, is happy with the new world order, and the Champions, after decades in the fight, are showing weakness. Mynx has to gather the Champions one last time, get them to agree on the Paragon's future. Show the world that its keepers are still strong. But Mynx isn't the only one who sees such a gathering as an opportunity, a chance to strike down the world's most powerful heroes in a single shot, and trigger a global revolution. **Champion's Call** continues **The Hero's Code**, an action-packed superhero adventure in a near-future world where the haves and have-nots are determined not by back accounts, but by your genes. Jump into the journey that started with **Paragon's Fall**. Pick up **Champion's Call** today, and decide which side you're on.

Good Luck Have Fun Roland Li, 2017-09-05 Esports is one of the fastest growing—and most cutthroat—industries in the world. A confluence of technology, culture, and determination has made this possible. Players around the world compete for millions of dollars in prize money, and companies like Amazon, Coca Cola, and Intel have invested billions. Esports are now regularly played live on national TV. Hundreds of people have dedicated their lives to gaming, sacrificing their education, relationships, and even their

bodies to compete, committing themselves with the same fervor of any professional athlete. In *Good Luck Have Fun*, author Roland Li talks to some of the biggest names in the business and explores the players, companies, and games that have made it to the new major leagues. Follow Alex Garfield as he builds Evil Geniuses, a modest gaming group in his college dorm, into a global, multimillion-dollar eSports empire. Learn how Brandon Beck and Marc Merrill made *League of Legends* the world's most successful eSports league and most popular PC game, on track to make over \$1 billion a year. See how Twitch.tv pivoted from a video streaming novelty into a \$1 billion startup on the back of professional gamers. And dive into eSports' dark side: drug abuse, labor troubles, and for each success story, hundreds of people who failed to make it big. With updates on recent developments, *Good Luck Have Fun* is the essential guide to the rise of an industry and culture that challenge what we know about sports, games, and competition.

Liberator's Light A.R. Knight, 2022-02-15 On every street, in every city, the Paragons are hunted. Drones and mercenary teams break apart families and take captive anyone with a hint of power. Whispers in the dark hint at their destination: a grim prison where dire experiments seek to extract the secrets in the Paragon's

genes. Those left free scurry from one hideout to another, trying to stay one step ahead of annihilation. It's a race with only one sure end, unless Celice and the remaining heroes can find the key to stopping the slaughter. That key? The Factory, a vast center producing Paragon-killing machines in the hills north of Los Angeles. Fiercely protected, it is, nonetheless, the only shot worth taking. But Celice cannot do it alone. Allies must be found, even among former enemies. Perhaps especially so, for as the future comes into focus, it's clear the end will not be what many hoped. As unlikely bonds are forged and a desperate plan is put into action, a battle to preserve the possibility of freedom begins. Who wins, who dies, and who is tossed aside is a question only answered with blood, strength, and hope. Dive into *Liberator's Light*, the finale of *The Hero's Code* series and experience a whirlwind adventure from the first page to the last.

The Four Nations Tournament James E Wisher, 2018-07-23

Four Nations. One Champion. After a long Autumn, Conryu Koda is ready for a rest. His hopes are dashed when Chief Kane asks for another favor. Ratings are down for the Four Nations Tournament and having the world's only male wizard participate is just the thing to give them a boost. An exhausted Conryu has no interest in

playing in an event broadcast world wide. Unfortunately for him, everyone else thinks it's a great idea. Before he knows it he's off to London for the games. But Conryu isn't the only one visiting the city. The sinister Lady Tiger is in town and she's got her eye on the other half of the broken elf artifact. Throw the stunning Heather James, scheming Malice Kincade, and an army of fanatics into the mix and ratings will be the least of Conryu's worries. Get The Four Nations Tournament now.

Warfighting and Disruptive Technologies Terry

Pierce,2004-08-05 Occasionally, during times of peace, military forces achieve major warfighting innovations. Terry Pierce terms these developments 'disruptive innovations' and shows how senior leaders have often disguised them in order to ensure their innovations survived.

Revolution's Rise A.R. Knight,2021-10-26

The bomb did more than shatter a stadium: it shook the world. As the smoke settles, Celice heads off to Europe on the bomber's tail, vengeance hot on her mind. She has the tools and the tortured soul to make sure her

target suffers. It's a no-holds-barred hunt, one that might carry a price higher than Celice is willing to pay. Back in Chicago, Wexley takes the helm with vicious speed. The revolution's been kick-started, and he means to carry it out, no matter the consequences. How to defeat a world-conquering super-powered team? The answer drifts by outside his office window, and Wexley puts a plan into motion. That plan sends new Paragon Calvin into a fight for his life as he and Kat are targeted from multiple sides. Friends turn enemies as a strange disappearance tugs the Paragon and the tracker in over their heads. Always a loner, Calvin's finding that he might care more for another than himself for the first time ever . . . right when he might lose her. Revolution's Rise continues the sci-fi superhero saga started with Paragon's Fall. Suffused with fast-paced action, fantastic abilities, and fresh characters that'll keep you turning the pages, Revolution's Rise is a globe-spanning adventure worth taking.

Heavenly Realms Jonathan Andrew Goss, 2019-08-21 The War for the Throne has long since ended. The Fallen have been exiled. Heaven is secure. But the War for Souls now rages with infernal wrath as Faithful and Fallen battle one another on Earth for the sake of humanity. Thrust into this maelstrom, filled with demonic as

well as angelic foes, is the legend of Zion. He sundered the earth and scorched the firmament. He surmounted the champions of his damned brethren and returned from the dead, the rock star of Heaven's revolting concert. He was always inspiring: dangerous in his comedy; beautiful in his tragedy. But now he endures the divinely imposed restrictions of a Second War's rules of engagement. For such a creature, there is no solace absent attrition. Amidst his battle of wits and wills, he'll face an adversary far deadlier than any archangel, angel or human. And it will claim him. Then, when his Fall leaves Zion bereft of its prodigy, he will know the price of sin. Yet through the very power which fueled his pride, one forsaken hero will tread the path of chaos towards reunion. He will wander in the fog of war, where light and dark are grey, where hope might harbor a means to amends. Before a hallowed jury, this Son of God's smoky tenor will keen a forlorn opera, recounting his sinful tale and the search for that feat which has thus far eluded every Fallen. Set in these end of days, filled with saints-turned-villains and villains-revealed-martyrs, Grey Aegis is the story of one angel's Fall and his subsequent reach for that which God has vouchsafed to every soul: redemption.

Of Time and Spirit Maurice W. Dorsey,2020-09-21 Of Time and Spirit is a tribute to my father, James Roswell Dorsey Sr. (1919–2000). His story is told from my perspective as a son and traces his journey to inner peace and the struggles of a father and his son to communicate. Further, it is a historical chronology compiled from my dad’s personal papers, military records, civilian personnel records, notes jotted down on scraps of paper, and the many conversations we’ve had over my lifetime. Especially those conversations we had toward the end of his life when I had become a man and could understand some of his innermost feelings, thoughts, and wisdom. This is a project he wanted to undertake prior to his death; however, age and poor health prevented his version of his life. My account of his life is a small fraction of the man he truly was, but he wanted his life recorded in history, and now it is. My father remains in this book, Of Time and Spirit.
