Internet Children's Television Series,

1997-2015 Vincent Terrace, 2016-12-16 Created around the world and available only on the web, internet "television" series are independently produced, mostly low budget shows that often feature talented but unknown performers. Typically financed through crowd-funding, they are filmed with borrowed equipment and volunteer casts and crews, and viewers find them through word of mouth or by chance. The fifth in a series focusing on the largely undocumented world of internet TV, this book covers 573 children's series created for viewers 3 to 14. The genre includes a broad range of cartoons, CGI, live-action comedies and puppetry. Alphabetical entries provide websites, dates, casts, credits, episode lists and storylines.

Hatsune Miku Presents: Hatsune Miku's Everyday Vocaloid Paradise Vol. 1 Ontama, 2019-08-01 The first fan creation to receive official recognition within the Vocaloid world, Hatsune Miku is the small and spirited spin-off character of the famous Hatsune Miku. Akita, Treasure of Japan Barbara Bouyet,

Hachiko Julie Chrystyn, 2009-11-01 In 1924, Hachiko was brought to Tokyo by his owner, Hidesaburo Ueno, a professor in the agriculture department at the University of Tokyo. During his owner's life, Hachiko saw him off from the front door and greeted him at the end of the day at the nearby Shibuya Station. The pair continued their daily routine until May 1925, when Professor Ueno didn't return on the usual train one evening. The professor had suffered a stroke at the university that day. He died and never returned to the train station where his friend was waiting.

Hachiko was given away after his master's death, but he routinely escaped, showing up again and again at his old home. After time, Hachiko realized that Professor Ueno no longer lived at the house. So he went to look for his master at the train station where he had accompanied him so many times before. Each day, Hachiko waited for Professor Ueno to return. And each day, he didn't see his friend among the commuters at the station. Hachiko became a permanent fixture at the train station, which eventually attracted the attention of commuters. Many of the people who frequented the Shibuya train station had seen Hachiko and Professor Ueno together. Realizing that Hachiko waited in vigil for his dead master, their hearts were touched. They brought Hachiko treats and food to nourish him during his wait. This continued for 10 years, with Hachiko appearing precisely when the train was due at the station. Hachiko: The Story of the Royal Dogs of Japan and One Faithful Akita is Hachiko's story, as well as an informative look at dog culture in Japan and the history and tradition of the Akita-ken, one of the most ancient, beloved, and faithful dog breeds.

Dinge und Raum in der qualitativen Bildungs- und Biographieforschung Anja Tervooren, Robert Kreitz, 2017-12-04 Dinge und Raum stehen zunehmend im Mittelpunkt qualitativer Bildungs- und Biographieforschung. Anknüpfend an die erziehungswissenschaftliche Diskussion um den Bildungsbegriff, diskutieren die Beiträge die Frage, welche neuen Perspektiven sich für die qualitative Bildungs- und Biographieforschung aus der Untersuchung der Beziehung zwischen Subjekten und den Dingen und Räumen der Bildung ergeben.

Dog Man Martha Sherrill, 2008-02-28 Dog Man: An Uncommon Life on a Faraway Mountain is a stunning portrait of the Japanese rebel who single-handedly rescued

the 4,000-year-old Akita dog breed. At the end of World War II, there were only 16 Akita dogs left in Japan. Morie Sawataishi became obsessed with preventing the extinction of the 4,000-year-old Japanese dog breed. He defied convention, broke the law, gave up a prestigious job, and chose instead to take his urbanite wife to Japan's forbidding snow country to start a family, and devote himself entirely to saving the Akita. Martha Sherrill blends archival research, on-site reportage, and her talent for narrative to reveal Sawataishi's world, providing a profound look at what it takes to be an individual in a culture where rebels are rare, while expertly portraying a side of Japan that is rarely seen by outsiders.

I Am Zeus G. S. Bains, 2015-01-03 The mysterious Japanese Akita Dog is renowned for its confidence, loyalty, strength, awareness, affection and its supreme courage to never take a backwards step regardless of the situation. They can be volatile and difficult to train, but the secret of the breed lies within the understanding that comes with that unbreakable alliance. The Japanese Akita is no ordinary breed of dog as many have found... It is said that we are rarely graced by that unique spirit that somehow finds us. If we are lucky enough to come across it, the overwhelming presence never fades. Only once in a generation does it pass through and when it finally leaves, only the heartache remains behind. This book is about the irreplaceable friendship that existed between Zeus and I. From the small adorable puppy to the dominant full grown male, never before had such an amazing animal captured my heart so completely. As all owners understand only too well, there will come that sad day where we must bid a

tearful farewell to our beloved. My heart has remained broken since the day he left, but what if that is not the end? Sometimes death does not mean goodbye... Originally this book was only for my children, so that in years to come they would understand why we have a huge canvas hanging on the living room wall of Zeus. But after some careful consideration, this book was written to be so much more. Every single penny made shall be donated to the Japanese Akita Welfare Trust (UK). A non-profit organisation that works to help as many Japanese Akita's as possible, providing help and assistance, as well as housing for those that do not have a home of their own. In the memory of our Zeus, we aim to help as many other of his kind as possible. GS Bains. The foreword for this book was kindly written by Donna Haley (JAWT)

Japanese Dogs Michiko Chiba, Yiuchi Tanabe, Takashi Tojo, Tsutomu Muraoka, 2003 This is an illustrated guide to the ten breeds of dogs developed on the Japanese mainland. Images of champion dogs within each breed are included, along with breed history and development and the work of Japanese societies dedicated to various breeds.

Hachi and Friends Anastasia Omeron, 2021-03-23 If you happen to be passing through Shibuya Railway Station, in the chaotic heart of Tokyo, you are certain to come across a small bronze statue of a dog. This is Hachi-kò, the Loyal Akita Inu of Japan, who waited faithfully at that exact spot for almost ten years in the hope of his master's return. Shibuya Station is a focal point in this delightful tale combining fact and fiction, and every afternoon our hero unfailingly meets the incoming three o'clock train, seeking the one familiar face which means so much to him-that of Master Ueno. A mysterious kidnapping sets Hachi and friends on a trail that twists and turns through the Tokyo of the 1920s, and Hachi comes face to face with his worst

fear. Will he overcome it to win the day? You'll meet some of Hachi's many human and animal friends, including Maro, the vagabond mixed breed who is proud to live as a street dog, Goro, who was abandoned as a puppy outside the police station and now acts as police dog, and Debbie, Hachi's special fox terrier friend who lives next door. This illustrated story for ages 9 and up is dedicated to Hachi, beloved the world over. This second edition features all new, full color illustrations by Akitas Comics.

Hachi-Ko Shizuko Koster, 2007-01 Hachi-Ko, the samurai dog of Japan, became a celebrity in Tokyo during the turbulent 1930s. He was honored by a statue and a special celebration with thousands of guests even while he was living as a wild street dog in a drainpipe. Once the cherished pet of Professor Eizaburo Ueno, Hachi-Ko won fame among young and old for his undying loyalty to the memory of his master. He returned like clockwork to meet the commuter train at Shibuya Train Station at the same time every day for seven years, despite battles with delinquents, dogcatchers, and vicious strays who threatened him and his friends. Faithful to his death, Hachi-Ko is famous even today as the Akita samurai dog of Japan. Shizuko O. Koster, author of the award-winning non-fiction story *The Day Mother Sold the Family Swords*, ventures back to her mother's generation to tell the whole story of Tokyo's four-legged hero: Hachi-Ko.

The Grammar of Japanese Mimetics Noriko Iwasaki, Peter Sells, Kimi Akita, 2016-12-01 Mimetic words, also known as 'sound-symbolic words', 'ideophones' or more popularly as 'onomatopoeia', constitute an important subset of the Japanese lexicon; we find them as well in the

lexicons of other Asian languages and sub-Saharan African languages. Mimetics play a central role in Japanese grammar and feature in children's early utterances. However, this class of words is not considered as important in English and other European languages. This book aims to bridge the gap between the extensive research on Japanese mimetics and its availability to an international audience, and also to provide a better understanding of grammatical and structural aspects of sound-symbolic words from a Japanese perspective. Through the accounts of mimetics from the perspectives of morpho-syntax, semantics, language development and translation of mimetic words, linguists and students alike would find this book particularly valuable.

The Cambridge Handbook of Japanese Linguistics

Yoko Hasegawa, 2018-04-19 The linguistic study of Japanese, with its rich syntactic and phonological structure, complex writing system, and diverse sociohistorical context, is a rapidly growing research area. This book, designed to serve as a concise reference for researchers interested in the Japanese language and in typological studies of language in general, explores diverse characteristics of Japanese that are particularly intriguing when compared with English and other European languages. It pays equal attention to the theoretical aspects and empirical phenomena from theory-neutral perspectives, and presents necessary theoretical terms in clear and easy language. It consists of five thematic parts including sound system and lexicon, grammatical foundation and constructions, and pragmatics/sociolinguistics topics, with chapters that survey critical discussions arising in Japanese linguistics. The Cambridge Handbook of Japanese Linguistics will be welcomed by general linguists, and students and scholars working in linguistic typology, Japanese language, Japanese linguistics and Asian Studies.

Traditional Folk Song in Modern Japan David W.

Hughes,2008-01-31 The Japanese say that 'folk song is the heart's home town'. Traditional folk songs (min'yo) from the countryside are strongly linked to their places of origin and continue to play a role there. Today, however, they are also taught as a quasi-art music, arranged for stage and television, quoted in Westernized popular songs and so forth.

Empire of Dogs Aaron Herald Skabelund,2011 In 1924, Professor Ueno Eizaburo of Tokyo Imperial University adopted an Akita puppy he named Hachiko. Each evening Hachiko greeted Ueno on his return to Shibuya Station. In May 1925 Ueno died while giving a lecture. Every day for over nine years the Akita waited at Shibuya Station, eventually becoming nationally and even internationally famous for his purported loyalty. A year before his death in 1935, the city of Tokyo erected a statue of Hachiko outside the station. The story of Hachiko reveals much about the place of dogs in Japan's cultural imagination. In the groundbreaking Empire of Dogs, Aaron Herald Skabelund examines the history and cultural significance of dogs in nineteenth- and twentieth-century Japan, beginning with the arrival of Western dog breeds and new modes of dog keeping, which spread throughout the world with Western imperialism. He highlights how dogs joined with humans to create the modern imperial world and how, in turn, imperialism shaped dogs' bodies and their relationship with humans through its impact on dog-breeding and dog-keeping practices that pervade much of the world today. In a book that is both enlightening and entertaining, Skabelund focuses on actual and metaphorical dogs in a variety of contexts: the rhetorical pairing of the Western colonial dog with native canines; subsequent campaigns against indigenous canines in the imperial realm; the creation, maintenance, and in some cases restoration of

Japanese dog breeds, including the Shiba Inu; the mobilization of military dogs, both real and fictional; and the emergence of Japan as a pet superpower in the second half of the twentieth century. Through this provocative account, Skabelund demonstrates how animals generally and canines specifically have contributed to the creation of our shared history, and how certain dogs have subtly influenced how that history is told. Generously illustrated with both color and black-and-white images, *Empire of Dogs* shows that human-canine relations often expose how people--especially those with power and wealth--use animals to define, regulate, and enforce political and social boundaries between themselves and other humans, especially in imperial contexts.
