## **Return to Aldebaran – Episode 1**

Leo,2019-11-21T00:00:00+01:00 After the events on Antares, the first official contact between Humans and the Tsalterian civilisation can take place on Aldebaran. Limited in scope, it is to involve only two groups of scientists studying a mysterious structure of unknown origin – all under the aegis of Kim, the only ambassador the aliens are willing to accept. A situation that's not to everyone's taste on the Human side ... But as things threaten to take a wrong turn, Marie, one of the survivors brought to Aldebaran by Sven the Tsalterian, suddenly intervenes .....

## **Return to Aldebaran - Episode 3**

Leo,2021-09-20T01:59:00+02:00 The mysterious cube on Aldebaran was destroyed by a terrorist, along with the quantum gate that allowed passage to a new world – stranding Kim and her team on the other side. At least, they did manage to find – and befriend - the intruder who'd kidnapped Marie. Meeting his people,

Kim discovers that the planet has recently begun being plagued by strange phenomena. What is the young woman going to find out – and what sort of impact will it have on Humanity's future?

*Return to Aldebaran - Volume 2*

Leo,2020-11-20T00:00:00+01:00 Kim's team has travelled through the quantum gate inside the mysterious cube, and begun exploring the planet on the other side, but soon the expedition loses a member: Marie vanishes, abducted by an unknown human. Her teammates will do anything in their power to find her, but they lack resources, and Kim returns to Aldebaran to obtain some.

Unfortunately, the political situation on her home planet is quickly deteriorating, and the terrorists are still bent on harming her and her work.

**Aldebaran** Jean-Claude Izzo,2015-11-11 Im Hafen von Marseille steht die Zeit still. Die Aldebaran liegt fest, der Reeder ist Konkurs gegangen. An Bord drei Männer. Sie leisten Widerstand, wollen sich nicht damit abfinden, den Frachter zu verlassen. Wohin sollen sie auch gehen? Während sie ohne wirkliche Hoffnung darauf warten, wieder auslaufen zu können, beginnen sie zu reden, diese Seemänner, die sich ans Schweigen gewöhnt haben. Sie reden um ihr Leben, erzählen sich ihre Vergangenheit,

Geschichten von Frauen, die auf sie warten oder die sie verloren haben, von Kindern, die sie nicht haben aufwachsen sehen, von Ländern, die sie nicht vergessen können. Um sie herum Marseille, Stadt des Exils, Schmelztiegel. In dieser Stadt voller Erinnerungen suchen die drei Männer ihre Zukunft.

### **Aldebaran – Volume 3 – The Creature**

Leo,2013-01-21T00:00:00+01:00 The Creature: Mark and Kim, who have lost the rest of the group, are left with the wounded Ling-Li. Luckily, Alexa quickly meets up with them, and they're on their way to the sea again. But when the Governor and Father Loomis catch up with them, they take them straight to the mantris. The Betelgeuse Planet: The second cycle takes the theme of the colonisation of space further than most sci-fi comics by looking at its ecological aspect. Leilah Nakad studies the Lums, cute animals living on the planet Betelgeuse. Seven years earlier, she led a 3000-strong group who were to settle on Betelgeuse. But the spaceship is still flying around, lost in space. Driss and Alexa investigate. This two-volume book includes "The Betelgeuse Planet."

The Legacy of Aldebaran Polly Steward,2007-06-01 As the borders of science are pressed ever-deeper into the Universe

about us and new planets are discovered by the dozen, might it be inevitable that the human race will someday encounter other intelligent, curious, and driven civilizations among the stars? The passengers of Miami-bound Flight 117 are already certain of the existence of other sentient races, because they have been taken from mid-air by one such mysterious species and introduced to the overwhelming abundance of alien intelligence...and the mad plans of one such civilization that threaten every living soul on the Earth. Seven ordinary men and women are chosen to represent their world in the coming conflict, and their weapons are their natural human abilities heightened to the ultimate degree. But first they'll have to save their own lives from exile on a savage planet designed for the amusement of their alien captors.

**Walking to Aldebaran** Adrian Tchaikovsky, 2019-05-28 I'M LOST. I'M SCARED. AND THERE'S SOMETHING HORRIBLE IN HERE. My name is Gary Rendell. I'm an astronaut. When they asked me as a kid what I wanted to be when I grew up, I said, "astronaut, please!" I dreamed astronaut, I worked astronaut, I studied astronaut. I got lucky; when a probe exploring the Oort Cloud found a strange alien rock and an international team of scientists was put together to go and look at it, I made the draw. I

got even luckier. When disaster hit and our team was split up, scattered through the endless cold tunnels, I somehow survived. Now I'm lost, and alone, and scared, and there's something horrible in here. Lucky me. Lucky, lucky, lucky. A new standalone novella by the Arthur C Clarke Award-winning author of Children of Time.

ALDEBARAN VRIL: 1917 Extraterrestrials Messages to Maria Orsic and the Birth of the First German-Made UFO. REVISED AND EXPANDED EDITION. 345 pages. A publication of TIMES SQUARE PRESS(R). New York. The UFO phenomenon and saga, the first contacts with aliens from extraordinarily advanced civilizations beyond our solar system, and extraterrestrials' messages, all started with an occult-metaphysical-mysticism-psychical movement created by Maria Orsic, a medium and founder of the Vrilerinnen (The Vril Society), and based upon messages she claimed she has received from extraterrestrials from Aldebaran (Alpha Tauri), which contained technical data and precise instructions on how to build a super Out of this World flying machine (UFO). The extraterrestrials Aryan from Aldebaran told Maria that they were here before, thousands of years ago. And people took them for gods
