Critical Review of the Abe Administration International House of Japan,2023-12-12 The second Abe administration, which lasted for seven years and eight months, turned out to be the longest administration in Japan's constitutional history. What factors contributed to its remarkable longevity? What accomplishments and enduring legacies did this administration achieve during its tenure? Originally published in Bungeishunju in Japanese, this book examines policies pursued by the administration and its governance based on over 50 investigative interviews with key figures in the administration, including former Prime Minister Shinzo Abe. The contributors cover nine major policies, including economic policy, diplomacy and security, work style reform, trade liberalization, and historical issues, and explore why a specific policy was chosen at that time, who made that decision, and on what grounds. Reviewing such decision-making processes sheds light on the issue of governance. Consequently, this book also analyses the administration's distinctive style of governance, such as strong leadership from the Prime Minister's Office, ability to navigate party politics, and overwhelming victories in national elections. An essential for scholars and students in the fields of public administration, public policy, Japanese studies, and Asian Studies.

Line of Advantage Michael J. Green,2022-03-29 No other country has devised a grand strategy for managing China's rising economic and military power as deliberately or successfully as Japan. Seeking to counter Chinese ambitions toward regional hegemony, Japan has taken an increasingly assertive role in East Asia and the world. During the tenure of Prime Minister Abe Shinzo, the country pursued closer security cooperation with the United States and other democracies, established a more centralized national defense system, and advanced rules and norms to preserve the open regional order in the Indo-Pacific that

is crucial to its prosperity and survival—all while managing an important economic relationship with China. In *Line of Advantage*, Michael J. Green provides a groundbreaking and comprehensive account of Japan's strategic thinking under Abe. He explains the foundational logic and the worldview behind this approach, from key precedents in Japanese history to the specific economic, defense, and diplomatic priorities shaping contemporary policy toward China, the United States, the two Koreas, and the Indo-Pacific region. Drawing on two decades of access to Abe and other Japanese political, military, and business leaders, Green provides an insider's perspective on subjects such as how Japan pursued competition with China without losing the benefits of economic cooperation. Assessing the strengths and weaknesses of Japan's new active role, *Line of Advantage* sheds new light on a period with profound implications for the future of U.S. competition with China and international affairs in Asia more broadly.

Japan Decides 2021 Robert J. Pekkanen, Steven R. Reed, Daniel M. Smith, 2022-11-30 Recent elections in Japan have been dramatic, and the 2021 general election was no exception. Worldwide turmoil caused by the coronavirus (COVID-19) pandemic, as well as domestic uncertainty following the resignation of long-serving Liberal Democratic Party (LDP) Prime Minister Abe Shinzō, left many voters and political observers wondering whether his successors were up to the task of leading the country through the crisis. In the end, the LDP and coalition partner Kōmeitō eked out an electoral victory—but one that masks important changes in the party system and nuanced changes in voter behavior and preferences. This fourth volume in the *Japan Decides* series features a comprehensive collection of analyses from leading experts, covering the legacy of Abe's tenure in office, the state of the LDP and other parties, the impact of COVID-19 and the postponed 2020 Tokyo Summer Olympics, and many other important topics in contemporary party politics and domestic and foreign policy.

The Strategic Options of Middle Powers in the Asia-Pacific Chien-Wen Kou,Chiung-Chiu Huang,Brian Job,2022-06-23
This book analyses the responses of middle powers in the Asia-Pacific toward the contemporary great powers' rivalry of the United States and China, through specific cases studies of South Korea, Australia, Japan, India, Taiwan, and Vietnam. Presenting local perspectives from multiple middle powers as they face the task of maintaining the international order in light of the recent competition between China and the United States, it further develops theories of foreign policy analyses, forming a systematic framework through initiating crucial concepts, including reluctant hedging, economic statecraft, and strategic position-taking. The contributions also provide an in-depth examination of the contemporary geo-politics of the region, including the impact of both the Trump and Biden administrations, Beijing's "Wolf Warrior" diplomacy, cross-strait relations with Taiwan, and the influences of Japan, Vietnam, Australia and South Korea, revealing that regional middle powers do indeed exert influence on the direction of regional cooperation in the Asia-Pacific. Providing comprehensive studies of many regional powers in the Asia-Pacific, this will be a

valuable resource for scholars and students of International Politics, Asian Politics, Asian Studies as well as policy makers on Asia-Pacific relations.

Critical Readings on the Liberal Democratic Party in Japan Robert Pekkanen, 2018-10-02 The Brill Critical Readings on the Liberal Democratic Party of Japan collects seminal scholarship on the LDP including its structure and organization (e.g. factions, koenkai), historical development, policy-making, and leadership by Junichiro Koizumi and Shinzo Abe.

Political Handbook of the World 2015 Tom Lansford, 2015-03-24 The Political Handbook of the World provides timely, thorough, and accurate political information, with more in-depth coverage of current political controversies than any other reference guide. The updated 2015 edition will continue to be the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Compiling in one place more than 200 entries on countries and territories throughout the world, this volume is renowned for its extensive coverage of all major and minor political parties and groups in each political system. It also provides names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and UN agencies. And this annual update includes coverage of current events, issues, crises, and controversies from the course of this year.

Navigating Prosperity and Security in East Asia Shiro Armstrong, Tom Westland, Adam Triggs, 2023-05-18 The world's two largest economies, the United States and China, are locked in a trade war, complicating policy choices internationally. These choices are sharper for the countries of East and Southeast Asia than they are elsewhere, because the multilateral rules-based economic order on which East Asian economic integration and cooperation is built is under threat. Economic policy has never been separate from security considerations. For decades, the

national security risks inherent in economic exchange have been mitigated under a US-led system that allowed the strengthening of economic ties, including between China and the rest of the world. But economics and security are increasingly entangled in a way that is damaging to both, creating a dangerous trade-off. Now, as global uncertainties grow, the risks of international exchange—rather than its benefits—are beginning to dominate the calculus for some policymakers. Against this backdrop, how can Southeast Asian countries and US allies in Asia balance their security interests and their economic interests? And how can these countries, individually and collectively, broaden their policy options and deepen economic integration? This volume investigates the domestic and international dimensions of these questions.

Political Corruption and Scandals in Japan Matthew M. Carlson, Steven R. Reed, 2018-03-15 Combining history with comparative politics, Matthew M. Carlson and Steven R. Reed take on political corruption and scandals, and the reforms designed to counter them, in post-World War II Japan. *Political Corruption and Scandals in Japan* makes sense of the scandals that have plagued Japanese politics for more than half a century and attempts to show how reforms have evolved to counter the problems. What causes political corruption to become more or less serious over time? they ask. The authors examine major political corruption scandals beginning with the early postwar period until the present day as one way to make sense of how the nature of corruption changes over time. They also consider bureaucratic corruption and scandals, violations of electoral law, sex scandals, and campaign finance regulations and scandals. In the end, Carlson and Reed write, though Japanese politics still experiences periodic scandals, the political reforms of 1994 have significantly reduced the levels of political corruption. The basic message is that reform can reduce corruption. The causes and consequences of political corruption in Japan, they suggest, are much like those in other

consolidated democracies.

Japan Decides 2017 Robert J. Pekkanen, Steven R. Reed, Ethan Scheiner, Daniel M. Smith, 2018-05-30 This third volume in the Japan Decides series remains the premier venue for scholarly research on Japanese elections. Putting a spotlight on the 2017 general election, the contributors discuss the election results, party politics, coalition politics with Komeito, the cabinet, constitutional revision, new opposition parties, and Abenomics. Additionally, the volume looks at campaigning, public opinion, media, gender issues and representation, North Korea and security issues, inequality, immigration and cabinet scandals. With a topical focus and timely coverage of the latest dramatic changes in Japanese politics, the volume will appeal to researchers and policy experts alike, and will also make a welcome addition to courses on Japanese politics, comparative politics and electoral politics.

Political Handbook of the World 2016-2017 Tom Lansford, 2017-03-31 Published since 1928, the Political Handbook of the World provides timely, thorough, and accurate political information with more in-depth coverage of current political controversies and political parties than any other reference guide. The updated 2016-2017 Edition continues this legacy as the most authoritative source for finding complete facts and analysis on each country's governmental and political makeup. Political science and international relations scholars have revised this edition, and made understanding complex foreign affairs and political situations easy and accessible. With more than 200 entries on countries and territories throughout the world, housed in one place, these volumes are renowned for their extensive coverage of all major and minor political parties and groups in each political system. They also provide names of key ambassadors and international memberships of each country, plus detailed profiles of more than 30 intergovernmental organizations and United Nations agencies. This comprehensive update will

include coverage of current events, issues, crises, and controversies from the course of the last two years, including: The closely-watched U.S. presidential election The effect of the Brexit referendum and installment of a new British prime minister The extensive investigation and subsequent impeachment of Brazil's president The far-reaching impact of the "Panama Papers" scandal Changes in U.S.-Cuba diplomatic relations and the reopening of their embassies The unconstitutional declaration of Gambia as an Islamic State Sentiments about the migrant and refugee crisis across Europe and the influence on policy Also, the new "For Further Reference" feature included for every country entry directs readers to additional resources to continue their research.

The Presidentialization of Japanese Politics Masahiro Iwasaki, 2023-04-14 Are we seeing the presidentialization of politics in Japan? Certainly, many recent prime ministers have demonstrated powerful leadership, notably Junichiro Koizumi and Shinzo Abe. While the phenomenon of presidentialization has been much discussed for years, the Japanese case has not received much attention in the English language. Iwasaki analyses the state of Japanese politics using the established analytical framework of presidentialization – looking at leadership power resources, leadership autonomy, and the personalization of the electoral process – and assesses the factors that have been claimed to lead to similar changes in other countries. He argues that there are also unique variables that contribute to the presidentialization of Japanese politics. Most notably, the introduction of public subsidies to political parties and electoral reform in 1994. A valuable contribution to the global scholarship on presidentialization, which will be of particular interest to scholars of Japanese politics.

Energy Efficiency in Japan Agung Wicaksono, 2008 Based on presentations on Japan's energy efficiency and conservation at ISEAS Energy Forums. Since the 1970s, Japan, which depends almost wholly on imported energy supplies from abroad, has been conducting various efforts on energy conservation and

diversification of energy sources. As a result, Japan has achieved the lowest primary energy consumption per GDP in the world.

Discriminatory Clubs Christina L. Davis, 2023-07-18 The discriminatory logic at the heart of multilateralism Member selection is one of the defining elements of social organization, imposing categories on who we are and what we do. *Discriminatory Clubs* shows how international organizations are like social clubs, ones in which institutional rules and informal practices enable states to favor friends while excluding rivals. Where race or socioeconomic status may be a basis for discrimination by social clubs, geopolitical alignment determines who gets into the room to make the rules of global governance. Christina Davis brings together a wealth of data on membership provisions for more than three hundred organizations to reveal the prevalence of club-style selection on the world stage. States join organizations to deepen their association with a particular group of states—most often their allies—and for the gains from policy coordination. Even organizations that claim to be universal, to target narrow issues, or to cover geographic regions use club-style admission criteria. Davis demonstrates that when it comes to the most important decision of cooperation—who belongs to the club and who doesn't—geopolitical alignment can matter more than the merits or policies of potential members. With illuminating case studies ranging from nineteenth-century Japan to contemporary Palestine and Taiwan, *Discriminatory Clubs* sheds light on how, for global and regional organizations such as the WTO and the EU, alliance ties and shared foreign-policy positions form the basis of cooperation.

Misadventures of the Most Favored Nations Paul Blustein, 2009-09-22 As a linchpin of global capitalism, the World Trade Organization is both revered and reviled. In this book, financial journalist Paul Blustein tells the surprisingly entertaining and compelling story of how the WTO is sliding into dysfunctionality—which poses a new and grave menace to

globalization itself. In more than seven years of global talks the WTO has struggled and failed to resolve contentious differences between rich and developing nations. Now, with a worldwide recession underway, the WTO's failure is contributing to a rise in protectionism—a sign that the world may not be so flat after all. Misadventures of the Most Favored Nations recounts, in vivid detail, how the highstakes negotiations went awry. At risk, Blustein argues, is the fate of the system that for six decades has opened the global economy and kept it from splintering.

Megaregulation Contested Benedict Kingsbury, 2019-06-11 The Japan-led Trans-Pacific Partnership (CPTPPA) of 2018 is the most far-reaching 'megaregional' economic agreement in force, with several major countries beyond its eleven negotiating countries also interested. Still bearing the stamp of the original US involvement before the Trump-era reversal, TPP is the first instance of 'megaregulation': a demanding combination of inter-state economic ordering and national regulatory governance on a highly ambitious substantive and trans-regional scale. Its text and ambition have influenced other negotiations ranging from the Japan-EU Agreement (JEEPA) and the US-Mexico-Canada Agreement (USMCA) to the projected Pan-Asian Regional Comprehensive Economic Partnership (RCEP). This book provides an extensive analysis of TPP as a megaregulatory project for channelling and managing new pressures of globalization, and of core critical arguments made against economic megaregulation from standpoints of development, inequality, labour rights, environmental interests, corporate capture, and elite governance. Specialized chapters cover supply chains, digital economy, trade facilitation, intellectual property, currency levels, competition and state-owned enterprises, government procurement, investment, prescriptions for national regulation, and the TPP institutions. Country studies include detailed analyses of TPP-related politics and approaches in Japan, Mexico, Brazil, China, India, Indonesia, and Thailand. Contributors include leading practitioners and

scholars in law, economics, and political science. At a time when the WTO and other global-scale institutions are struggling with economic nationalism and geopolitics, and bilateral and regional agreements are pressed by public disagreement and incompatibility with digital and capital and value chain flows, the megaregional ambition of TPP is increasingly important as a precedent requiring the close scrutiny this book presents.

Innovation, Growth and Equity Organisation for Economic Co-operation and Development, 2007

Globalization and the Politics of Institutional Reform in Japan Motoshi Suzuki, 2016-03-25 Globalization and the Politics of Institutional Reform in Japan illuminates Japan's contemporary and historical struggle to adjust policy and the institutional architecture of government to an evolving global order. This focused and scholarly study identifies that key to this difficulty is a structural tendency towards central political command, which reduces the country's capacity to follow a more subtle allocation of authority that ensures political leadership remains robust and non-dictatorial. Thus, Motoshi Suzuki argues that it is essential for a globalizing state to incorporate opposition parties and transgovernmental networks into policy-making processes. Providing an in-depth analysis of the theories of institutional change, this book introduces readers to a wealth of perspectives and counterarguments concerning analysis of political decision-making and policy adjustment on both the national and international scale. Placing Japanese policy reform in the global context and relating policy reform to leadership's political strategies, the author gives a detailed chronological and analytical overview of Japan's challenging institutional, political and bureaucratic transformations since the Meiji Restoration of the late nineteenth century. Analysis of globalization and policy reform in a non-liberal state, and the relationship between politicians and bureaucrats from an international perspective is included. For those interested in historical and contemporary Japanese politics

from a theoretical perspective, particularly the implications of globalization and the politician-bureaucrat relationship, this is an indispensable resource.

As recognized, adventure as capably as experience very nearly lesson, amusement, as competently as conformity can be gotten by just checking out a ebook **Akira Amari** along with it is not directly done, you could receive even more almost this life, something like the world.

Akira Amari Introduction

Free PDF Books and Manuals for Download: Unlocking Knowledge at Your Fingertips In todays fast-paced digital age, obtaining valuable knowledge has become easier than ever. Thanks to the internet, a vast array of books and manuals are now available for free download in PDF format. Whether you are a student, professional, or simply an avid reader, this treasure trove of downloadable resources offers a wealth of

information, conveniently accessible anytime, anywhere. The advent of online libraries and platforms dedicated to sharing knowledge has revolutionized the way we consume information. No longer confined to physical libraries or bookstores, readers can now access an extensive collection of digital books and manuals with just a few clicks. These resources, available in PDF, Microsoft Word, and PowerPoint formats, cater to a wide range of interests, including literature, technology, science, history, and much more. One notable platform where you can explore and download free Akira Amari PDF books and manuals is the internets largest free library. Hosted online, this catalog compiles a vast assortment of documents, making it a veritable goldmine of knowledge. With its easy-to-use website interface and customizable PDF generator, this platform offers a user-friendly experience, allowing individuals to effortlessly navigate and access the information they seek. The

availability of free PDF books and manuals on this platform demonstrates its commitment to democratizing education and empowering individuals with the tools needed to succeed in their chosen fields. It allows anyone, regardless of their background or financial limitations, to expand their horizons and gain insights from experts in various disciplines. One of the most significant advantages of downloading PDF books and manuals lies in their portability. Unlike physical copies, digital books can be stored and carried on a single device, such as a tablet or smartphone, saving valuable space and weight. This convenience makes it possible for readers to have their entire library at their fingertips, whether they are commuting, traveling, or simply enjoying a lazy afternoon at home. Additionally, digital files are easily searchable, enabling readers to locate specific information within seconds. With a few keystrokes, users can search for keywords, topics, or phrases, making

research and finding relevant information a breeze. This efficiency saves time and effort, streamlining the learning process and allowing individuals to focus on extracting the information they need. Furthermore, the availability of free PDF books and manuals fosters a culture of continuous learning. By removing financial barriers, more people can access educational resources and pursue lifelong learning, contributing to personal growth and professional development. This democratization of knowledge promotes intellectual curiosity and empowers individuals to become lifelong learners, promoting progress and innovation in various fields. It is worth noting that while accessing free Akira Amari PDF books and manuals is convenient and cost-effective, it is vital to respect copyright laws and intellectual property rights. Platforms offering free downloads often operate within legal boundaries, ensuring that the materials they provide are

either in the public domain or authorized for distribution. By adhering to copyright laws, users can enjoy the benefits of free access to knowledge while supporting the authors and publishers who make these resources available. In conclusion, the availability of Akira Amari free PDF books and manuals for download has revolutionized the way we access and consume knowledge. With just a few clicks, individuals can explore a vast collection of resources across different disciplines, all free of charge. This accessibility empowers individuals to become lifelong learners, contributing to personal growth, professional development, and the advancement of society as a whole. So why not unlock a world of knowledge today? Start exploring the vast sea of free PDF books and manuals waiting to be discovered right at your fingertips.

FAQs About Akira Amari

Books

How do I know which eBook platform is the best for me? Finding the best eBook platform depends on your reading preferences and device compatibility. Research different platforms, read user reviews, and explore their features before making a choice. Are free eBooks of good quality? Yes, many reputable platforms offer high-quality free eBooks, including classics and public domain works. However, make sure to verify the source to ensure the eBook credibility. Can I read eBooks without an eReader? Absolutely! Most eBook platforms offer web-based readers or mobile apps that allow you to read eBooks on your computer, tablet, or smartphone. How do I avoid digital eye strain while reading eBooks? To prevent digital eye strain, take regular breaks, adjust the font size and background color, and ensure proper lighting while reading eBooks. What the advantage of interactive eBooks? Interactive eBooks incorporate multimedia

elements, quizzes, and activities, enhancing the reader engagement and providing a more immersive learning experience. Akira Amari is one of the best book in our library for free trial. We provide copy of Akira Amari in digital format, so the resources that you find are reliable. There are also many Ebooks of related with Akira Amari. Where to download Akira Amari online for free? Are you looking for Akira Amari PDF? This is definitely going to save you time and cash in something you should think about.
