**Agent 6** Tom Rob Smith,2012-01-05 **THREE DECADES. TWO MURDERS. ONE CONSPIRACY.** WHO IS AGENT 6? Tom Rob Smith's debut, *Child 44*, was an immediate publishing sensation and marked the arrival of a major new talent in contemporary fiction. Named one of top 100 thrillers of all time by NPR, it hit bestseller lists around the world, won the CWA Ian Fleming Steel Dagger Award and the ITW Thriller Award for Best First Novel, and was longlisted for the Man Booker Prize. In this spellbinding new novel, Tom Rob Smith probes the tenuous border between love and obsession as Leo Demidov struggles to untangle the threads of a devastating conspiracy that shatters everything he holds dear. Deftly capturing the claustrophobic intensity of the Cold War-era Soviet Union, it's at once a heart-pounding thriller and a richly atmospheric novel of extraordinary depth.... **AGENT 6** Leo Demidov is no longer a member of Moscow's secret police. But when his wife, Raisa, and daughters Zoya and Elena are invited on

a Peace Tour to New York City, he is immediately suspicious. Forbidden to travel with his family and trapped on the other side of the world, Leo watches helplessly as events in New York unfold and those closest to his heart are pulled into a web of political conspiracy and betrayal-one that will end in tragedy. In the horrible aftermath, Leo demands only one thing: to investigate the killer who destroyed his family. His request is summarily denied. Crippled by grief and haunted by the need to find out exactly what happened on that night in New York, Leo takes matters into his own hands. It is a quest that will span decades, and take Leo around the world--from Moscow, to the mountains of Soviet-controlled Afghanistan, to the backstreets of New York--in pursuit of the one man who knows the truth: Agent 6.

**Who Belongs?** Mikaëla M. Adams, 2016 Who can lay claim to a legally-recognized Indian identity? Who decides whether or not an individual qualifies? The right to determine tribal citizenship is fundamental to tribal sovereignty, but deciding who belongs has a complicated history, especially in the South. Indians who remained in the South following removal became a marginalized and anomalous people in an emerging biracial world. Despite the economic hardships and assimilationist pressures they faced, they insisted on their political identity as citizens of tribal nations and rejected Euro-American efforts to reduce them to another racial minority, especially in the face of Jim Crow segregation. Drawing upon their cultural traditions, kinship patterns, and evolving needs to protect their land, resources, and identity from outsiders, southern Indians constructed tribally-specific citizenship criteria, in part by manipulating racial categories - like blood quantum - that were not traditional elements of indigenous cultures. Mikaëla M. Adams investigates how six southern tribes—the Pamunkey Indian Tribe of Virginia, the Catawba Indian Nation of South Carolina, the Mississippi Band of Choctaw Indians, the Eastern Band of Cherokee Indians of North Carolina, the Seminole Tribe of Florida, and the Miccosukee Tribe of Indians of Florida—decided who belonged. By focusing on the rights and resources at stake, the effects of state and federal recognition, the influence of kinship systems and racial ideologies, and the process of creating official tribal rolls, Adams reveals how Indians established legal identities. Through examining the nineteenth and twentieth century histories of these Southern tribes, *Who Belongs?* quashes the notion of an essential Indian and showcases the constantly-evolving process of defining tribal citizenship.

**White Shotgun** April Smith, 2011-06-21 Special Agent Ana Grey—intense, unpredictable, brilliant—returns in an electrifying new novel of suspense. Even on leave from the FBI, Ana can't kick old habits: when she witnesses a drive-by shooting at an Italian restaurant in London, she helps the injured and gives testimony to the police. Still, it comes as a shock when, soon after, the Bureau contacts her—not because they want her to investigate the shooting, but because they want her to investigate the half sister she never knew she had, Cecilia, who lives in Siena and is married to Nicosia, a coffee mogul with some suspicious connections. Settling into their home under false pretenses is the least of the complications Ana encounters. The entire city of Siena is gearing up for its legendary horse race, the Palio—the dazzling annual culmination of ancient rivalries between the city's many wards. But when her nephew is stabbed and her sister goes missing, Ana understands with painful clarity that there's more than a horse race at stake here. And for Ana herself, it will mean an almost impossible choice between duty and family.

The Matrix in Theory ,2016-08-01 The Matrix trilogy continues to split opinions widely, polarising the downright dismissive and the wildly enthusiastic. Nevertheless, it has been fully embraced as a rich source of theoretical and cultural references. The contributions in this volume probe the effects the Matrix trilogy continues to provoke and evaluate how or to what extent they coincide with certain developments within critical and cultural theory. Is the enthusiastic philosophising and theorising spurred by the Matrix a sign of the desperate state theory is in, in the sense of “see how low theory (or ‘post-theory’) has sunk”? Or could the Matrix be one of the “master texts” for something like a renewal for theory as now being mainly concerned with new and changing relations between science, technology, posthumanist culture, art, politics, ethics and the media? The present volume is unashamedly but not dogmatically theoretical even though there is not much agreement about what kind of theory is best suited to confront “post-theoretical” times. But it is probably fair to say that there is agreement about one thing, namely that if theory appears to be “like” the Matrix today it does so because the culture around it and which “made” it itself seems to be captured in some kind of Matrix. The only way out of this is through more and renewed, refreshed theorising, not less.
