United States. Department of the Army

The Big Umbrella John Lucas, 1973 Om faldskærmens ca. 500-årige udviklingshistorie.

Patton's Air Force David N. Spires, 2014-06-10 From the time the Third Army became operational on August 1, 1944, until the guns fell silent on May 8, 1945, Lt. Gen. George S. Patton's troops covered more ground and took more enemy prisoners than any other Allied army in northwest Europe. Brig. Gen. Otto P. Weyland's XIX Tactical Air Command (TAC) provided air support every step of the way. Their combined success is something of an anomaly; air-ground relationships are notoriously confrontational and plagued with inter-service competition. How did Patton and Weyland work together to achieve such astounding success? Drawing on exclusive access to official records, David N. Spires finds that this success was due to four key developments: the maturation of tactical aviation doctrine, effective organizational procedures, a technical revolution in equipment, and, above all, the presence of pragmatic men of goodwill who made the system work. He focuses on the highly effective personal relationship between Patton and Weyland -- men who respected, trusted, and fully relied on each other and their respective subordinates. This collaboration extended all the way down the chain of command: Patton's ground troops and Weyland's airmen trained together in England, and so by the time they entered combat, they operated together as a single unit. Contrary to conventional wisdom, air-ground relationships in the field can be cooperative rather than confrontational. Today's air and ground officers can continue to benefit from the amazing success of the Third Army and the XIX TAC.

Air Power for Patton's Army David N. Spires, 2002 Presents a case study of one air-ground team's experience with the theory and practice of tactical air power employed during the climactic World War 2 campaigns against the forces of Nazi Germany.

The Rakkasans E. M. Flanagan, 1997 The complete account of one of the most remarkable regiments in the history of the US Army. The Rakkasans (meaning umbrella men as they were nicknamed by the Japanese), have fought in every major American military conflict from World War II to the Persian Gulf, where the regiment made the longest and largest combat air assault in military history. Sixth Fleet Under Scott Malensek, 2002-07 Nuclear War is obsolete in the 21st Century. With the scientific mapping of the human genome the same medicine that targets specific cancer-causing genes can be turned into precision-guided, chemical/biological weapons of genocidal destruction. Terrorist attacks in the Holy Land finally lead to a vigilante attempt at genocide. The Arab World unites in vengeance, and the largest coordinated air and naval attacks in the history of the world are launched. The confined space of the Eastern Mediterranean Sea is filled with hundreds of ships, planes, and submarines. Only the U.S.S. George Washington Carrier Battlegroup stands in the way!

Red Markers, Close Air Support for the Vietnamese Airborne, 1962-1975 Gary Willis, 2013 Award-winning history of a segment of the Vietnam War ... From 1962 until early 1973, a handful of USAF officers and airmen directed close air support for the Vietnamese Airborne and its American advisors in MACV Advisory Team 162. This Red Marker detachment began as a single Air Liaison Officer. It grew into a combat unit of 36 personnel with a dozen aircraft before shrinking to a single officer as the United States withdrew from combat. Over the decade of its existence, less than 175

men served in the unit. Five of them died in combat. This award winning history of these forward air controllers from the beginning to the end is based on contributions from 76 men who were there.

The Rakkasans E. M. Flanagan, Jr.,2004-01-01 The complete account of one of the most remarkable regiments in the history of the U.S. Army. The Rakkasans (meaning umbrella men, as the Japanese nicknamed them), have fought in every major American military conflict from WW2 to the Persian Gulf. Beginning in 1943, the 187th had its baptism of fire when it landed in the Philippines on Leyte island. The 187th went on to fight in two other major campaigns in the Pacific, and were chosen by Gen. MacArthur as part of the first wave of troops sent to occupy Japan. The 187th was the only airborne unit sent into the Korean War. In Vietnam, the Rakkasans fought bravely and made history at Hamburger Hill. In Desert Storm, the Rakkasans made the longest and largest helicopter assault in military history. Photos.

Arnhem Umbrella Neil Thornton,2022-12-14 Operation Market Garden was Major Digby Tatham Warter's first action. As the OC of 'A' Company, 2 Para, he led the advance to the Arnhem road bridge, brushing aside German resistance to reach the objective. Over the course of the next four days, Digby - a well-known eccentric - enhanced his reputation further by displaying solid leadership and a fearlessness that left everyone who witnesses it in awe. Picking up an umbrella and bowler hat from one of the houses, Tatham Warter strolled around the perimeter oblivious to shot and shell, instilling confidence in his men and inspiring them to battle on in the face of overwhelming odds. Wounded and captured at the battle's end, Digby escaped and linked up with the Dutch Resistance. For weeks he strutted around the area disguised as a deaf and dumb Dutchman to fool the Germans. He collected over hundred paratroopers ('evaders') and forged a plan to lead them through enemy lines to safety. His post-war years are just as exciting. This is his story.

Douglas MacArthur Arthur Herman,2017-03-28 A new, definitive life of an American icon, the visionary general who led American forces through three wars and foresaw his nation's great geopolitical shift toward the Pacific Rim—from the Pulitzer Prize finalist and bestselling author of *Gandhi & Churchill* Douglas MacArthur was arguably the last American public figure to be worshipped unreservedly as a national hero, the last military figure to conjure up the romantic stirrings once evoked by George Armstrong Custer and Robert E. Lee. But he was also one of America's most divisive figures, a man whose entire career was steeped in controversy. Was he an avatar or an anachronism, a brilliant strategist or a vainglorious mountebank? Drawing on a wealth of new sources, Arthur Herman delivers a powerhouse biography that peels back the layers of myth—both good and bad—and exposes the marrow of the man beneath. MacArthur's life spans the emergence of the United States Army as a global fighting force. Its history is to a great degree his story. The son of a Civil War hero, he led American troops in three monumental conflicts—World War I, World War II, and the Korean War. Born four years after Little Bighorn, he died just as American forces began deploying in Vietnam. Herman's magisterial book spans the full arc of MacArthur's journey, from his elevation to major general at thirty-eight through his tenure as superintendent of West Point, field marshal of the Philippines, supreme ruler of postwar Japan, and beyond. More than any previous biographer, Herman shows how MacArthur's strategic vision helped shape several decades of U.S. foreign policy. Alone among his peers, he foresaw the shift away from Europe, becoming the prophet of America's destiny in the Pacific Rim. Here, too, is a vivid portrait of a man whose grandiose vision of his own destiny won him enemies as well as acolytes. MacArthur was one of the first military heroes to cultivate his own public persona—the swashbuckling commander outfitted with Ray-Ban

sunglasses, riding crop, and corncob pipe. Repeatedly spared from being killed in battle—his soldiers nicknamed him “Bullet Proof”—he had a strong sense of divine mission. “Mac” was a man possessed, in the words of one of his contemporaries, of a “supreme and almost mystical faith that he could not fail.” Yet when he did, it was on an epic scale. His willingness to defy both civilian and military authority was, Herman shows, a lifelong trait—and it would become his undoing. Tellingly, MacArthur once observed, “Sometimes it is the order one disobeys that makes one famous.” To capture the life of such an outsize figure in one volume is no small achievement. With Douglas MacArthur, Arthur Herman has set a new standard for untangling the legacy of this American legend. Praise for Douglas MacArthur “This is revisionist history at its best and, hopefully, will reopen a debate about the judgment of history and MacArthur’s place in history.”—New York Journal of Books “Unfailingly evocative . . . close to an epic . . . More than a biography, it is a tale of a time in the past almost impossible to contemplate today as having taken place, with MacArthur himself as a figure perhaps too remote to understand, but all the more important to encounter.”—The New Criterion “With Douglas MacArthur: American Warrior, the prolific and talented historian Arthur Herman has delivered an expertly rendered, compulsively readable account that does full justice to MacArthur’s monumental achievements without slighting his equally monumental flaws.”—Commentary

Out of the Blue James A. Huston,1998 Beginning with a case study of the greatest airborne operation of the war, the 1944 invasion of Holland, Huston examines the inception, organization, training, equipment, strategies, Allied cooperation, and overall effectiveness of the airborne in the total war effort. Operations in North Africa, Sicily, Italy, Southern France, the Pacific, and the Far East are discussed. No other book brings together as much information and documentation on the airborne. Of special interest to the veterans who took part in the great paratroop and glider movements, this book will become invaluable to students of aerial warfare and of World War II.

The Big Umbrella John Lucas,1975 In this book, John Lucas charts the fascinating 500-year history of the parachute. This book is a timely tribute to the big umbrella coming as it does at the end of the Apollo Project in which it played, as ever, a leading role in the safe return of man to earth.-- [book jacket].
