Breathtaking Ph. D Holmes-Eber,Lorenz Eber,2022-06-15 Geared up with two tents, six panniers, two tandem bicycles and one stuffed pink pig, Paula and Lorenz Eber set off from Seattle, Washington to cycle the world with their two daughters, eleven-year old Yvonne, and her thirteen year old sister, Anya. Their dream: to pedal in a complete circle around the world using a carbon free, environmentally friendly way to travel. Their goal: to raise awareness of asthma – a disease that Paula has suffered from her entire life – and the world’s desperate need for clean air. Breathtaking is the exciting and inspiring true story of their adventures. Readers follow the Ebers across Europe, Asia, the South Pacific and North America as they raise their daughters around the globe. School is conducted outdoors on mountaintops. The responsibilities of parenting have been expanded to include hunting for an English copy of the latest Harry Potter book. And family togetherness takes on a new meaning as the Ebers must work together to survive a 100-degree heat wave in Italy, drug smugglers in Russia, a broken foot in New Zealand and a tornado in the U.S. Yet, as the family pedals farther and farther away from home, they realize that the greatest challenge they face is the journey that they must undergo within themselves. The Ebers returned home twenty-four countries and 14,931 km (9,332 miles) later – raising \$65,000 for the non-profit organization, World Bike for Breath. They spoke about clean air and asthma to more than 150 newspapers, magazines, and TV stations, including Time for Kids, NPR, and PBS’s Roadtrip Nation. They are the only family on record to complete a full circumnavigation of the world by bicycle.

It's All About the Bike Robert Penn,2011-04-26 Robert Penn has saddled up nearly every day of his adult life. In his late twenties, he pedaled 25,000 miles around the world. Today he rides to get to work, sometimes for work, to bathe in air and sunshine, to travel, to go shopping, to stay sane, and to skip bath time with his kids. He's no Sunday pedal pusher. So when the time came for a new bike, he decided to pull out all the stops. He would build his dream bike, the bike he would ride for the rest of his life; a customized machine that reflects the joy of cycling. It's All About the Bike follows Penn's journey, but this book is more than the story of his hunt for two-wheel perfection. En route, Penn brilliantly explores the culture, science, and history of the bicycle. From artisanal frame shops in the United Kingdom to California, where he finds the perfect wheels, via Portland, Milan, and points in between, his trek follows the serpentine path of our love affair with cycling. It explains why we ride. It's All About the Bike is, like Penn's dream bike, a tale greater than the sum of its parts. An enthusiastic and charming tour guide, Penn uses each component of the bike as a starting point for illuminating excursions into the rich history of cycling. Just like a long ride on a lovely day, It's All About the Bike is pure joy- enriching, exhilarating, and unforgettable.

Pedaling Revolution Jeff Mapes,2009 From traffic-dodging-bike messengers to tattooed teenagers on battered bikes, from riders in spandex to well-dressed executives, ordinary citizens are becoming transportation revolutionaries. Jeff Mapes traces the growth of bicycle advocacy and explores the environmental, safety, and health aspects of bicycling. He rides with bicycle advocates who are taming the streets of New York City, joins the street circus that is Critical Mass in San Francisco, and gets inspired by the everyday folk pedaling in Amsterdam, the nirvana of American bike activists. Chapters focused on big cities, college towns, and America's most successful bike city, Portland, show how cyclists, with the encouragement of local officials, are claiming a share of the valuable streetscape.--BOOK JACKET.

Into Thick Air Jim Malusa,2008-04-28 “Delightful debut travelogue by botanist Malusa, who cycled to the lowest point on each of six continents.” —Kirkus Reviews With plenty of sunscreen and a cold beer swaddled in his sleeping bag, writer and botanist Jim Malusa bicycled alone to the lowest point on each of six continents, a six-year series of “anti-expeditions” to “anti-summits.” His journeys took him to Lake Eyre in the arid heart of Australia, along Moses’ route to the Dead Sea, and from Moscow to the Caspian Sea. He pedaled across the Andes to Patagonia, around tiny Djibouti in the Horn of Africa, and from Tucson to Death Valley. With a scientist’s eye, Malusa vividly observes local landscapes and creatures. As a lone man, he is overfed by grandmothers, courted by ladies of the night in Volgograd, invited into a mosque by Africa’s most feared tribe, chased by sandstorms and hurricanes—yet Malusa keeps riding. His reward: the deep silence of the world’s great depressions. A large-hearted narrative of what happens when a friendly, perceptive American puts himself at the mercy of strange landscapes and their denizens, Into Thick Air presents one of the most talented new voices in contemporary travel writing. “I’ve followed all of Jim’s amazing and hilarious journeys, and I am happy to claim him as one of my favorite writers.” —Barbara Kingsolver, New York Times bestselling author “His descriptions of desert landscapes can be extraordinary . . . You can almost feel the dry gusts turning Malusa’s lips into cracked leather.” —The New York Times Book Review

Bicycle Odyssey Carla Fountain,2020-10-07 When author Carla Fountain set off on her year-long cycling journey, she expected new discoveries about the world. But she hadn’t anticipated a shocking rediscovery of

herself. *Bicycle Odyssey*, a travel memoir, follows Carla and her husband, Dermot, as they embark on a challenging bicycling adventure that not only tests their survival skills, but ultimately their relationship. Armed with a will to persevere, they face unexpected danger and a cultural learning curve that nearly costs one of them their lives. In a time before modern conveniences, these two travelers off the beaten path lived disconnected from all communication. No cell phones to call home. No ATM for quick cash. No internet cafes to send a message. Relying solely on themselves, and a few helpful angels along the way, they experienced the lush beauty of Uganda, the welcoming people of Vietnam, the isolated mountains and hill tribes of Thailand, the terror of traffic in India, and the magic of Bali. Their journey did not end the moment they stepped foot at home. In fact, it continued for almost three decades as the couple digested the trip and acted on the lessons they learned. By telling their story, they hope to inspire and give confidence to others in pursuing dreams. Told with vivid observation about the world and the people in it, *Bicycle Odyssey* shares the story of a rich and enlightening pilgrimage.

The Science of a Bicycle Ian Graham,2009-01-01 Uses the example of a bicycle to explore forces and how they work, discussing gravity, friction, acceleration, and torque.

The Magnificent Raiders of Dimension War One Dante D'Anthony,2014-03-26 Walking after midnight Deneb 4, 4217 David was staring. “You're a masterpiece, Sissy-a real work of art. Beauty and the beast all rolled into one...our very own femme fatale? “You have two things to remember lest you go AWOL on us. One- you're body is real. You're a genetically engineered superwoman. Your lifespan, without enhancement is five centuries. So you have something to live for. I've pressed the Overlord council to waive entirely the charges for treason that had been pressed against you from your previous incarnation. Secondly, well, there's this.” He tossed a small purple cube over on the bed. “I suggest you don't look at it until you've given yourself a few days to acclimate yourself to the real universe again. It's rather disturbing. “We've commandeered you a small ship, nicely appointed I might add. Aspects of your former self will start to begin to come back into your awareness over time. Yes...you're sensing it now. Yes dear, you were a woman.” Suddenly they were not alone. Lourdes was standing in the middle of the room. “Well David, can't tear yourself away from her now that we've restored her can you? Tsk, tsk, love never dies, after all this time. She betrayed you once, and now here she lays in full glory. Only you would have given her another chance. Off with her then! The transfer is complete; she's in the flesh now, going on and kiss her goodbye.” Cicero looked over and saw a flash of annoyance in David's eye, but the sardonic and cold heart that never melted remained on the lips. Lisa looked at the cube. Then she got up and walked over to a wall length mirror by a sink. She was tall, strawberry blonde (her hair could change color at will she realized suddenly, one of her powers), She was elegant and athletic. Back in the saddle it seemed, and ready for blood. Outside the window the towers of Deneb 4 gleamed in the sunshine.
