Island Heat A.J. Llewellyn, D.J. Manly, Roman and Philippe are hotshot Hollywood wedding planners about to embark on a new exotic location for big-buck weddings—Tahiti. The French government has just changed the law to allow foreign marriages to take place on these wild, untamed islands, and the ten-day, all-expenses paid trip to the South Seas can't come at a better time for the couple. With Roman in remission from a near-fatal bout with male breast cancer, Philippe feels this is like their own honeymoon...except for one small thing. Philippe's former lover, Tane, is still living in Tahiti and has his sights set on claiming Philippe for himself. Roman, feeling insecure following his devastating illness, watches helplessly as the big, muscular island god makes a play for his man. Philippe, too, seems thrilled to see Tane again. He would love to re-experience the sexy islander's touch, only with Roman participating in a threesome. But will Roman become mesmerized by the mysterious islander and agree to the salacious proposal? Come, feel the heat of Tahiti and a demi-god named Tane...

Adorning the World Eric Kjellgren, Carol S. Ivory, 2005 The imagery of Marquesan art is testament to the myriad beings and creatures who inhabited the Marquesan universe - gods, ancestors, humans, lizards, turtles, fish - and to the islands' complex social and political organization. These art forms are explored in the present volume, published in conjunction with the exhibition *Adorning the World: Art of the Marquesas Islands*, held at The Metropolitan Museum of Art.--BOOK JACKET.

Tahiti Nui Colin W. Newbury, 2019-03-31 Tahiti Nui is an account of the survival of a Polynesian society in the face of successive settlements of missionaries, traders, and administrators. Beginning with the first explorers and Captain Cook's scientific observations at Point Venus, Dr. Newbury has separated the various strands interwoven in the fabric of Tahitian society, tracing their development and showing how they interacted at successive stages. Missionaries and foreign traders, administrators and Polynesians, planters and immigrant Chinese have all contributed to the distinctive flavor of French Polynesia, with Tahiti and Tahitians becoming increasingly dominant, not just as the focus of the French administration in Pape'ete, but in the social networks and trading patterns that have evolved.

Transport Law in Australia John Livermore, 2023-08-20 John Livermore's succinct monograph provides a useful overview of Australian transport law, as of July 2017... This is a readable and useful publication which provides a good summary of Australian transport law. Simon Baughen, Professor of Shipping Law, Swansea University / Artho Cyraith Llongau. Extract from full review of the 3rd edition in Journal of International Maritime Law, January 2020 Transport Law in Australia is a clear and well researched resource covering all modes of transport. It should be the first port of call for logistic professionals, transport lawyers and students when seeking to understand the legalities of transport in Australia. Russell Wiese, Director CTG Law This updated edition of Transport Law in Australia describes the main sources of transport law, jurisdiction and courts, state immunity, and the legal role of transport intermediaries. The scope of the book is broad in that it encompasses maritime, road, rail, air, and multimodal transport law. Almost half the book is devoted to maritime and shipping law which, for an island nation with over 95% of its international trade carried by sea, is as important as it is unsurprising. Whilst works of this nature have the potential to be a 'dry' read, in this case the author has taken an approach which makes the book eminently readable and usable. The text is well supported by in-depth research and enhanced with comprehensive referencing, footnotes, tables of cases and statutes, as well as a selected bibliography. With Australian society and the economy vitally dependent on all modes of transport this book will be a valuable addition for many in the transport community. This includes transport operators, shippers and freight forwarders, transport regulators and lawyers, as well as academics, researchers and students engaged in the study of transport. The author's practical and masterful approach to the subject should go a long way to ensuring the success of Transport Law in Australia as well as being a valuable addition to the body of literature on this important topic. Barrie Lewarn, Professor, Australian Maritime College, National Centre for Ports and Shipping, University of Tasmania Review of the 2nd edition of Transport Law in Australia

Tahiti, Moorea, Bora Bora & French Polynesia Thomas Booth, Gunilla Von Post, 2010-10-30 It's 1953 on the Cote d'Azur. A beautiful blond 21-year-old Swedish aristocrat meets a charismatic, boyish American senator with what she calls a "fascinating accent." They spend a romantic (and chaste) evening together, share a passionate kiss, and he professes his love. But, alas, the handsome prince is about to turn into a married man -- the very next week. So that's that. Or should have been. But the newly married, ambitious, increasingly famous senator writes ardently and phones often,

declaring how much he needs "my Swedish flicka" and vowing they will meet again in Paris or the Rivi.
