Alakazam! Alakazoo! Francis Baker,2002-08-01 One can never be too young to embrace the power of Positive Thinking. It is with this philosophy that I wrote *Alakazam! Alakazoo!* a picture book for beginning readers. *Alakazam! Alakazoo!* takes its young audience on a delightfully imaginative journey expressing the small yet vivid hopes, fears and joys of childhood. The tale of Billy and Jane and the game they play is charmingly simple, yet out of its very simplicity, an invaluable and empowering lesson emerges. *Alakazam! Alakazoo!* nurtures in our youngest generation, a can do spirit at the most critical stage of learning - the very beginning. The combination of words, brilliant colors and whimsical design both inspire the mind and delight the senses. The innovative style combining realistic and playful elements of childhood has sparked great interest and fascination amongst my primary audience. Every day, I receive flattering feedback from those who have bought, read and enjoyed my book. To date, over 1,000 copies have been sold! As a result of this success, I am appealing to children's book reviewers and larger publishing companies to help me expand the marketing scope of *Alakazam! Alakazoo!* I believe it is an important book for all youngsters to treasure. Although *Alakazam! Alakazoo!* is my first attempt at children's book writing, I am currently working on another children's book promoting self-esteem. Enclosed is a copy of *Alakazam! Alakazoo!* for your perusal and enjoyment. I would greatly appreciate your opinion and any feedback you may offer.

The Animated Movie Guide Jerry Beck, 2005-10-28 Going beyond the box-office hits of Disney and Dreamworks, this guide to every animated movie ever released in the United States covers more than

300 films over the course of nearly 80 years of film history. Well-known films such as Finding Nemo and Shrek are profiled and hundreds of other films, many of them rarely discussed, are analyzed, compared, and catalogued. The origin of the genre and what it takes to make a great animated feature are discussed, and the influence of Japanese animation, computer graphics, and stop-motion puppet techniques are brought into perspective. Every film analysis includes reviews, four-star ratings, background information, plot synopses, accurate running times, consumer tips, and MPAA ratings. Brief guides to made-for-TV movies, direct-to-video releases, foreign films that were never theatrically released in the U.S., and live-action films with significant animation round out the volume.
